- 1.2 The RFP concerns the City’s interest in procuring a consultant (“Consultant”) to support City Staff in public engagement, conduct a Public Space and Public Life Study (“PSPLS”) and provide strategic recommendations for the Downtown Places and Spaces Strategy (“DPSS”) Details of the City’s objectives and requirements to which the RFP relates are set out in Part B of the RFP. The City welcomes proposals that are responsive to this RFP (“Proposals”) respecting innovative or novel approaches to the City’s objectives and requirements.

The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of a contract between the Proponent and the City (such a contract, an “Agreement”). However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.
- 1.4 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City’s sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8 below, among others.
- 1.5 **NO BID SECURITY IS REQUIRED FROM PROPONENTS IN CONNECTION WITH THE SUBMISSION OF PROPOSALS BECAUSE NO PROPOSAL WILL BE DEEMED TO BE AN IRREVOCABLE OR OTHERWISE BINDING LEGAL OFFER BY A PROPONENT TO THE CITY. THE LEGAL OBLIGATIONS OF A PROPONENT THAT WILL ARISE UPON THE SUBMISSION OF ITS PROPOSAL WILL BE LIMITED TO THE TERMS AND CONDITIONS STATED UNDER THE HEADING “LEGAL TERMS & CONDITIONS” IN APPENDIX 1 TO THE FORM OF PROPOSAL.**
- 1.6 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.

PART B - CITY REQUIREMENTS

PART B - CITY REQUIREMENTS

The requirements stated in this Part B (collectively, the “Requirements”) are current as of the date hereof, but they may change or be refined in the course of the evaluation of Proposals or otherwise.

1.0 INTRODUCTION

1.1 The purpose of this consultancy is to support City Staff in public engagement, conduct a Public Space and Public Life Study (“PSPLS”), and provide strategic recommendations for the *Downtown Places and Spaces Strategy* (“DPSS”). This will include:

- supporting City Staff in engaging the public and key stakeholder groups in assessing the quality of selected public spaces and determining public space needs and aspirations;
- observing and documenting public life to understand people’s behavior in public spaces – how they experience and use the space (e.g. pass through or linger) and how they interact with each other within a space, at different times of day, on different days of the week, and during different seasons;
- recommending improvements to selected public spaces in the short- to medium-term, while also informing the “big moves” for transformation of Vancouver’s downtown public space network;
- recommending how public life can be fostered in downtown Vancouver through partnerships and strategic investments in public spaces; and
- establishing a set of evaluation criteria, collection methodologies and metrics for public life and public space, with initial baseline data and a management structure, to enable the City to periodically measure the effectiveness of investments in downtown public spaces, while benchmarking Vancouver with other world cities

2.0 BACKGROUND

2.1 Downtown Places and Spaces Strategy

Downtown Vancouver is unique because of its diversity of communities and the broad spectrum of public spaces on public and private lands and perimeter, outward facing, scenic public spaces along its edges (e.g. seawall and beaches). However, there is no comprehensive strategy that provides guidance on the planning and delivery of connected downtown public spaces. The DPSS will provide a strategic framework to shape a vibrant public space network and coordinate public space delivery in the downtown.

REQUEST FOR PROPOSALS NO. PS20170882
CONSULTANT SERVICES FOR THE DOWNTOWN PLACES AND SPACES STRATEGY
PART B - CITY REQUIREMENTS

As the first phase of a public space strategy for the broader City Core area, the DPSS will include the Central Business District, Coal Harbour, West End, Downtown South, Yaletown, False Creek North and Northeast False Creek (see Figure 1).

The DPSS has the following scope:

- Opportunities for public space in street right-of-way, including plazas, sidewalks, parking spaces and laneways;
- Opportunities for public space on City-owned or other public lands; and
- Recommendations for privately-owned public spaces (“POPS”) such as office plazas and building setback are as, as these provide a significant contribution to provision of open space in the downtown.

Park Board staff are currently preparing a *Parks and Recreation Master Plan*. The DPSS will be a complementary initiative with this plan, which focuses on parks.

The eighteen (18) month DPSS work program will be led and managed by City Staff and will be completed in four phases, from April 2017 to September 2018. The consultancy will be carried out over the course of nine (9) months from July 2017 to March 2018, as part of the DPSS work program.

2.2 *Study Area and Scope*

The study area for this consultancy includes all of downtown Vancouver, as shown in the heavy outline in Figure 1 below. The consultancy will focus on the types of public spaces within the scope of the DPSS.

REQUEST FOR PROPOSALS NO. PS20170882
CONSULTANT SERVICES FOR THE DOWNTOWN PLACES AND SPACES STRATEGY
PART B - CITY REQUIREMENTS

Figure 1: Downtown Places and Spaces Strategy Study Area.

Recognizing the diversity of the downtown and the recent/underway area plans and other initiatives in certain neighborhoods, the level and approach to public engagement, public space issues and opportunities, and the types of spaces to study, will vary across the downtown study area. These considerations will be reviewed and confirmed with City Staff in Phase 1.

2.3 *Public Space and Public Life Study*

Public spaces are about people - how they move, linger, behave, interact and engage with their surroundings and each other. Given the finite land resources in the downtown, the City needs to leverage existing public space assets and recognize the significant interplay between the 'quantity' of space and the 'quality' and 'variety' of space. This is an opportunity to understand how people use and move through public spaces, along with future needs and aspirations. A better understanding of how "public life" unfolds within the downtown will help create a high-quality public space network to accommodate future growth. By examining what currently exists and identifying significant gaps in public space in the downtown, the City can identify

REQUEST FOR PROPOSALS NO. PS20170882

PART B - CITY REQUIREMENTS

strategies and priorities for needed investments that are informed by community engagement and evaluation.

The PSPLS will provide an analysis of the existing public life, and the quality of the public space infrastructure in the downtown based on a tested methodology and performance indicators. The study will be conducted in the summer and winter to capture the seasonal qualities of the public spaces and the behavioral changes at these two distinct times of year. The PSPLS will focus on a variety of public spaces throughout the downtown, and will help inform strategic recommendations for the DPSS.

2.4 *Benefits*

Effective public space policy and programs, including recommendations for investments in public space, should be based on evidence and experience. The PSPLS will help City Staff and the community to better understand Vancouver's "public life", and the analysis will inform strategic recommendations for the DPSS. This will help achieve the strategy's objective of fostering exceptional, vibrant and memorable public spaces, places and experiences in the downtown.

The PSPLS will build on existing collaborations, strengthen community partnerships, and engage a diversity of public space users in the downtown. The study will also generate broader civic interest in public space, raising its profile as an important aspect of livability, quality of life, economic vitality, cultural significance and the overall downtown experience.

City Staff anticipate that the analysis and strategic recommendations from the PSPLS will be applicable to other areas of the City, including public space strategies for the broader City Core area.

4.0 SCOPE OF WORK

The Work will be carried out over the course of nine (9) months, as part of the DPSS work program. The City anticipates the Work will be completed in the following four (4) phases:

4.1 Phase 1: Research and PSPLS Preparation (July to August 2017)

Phase 1 includes the inception phase of the consultancy. In this phase, the Consultant will conduct background research, finalize the work program, and prepare a methodology and strategy for carrying out the PSPLS.

a) Background Research and Work Program:

The Consultant will conduct background research and finalize the work program and schedule for the consultancy.

Tasks:

- Attend a kick-off meeting with the City Staff team to:
 - receive a briefing on the DPSS project;
 - review the overall objectives and schedule for the consultancy;
 - discuss data and documentation needs;
 - gain an understanding of expectations on project management; scope, budget, communication, quality control, and invoicing protocols and procedures; and
 - handle contracting matters.
- Assemble and review existing and historical sources of public life data, e.g. pedestrian and bike counts, transit ridership, behavioral mapping and intercept surveys ;
- Review the Downtown People and Public Space Backgrounder prepared by City Staff;
- Review recent/underway downtown area plans and Parks and Recreation Master Plan (VanPlay) documents;

REQUEST FOR PROPOSALS NO. PS20170882
CONSULTANT SERVICES FOR THE DOWNTOWN PLACES AND SPACES STRATEGY
PART B - CITY REQUIREMENTS

- Review land use, zoning, character area and built form maps and documents;
- Review major development and rezoning proposals underway or anticipated;
- Review other planned or proposed public space capital and transportation improvement projects;
- Identify any gaps in data or missing information;

- Finalize the work program and schedule for the consultancy.

Deliverables:

- Work Program Report outlining the approach, phasing, schedule and division of responsibilities for each phase and task (i.e. Consultants vs City Staff).

b) Public Life Study Preparation:

The Consultant will prepare a methodology and strategy for carrying out the Public Life Study, including an approach to selecting the focus areas, data collection and management structure, evaluation criteria and data analysis.

The Consultant will recommend an approach that incorporates behavioral mapping of public life, public engagement in assessing the quality of public spaces, and analyzing/recommending public space improvements in the chosen focus areas. The Public Life Study will focus on a variety of public spaces throughout the downtown (plazas, open spaces, streets and/or other areas - the "focus areas").

For the behavioral mapping component, the Consultant will propose an approach to observing, and then analyzing and summarizing patterns of how public spaces are used and by whom in downtown Vancouver. For the public engagement component, the Consultant will engage the public in assessing the quality of public spaces and their effectiveness in fostering public life. This may take the form of intercept surveys of pedestrians to gauge level of satisfaction with the public space, seek ideas on and priorities for improvement, and determine the purpose of their visit to the place.

The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for such WorkSafeBC coverage against any monies owing by the City to the Consultant. For greater certainty, any information provided by the City to the Consultant, whether under the RFP or under this Agreement, including any studies, reports, plans, drawings, or specifications, is provided to the Consultant for information purposes only and may not be relied upon by the Consultant.

11.0 COMMUNICATION BETWEEN CONSULTANT AND CITY

- 11.1 The City appoints [insert name] [email address] as the City's Project Manager for the purposes of this Agreement.

In the event of the revocation in writing of [insert name]'s appointment as the City's Project Manager by the City, [insert name] will have no further authority under this Agreement, except as may be specifically designated in writing by the City and agreed to in writing by [insert name], and all references to the City's Project Manager in this

Agreement will thereafter be deemed to be a reference to the City or to such other person designated in writing by the City to the Consultant.

The City's Project Manager may from time to time delegate to a representative the performance of or the authority to perform the duties, responsibilities, rights and obligations of the City in respect of which the City's Project Manager has been designated and appointed its sole and exclusive agent.

11.2 The Consultant appoints [insert name] [email address] as its representative for the purposes of this Agreement (the "Consultant's Project Manager").

11.3 Unless otherwise agreed to in writing by the Parties, all material communication between the Consultant and the City regarding this Agreement, including performance of the Services, will be between the City's Project Manager and the Consultant's Project Manager.

12.0 TERM OF AGREEMENT

12.1 This Agreement will commence on the Effective Date and will expire on the completion of the Services, which Services must be completed by [insert date] (the "Term").

13.0 TERMINATION

13.1 The City at any time, in its sole judgment, may, whether or not cause exists, terminate the services of the Consultant in whole or in part by giving ten days' prior written notice to the Consultant. If termination is not for cause, the Consultant will be paid for all Services properly performed to the date of the delivery of the said notice (subject to the terms of this Agreement) plus all necessary and reasonable wind-up costs incurred, if any, in closing out the Services or the part terminated.

13.2 Despite Section 13.1, in no event and under no circumstances will the Consultant's "necessary and reasonable wind-up costs incurred" pursuant to Section 13.1 exceed \$1,000.00 (including all taxes).

14.0 ASSIGNMENT

14.1 The Consultant will not assign this Agreement in whole or in part except with the prior written consent of the City, which consent will not be unreasonably withheld, delayed or conditioned. Any attempt to assign this Agreement without such consent will be void and of no effect. However, the Consultant will be permitted to assign this Agreement to any entity into, by or with which the business or assets of the Consultant have been merged, acquired, consolidated or re-organized, or any entity which purchases all or substantially all of the business or assets of the Consultant, provided always that the Consultant first provides the City with:

- (a) reasonable particulars of the transaction (permitting the City to independently verify the nature of the transaction); and
- (b) a legally enforceable covenant from the new entity confirming that it is legally bound to the City to perform this Agreement.

15.0 CONFIDENTIALITY

- 15.1 In the course of or for the purpose of performing the Services, the Consultant will obtain or have access to information, including but not limited to technical information, financial information and business information, which is confidential to the City, and is the exclusive, world-wide property of the City and/or its suppliers and customers (collectively "Confidential Information"). Excluded from the definition of Confidential Information is:
- (a) information which is in, or becomes part of, the public domain, not due to the Consultant's breach of this Agreement or the Consultant's actions;
 - (b) information which was previously in the Consultant's possession and did not originate from the City; and
 - (c) information which lawfully becomes available to the Consultant from a third party not under an obligation of confidence to the City regarding such information.
- 15.2 The Consultant will not use or reproduce the Confidential Information other than as reasonably required for the performance of the Services under this Agreement. The Consultant will not, without the prior written consent of the City given on such terms and conditions as it prescribes in its sole discretion, disclose or allow access to the Confidential Information to any person, except to only those of its own employees who have a need to know the Confidential Information solely for the provision of the Services, and who have been advised of its confidential nature and have agreed to be bound by the confidentiality and use-restriction provisions in this Section 15.0. The Consultant will take all reasonable precautions against the Confidential Information being used by or disclosed to any unauthorized person.
- 15.3 If the Consultant is required by any law, legal proceeding, or court or government order, to disclose any Confidential Information, the Consultant shall limit its disclosure of such Confidential Information to the extent and purpose legally required, provided that prior to any disclosure the Consultant will promptly notify the City in writing of the existence and the terms, and conditions of the required disclosure and, at the City's request and expense, co-operate in obtaining a protective order or other assurance that confidential treatment and restrictions on use will be accorded such Confidential Information.
- 15.4 The City is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City's contractors to protect all personal information acquired from the City in the course of providing services to the City. The Consultant confirms and acknowledges its obligations to comply with all obligations imposed on it pursuant to the *Freedom of Information and Protection of Privacy Act* (British Columbia) with respect to all personal information received from the City whether as part of the Confidential Information or otherwise.
- 15.5 The Consultant acknowledges that in the event of a breach by the Consultant or any of its employees of their respective confidentiality obligations pursuant to this Section 15.0, damages alone would not be an adequate remedy. The Consultant therefore agrees with the City that, in addition to and without limiting any other right or remedy

it may have, the City will have the right to an immediate injunction or other available equitable relief in any court of competent jurisdiction enjoining any threatened or actual breach of such obligations.

15.6 The Consultant shall return all copies of the Confidential Information to the City, in all tangible forms and media, and delete all Confidential Information resident in any databases or systems, upon the earliest of the following dates:

- (a) completion of the Services;
- (b) expiration or earlier termination of this Agreement; and
- (c) written request of the City for return of the Confidential Information;

provided that the Consultant shall have the right to retain one copy of the Confidential Information solely for archival purposes or as otherwise may be required by law, subject to its ongoing confidentiality and restricted use obligations.

15.7 This Section 15.0 shall survive the expiration or earlier termination of this Agreement.

16.0 NO PROMOTION OF RELATIONSHIP

16.1 The Consultant will not disclose or promote its relationship with the City, including by means of any verbal declarations, announcements, sales, marketing or other literature, letters, client lists, websites, internet domain names, press releases, brochures or other written materials (the "Communications") without the express prior written consent of the City (except as may be necessary for the Consultant to perform its obligations under this Agreement).

16.2 Furthermore, the Consultant undertakes and will cause all of its Sub-contractors to undertake not to disclose or promote its relationship with the City in any Communications in a manner which could suggest or create an association, express or implied, between the Consultant and the City. Without limiting the generality of the foregoing, the Consultant will not refer to or use any website, domain name, official emblem, logo or mascot of the City of Vancouver in any Communications, without the express prior written consent of the City.

(collectively, the "Deliverables").

- 17.2 Deliverables are deemed not to include:
- (a) any item not required to be produced by the Consultant or supplied to the City as part of or together with the Services, provided that if the City has paid or is liable to pay for any portion of such item's creation, production, acquisition or collection then such item shall be deemed to be a Deliverable;
 - (b) any item produced as a result of the Services, which is specified in this Agreement as being excluded from the Deliverables category; and
 - (c) any item which pre-existed the effective date of this Agreement, that is owned by a third party or that is used by the Consultant as part of the services provided to any of its other customers (the "Pre-Existing Materials").
- 17.3 All Deliverables will be owned solely by the City unless otherwise expressly provided herein. The City shall have the complete and unfettered right to use and deal with the Deliverables for its own benefit in any way it sees fit without limitation, and without accounting in any way to the Consultant.
- 17.4 The Consultant will keep accurate records and provide regular reports to the City about the Deliverables as they are created or acquired, and grant to the City access to the Deliverables at all times on reasonable notice. The Consultant will treat each Deliverable as subject to the confidentiality provisions set out in Section 15.0 unless advised otherwise by the City.
- 17.5 Each Deliverable, as to the whole or that portion of the Deliverable then existing, will be delivered by the Consultant to the City on the earliest of each of the following events:
- (a) the date specified in this Agreement for the delivery of such Deliverable;
 - (b) immediately on the date of expiration or sooner termination of this Agreement; or
 - (c) the date specified by written notice of the City requesting delivery of all or any part of the Deliverable.
- 17.6 The Consultant transfers to the City, free of all liens and encumbrances, ownership of each Deliverable, and assigns all of its world-wide present and future rights, title and interest in and to each Deliverable, including copyright, effective as of the date of creation or acquisition of such Deliverable by the Consultant. The Consultant irrevocably waives, in favour of the City, all moral rights in the Deliverables. The Consultant will obtain from its employees and any independent contractors, all required assignments and releases of intellectual property, and waivers of moral rights, in the Deliverables. The Consultant will not assert any rights to or interests in, or apply for or register any copyright or other rights or interests in, the Deliverables, or assist any other person in doing so. The Consultant shall provide to the City, during and after the term of this Agreement, any reasonable assistance required for the City to obtain, perfect and enforce its ownership of and rights in the Deliverables, including without limitation execution of assignments and transfers of the Deliverables. This Section does not apply to Pre-Existing Materials.

- 17.7 The Consultant will not incorporate any Pre-Existing Materials in any Deliverable without first:
- (a) advising the City, in writing, of the nature of the Pre-Existing Materials and their proposed use and obtaining the City's written consent to do so;
 - (b) acquiring from each third-party owner of such Pre-Existing Materials, a fully paid-up, perpetual, non-exclusive license, in writing, for the City to use the Pre-Existing Materials as part of the Deliverable; and
 - (c) granting, in writing, to the City with respect to such Pre-Existing Materials that the Consultant owns, a fully paid-up, perpetual, non-exclusive license to use the Pre-Existing Materials as part of the Deliverable.
- 17.8 The Consultant represents and warrants that the Deliverables will not infringe, misappropriate or misuse any copyright, patent, trade-mark, trade secret, or confidential or proprietary information of a third party. The Consultant shall defend, indemnify and hold the City harmless from and against any and all damage, liability, cost and expense incurred by the City in connection with any claim by a third party that a Deliverable infringed, misappropriated or misused its copyright, patent, trade-mark, trade secret, or confidential or proprietary information.
- 18.0 NOTICES**
- 18.1 Any notice required or permitted to be given to the Consultant will be sufficiently given if delivered in writing by the City's Project Manager to the Consultant's Project Manager personally or, if mailed, by registered mail to the last known address of the Consultant.

- 19.0 NO CONFLICT OF INTEREST**
- 19.1 The Consultant agrees that during the Term the Consultant will not engage in any conduct which would or might put the interests of the City into conflict with the interests of any other person, whether or not a client of the Consultant's. Without limiting the general scope of this Section 19.1 and by way of example only, the Consultant is prohibited from and will not provide any services which assist or could be seen to be assisting any person in responding to a request for proposal or invitation to tender, or otherwise giving that person an unfair competitive advantage over other proponents or tenderers responding to a request for proposal or invitation to tender by the City. The Consultant now acknowledges that a breach of this Section 19.1 could constitute not only a breach of this Agreement but also a violation of the *Competition Act* (Canada) and *Criminal Code* of Canada, and accordingly, could be punishable as a crime (as well as a breach of contract).
- 19.2 The Consultant now confirms and warrants that there is no officer, director, shareholder, partner or employee or other person related to the Consultant's

organization (a “**person having an interest**”) or any spouse, business associate, friend or relative of a person having an interest who is:

- (a) an elected official or employee of the City; or
- (b) related to or has any business or family relationship with an elected official or employee of the City, such that there would be any conflict of interest or any appearance of a conflict of interest in the administration of this Agreement or the performance of the Services.

20.0 NON-RESIDENT WITHHOLDING TAX

- 20.1 If the Consultant is a non-resident of Canada as defined in Canadian income tax legislation, the City may withhold from all monies payable under this Agreement such amounts as set out in Canadian income tax legislation, unless a Canada Revenue Agency waiver has been provided to the City within the time limit required under the Canada Revenue Agency administrative guidelines as in effect from time to time and, in any event, prior to payment of an invoiced amount.
- 20.2 The City shall receive full credit under this Agreement for monies withheld as of and from the date of the withholding and no interest will be payable by the City on sums withheld and later paid directly to the Consultant.
- 20.3 The Consultant shall indemnify the City for any losses, damages or expenses incurred by the City as a result of the Consultant’s failure to properly disclose to the City its non-resident status, as defined in Canadian income tax legislation.

25.2 **Unavoidable Delay.** Notwithstanding Section 25.1, except for the performance of obligations to pay money, the time periods for the City and the Consultant to perform under this Agreement will be extended for periods of time during which their performance is delayed or prevented due to an Unavoidable Delay. For the purposes of this Section, an “Unavoidable Delay” means any circumstances beyond the reasonable control of the party trying to perform (such as, for example, acts of God, war or other strife or governmental action) but expressly excludes any and all delays caused by the Consultant’s lack of financial resources; the Consultant’s insolvency ; strikes, lockouts or other withdrawals of services arising out of any labour dispute involving the City, the Consultant or a Sub-contractor; or governmental action taken in the enforcement of any law specifically against the Consultant or its Sub- Consultants. If an Unavoidable Delay occurs, the non-performing party will, as soon as possible after the occurrence of the Unavoidable Delay, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of its obligations under this Agreement.

26.0 GENERAL

26.1 **No Waiver.** No action or failure to act by the City shall constitute a waiver of any right or duty under this Agreement, or constitute an approval or acquiescence in any breach hereunder, except as may be specifically agreed in writing by the City.

26.2 **Severability.** The invalidity, illegality or unenforceability of any portion or provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void portion or provision shall be deemed severed from this Agreement and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void. The Parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken position.

26.3 **Remedies Cumulative.** The remedies of the Parties provided for in this Agreement are cumulative and are in addition to any remedies available to the Parties at law or in equity. No remedy will be deemed to exclude or restrict the right of a Party to any other remedies against the other Party and a Party may from time to time have recourse to one or more of the remedies specified in this Agreement or at law notwithstanding the termination of this Agreement.

26.4 **Further Assurances.** Each Party shall execute such further and other documents and instruments and do such further and other acts as may be necessary to implement and carry out the provisions and intent of this Agreement.

- 26.5 **Entire Agreement.** The Contract Documents constitute the entire agreement between the Parties with respect to the subject matter hereof, and supersede all previous communications, representations and agreements, whether oral or written, with respect to the subject matter hereof.
- 26.6 **Amendment.** This Agreement shall not be amended except as specifically agreed in writing by both the City and the Consultant.
- 26.7 **Joint and Several Liability of Joint Venture Participants.** If the Consultant is a joint venture of two or more entities, it is understood and agreed that the grants, covenants, provisos, claims, rights, powers, privileges and liabilities of the entities who comprise the Consultant shall be joint and several.

This Agreement may be executed by the Parties electronically or by facsimile and if so executed and transmitted, this Agreement will be for all purposes as effective as if the Parties had delivered an executed original Agreement.

As evidence of their agreement to be bound by the above contract terms, the City and the Consultant each have executed this Agreement as of the day and year first above written.
