PART A - INFORMATION AND INSTRUCTIONS

PART A - INFORMATION AND INSTRUCTIONS

1.0 THE RFP

- 1.1 This Request for Proposals (the "RFP") provides an opportunity to submit proposals for review by the City and, depending on the City's evaluation of proposals, among other factors, to potentially negotiate with the City to enter into a contract. EXCEPT WHERE EXPRESSLY STATED OTHERWISE IN APPENDIX 1 TO PART C OF THE RFP: (I) NO PART OF THE RFP CONSISTS OF AN OFFER BY THE CITY TO ENTER INTO ANY CONTRACTUAL RELATIONSHIP; AND (II) NO PART OF THE RFP IS LEGALLY BINDING ON THE CITY.
- 1.2 The RFP concerns the City's interest in procuring an experienced multi-disciplinary consulting team, with expertise in sport field design and engineering, to develop detailed designs to construct high quality sport fields at three or more locations in Vancouver. Details of the City's objectives and requirements to which the RFP relates are set out in Part B of the RFP. The City welcomes proposals that are responsive to this RFP ("Proposals") respecting innovative or novel approaches to the City's objectives and requirements.
- 1.3 The City is interested in selecting an entity, which is not, by the terms hereof, barred from submitting a Proposal, and which does submit a Proposal (each such entity, a "Proponent") with the capability and experience to efficiently and cost-effectively meet the objectives and requirements described in the RFP. The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of a contract between the Proponent and the City (such a contract, an "Agreement"). However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.
- 1.4 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City's sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8 below, among others.
- 1.5 NO BID SECURITY IS REQUIRED FROM PROPONENTS IN CONNECTION WITH THE SUBMISSION OF PROPOSALS BECAUSE NO PROPOSAL WILL BE DEEMED TO BE AN IRREVOCABLE OR OTHERWISE BINDING LEGAL OFFER BY A PROPONENT TO THE CITY. THE LEGAL OBLIGATIONS OF A PROPONENT THAT WILL ARISE UPON THE SUBMISSION OF ITS PROPOSAL WILL BE LIMITED TO THE TERMS AND CONDITIONS STATED UNDER THE HEADING "LEGAL TERMS & CONDITIONS" IN APPENDIX 1 TO THE FORM OF PROPOSAL.
- 1.6 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.
- 1.7 The RFP consists of four parts, plus appendices:
- (a) PART A - INFORMATION AND INSTRUCTIONS: This part is intended to serve as a guide to the RFP process for Proponents.
 - (b) PART B - CITY REQUIREMENTS: This part describes the subject matter of the RFP, in respect of which the City invites Proposals.
 - (c) PART C - FORM OF PROPOSAL: This is the form in which the Proposal should be submitted.

- (d) PART D - FORM OF AGREEMENT: This part contains a model Agreement (the “Form of Agreement”). Any Agreement resulting from the RFP is expected to be substantially in the form of the Form of Agreement.

Nonetheless, the City has a strong preference for Proposals submitted by a single Proponent, including a Proponent that would act as a general contractor and use subcontractors as required.
- 4.12 Proposals that are submitted after the Closing Time or that otherwise do not comply in full with the terms hereof may or may not be considered by the City and may or may not be returned to the Proponent, in the City’s sole discretion.

3.0 PROJECT BACKGROUND

Vancouver has 286 playing fields, including regulation-size and mini grass fields, gravel or all-weather fields, and 12 synthetic turf fields (including one mini synthetic turf field). Demand is high for field space for soccer, field hockey, ultimate, football, rugby, and many other sports, and synthetic turf allows for 105 hours of use each week (approximately 48 hours at prime time), compared to grass fields that operationally can only sustain a maximum of 12-14 hours a week and require seasonal downtime to ensure adequate field quality.

Despite increasing the inventory of synthetic turf fields significantly over the past ten years (from 3 to 11), demand continues to exceed supply. The average utilization rate of synthetic turf during out-of-school hours is 91%, with usage occurring almost every day of the year. Empire Fields, which opened in 2015, has 100% of primetime hours booked and provides over 5000 hours annually of permitted use.

Synthetic turf fields are durable and efficient facilities that accommodate unlimited usage, despite Vancouver's wet climate, and allow for greater intensity of use than natural turf facilities. They also require significantly less maintenance and upkeep as they maintain their even surface, do not require mowing or seeding, and generally have life spans of 10 years with proper upkeep.

Staff worked collaboratively with representatives of the Vancouver Field Sport Federation (VFSF) and the Vancouver School Board (VSB) to create the shortlist of candidate sites which were presented to the Board for approval in September of 2017. The Vancouver Park Board approved further review of the four candidate sites for detailed evaluation. The approved sites are: The west gravel field at Beaconsfield Park, the southwest field at Clinton Park, the southwest field at Sir Winston Churchill Secondary School, and the east track and field at Sir Winston Churchill Secondary School.

REQUEST FOR PROPOSALS NO. PS20172045
CONSULTING SERVICES FOR SYNTHETIC TURF FIELDS
PART B - CITY REQUIREMENTS

Two of the four sites are located at Sir Winston Churchill Secondary School which is owned and operated by the VSB. The VSB has partnered with the Park Board on three existing synthetic turf installations: Eric Hamber, Point Grey (Kerrisdale Park), and Vancouver Technical secondary schools. Synthetic turf fields at school sites are efficient, as students use fields during non-peak school hours and local sports groups have access during peak times without any impact on existing shared park spaces.

Additional background information can be found in the Board Report for “Synthetic Turf Playing Field - New Site Options” report from September 25, 2017:

- <http://parkboardmeetings.vancouver.ca/2017/20171002/REPORT-SyntheticTurfPlayingField-NewSiteOptions-20171002.pdf>

4.0 PROJECT SCOPE

4.1 Phase I - Site Data Collection

Site Surveys

Site surveys are to be completed by a BC Registered Professional Land Surveyor and be provided to the VPB in Auto-CAD (NAD83 UTM Zone 10) and pdf. Survey are to include, but not be limited to: all property lines and extend 10m beyond the extent of the designated work area; ROWs, above and below ground utilities; spot elevations; contour lines at 0.25m intervals; existing signage and above ground site elements; trees and vegetation with spot elevations at the base of the trunk and at the edges of the dripline; curbs; gutters; manholes; catch basins; environmental monitoring wells; and electrical and water lines serving the site.

Detailed site surveys are to be conducted for the two Churchill School sites, Beaconsfield Park, and Clinton Park.

Arborist Report

Reports detailing the condition of all trees within the designated work area as well as trees outside of the project boundaries that may be affected by proposed field renewals are required. Reports are to be submitted by an ISA certified arborist.

Arborist reports are to be written for the two Churchill School sites, Beaconsfield Park, and Clinton Park.

Geotechnical Report

Reports detailing all geotechnical conditions on site are to be prepared by a qualified professional. Reports are to identify areas of concern based on the expected scope of work.

Geotechnical reports are to be provided for the two Churchill School sites, Beaconsfield Park, and Clinton Park.

Lighting Review

A review of existing light levels within the areas immediately adjacent the proposed field locations. The lighting review will be used to establish a baseline when reviewing the potential impacts of proposed sport field lighting. This report is to focus on the impacts of sport field lighting on existing residences. Existing lighting conditions are to be provided to the VPB in an initial findings report.

Lighting reviews are to be provided for the two Churchill School sites, Beaconsfield Park, Clinton Park, the mini synthetic turf field at Hillcrest Park and the synthetic turf field at Kitsilano Secondary School.

Meetings and Reports - Phase I

Assume one (1) kick-off meeting with staff from the VPB and VSB to review procedures and present a detailed project schedule. Assume one (1) other meeting to coordinate reports and review initial findings.

The arborist reports, geotechnical reports, and lighting reviews generated through Phase I - Site Data Collection are to be submitted to the VPB as a consolidated report in PDF format.

4.2 Phase II - Public Engagement

Public Engagement - General Responsibilities

The successful proponent will be responsible for:

- Developing and revising a Work Plan and Schedule (using Gantt style charts, with clear deliverables, timeframes and responsibilities) in consultation with the Project Manager
- Planning and executing project elements as detailed in the Work Plan
- In collaboration with the Project Manager, organizing engagement events and meetings. Tasks include setting agendas, producing presentations and materials, and recording and distributing meeting notes, developing all materials for in-person events and website content as needed
- Developing a Consultation Summary Report which includes but is not limited to a description of the events, participation information, analysis of survey data and a summary of findings

The Park Board will be responsible for:

- Leading the engagement strategy, clearly identifying engagement goals, stakeholder groups, and the way public participation will link to decision making
- Provide all relevant City and Park Board documents
- Provide data, where available (facility rental information, mapping, etc.)
- Provide the consultant with neighbourhood and citywide demographic information to support effective engagement
- Arrange and invite stakeholders as needed
- Organize logistics and venues for meetings

REQUEST FOR PROPOSALS NO. PS20172045
CONSULTING SERVICES FOR SYNTHETIC TURF FIELDS
PART B - CITY REQUIREMENTS

Public Engagement - Synthetic Turf Field

Public engagement with the communities adjacent to the proposed synthetic turf fields will be led by the VPB with support from the Consultant team. Support includes but is not limited to the generation of open house materials including notifications, plans, diagrams, open house boards, development and review of survey information. Proponents are to assume one open house event will be held for each proposed synthetic turf project site (total of three, Churchill sites to be done together). Each open house event is to focus on the site in question. While there will be overlaps in engagement materials, it is expected that each open house event will require some distinct information relative to the site in question. The Consultant team is to have at least two representatives supporting each open house event from set-up to takedown.

As noted in the pricing table in Part C - Appendix 3, pricing is to be included for an additional open house should it be required as the result of a more complex issue that requires further public feedback. This additional open house would require the development of new presentation materials.

In addition to the open house events, the Consultant team or lead Consultant will be required to attend stakeholder meetings (minimum of 4). The Consultant team is to prepare necessary materials to facilitate the meetings, take notes during the meeting and provide meeting minutes within three days of the stakeholder meeting. Additional stakeholder meetings will be scheduled on an as needed basis.

Public Engagement - Lighting

Public engagement with the communities related to the addition of sports field lighting at Kitsilano Secondary School and the Hillcrest mini-field will be led by the VPB, with input from the VSB, and support from the Consultant team. Support includes but is not limited to the generation of open house materials including notifications, plans, diagrams, open house boards, as well as the development, review and written summary feedback, including written surveys and in-person participation in the engagement process. Proponents are to assume one open house event will be held for each proposed lighting upgrade site (total of two). Each open house event is to focus on the site in question. The consultant team is to have at least two representatives supporting each open house event from set-up to takedown.

As noted in the pricing table in Part C - Appendix 3, pricing is to be included for an additional open house should it be required due to the identification of a more complex issue that requires further public feedback. This additional open house would require the development of new presentation materials.

Meetings and Reports Phase II

Assume four (4) meetings with VPB staff to review materials related to the open houses and public engagement for the proposed synthetic turf fields and the addition of sport field lighting. The Consultant will provide regular meeting minutes to all parties within three business days of meeting occurrences and responses to requests for information to be responded to in a similar time frame.

REQUEST FOR PROPOSALS NO. PS20172045
CONSULTING SERVICES FOR SYNTHETIC TURF FIELDS
PART B - CITY REQUIREMENTS

The consultant team is to submit an engagement summary report that describes the engagement process, data related to open house attendance, and public feedback collected throughout the engagement process through surveys and other methods.

4.3 Phase III - Schematic Design and Material Reviews

Schematic Field Layout

The Consultant team will generate detailed schematic field layouts for each of the four locations identified (Churchill 2x, Clinton and Beaconsfield). Field layouts are to be for FIFA regulation size fields with appropriate run-outs. Other features to be included in the schematic design include full sport field lighting, fencing/backstops, accessible pathways, benches, shelters and the identification of potential field house location (Churchill only).

Approved schematic designs are to include layout plans, grading and drainage plans, retaining walls if necessary, and identification of utility tie-ins. Schematic designs will not include detailing, specifications and material callouts.

Schematic designs are to include a review of all existing utilities as well as future utilities required in order to fully manage and operate a new synthetic turf field. Utility reviews are to identify locations of tie-ins, relocations (if necessary), upgrades and any additional access requirements. All work related to utility upgrades, tie-ins or modifications is to be detailed in the site Cost Estimate (refer item 4.4).

It is expected that the schematic design activities of Phase III will overlap with the engagement activities outlined for Phase II. The Consultant team is expected to integrate data collected throughout the engagement into the schematic design and vice-versa as per staff recommendations.

Material Reviews

The Consultant team is to conduct an in depth evaluation of the various turf types and infill materials as they relate to cost, life cycle costs, maintenance needs, sustainability, environmental impact and health in order to provide a recommendation on an appropriate material to use when constructing new synthetic turf fields. Material reviews are to include the types of synthetic turf types and infill materials currently in use at the synthetic turf fields operated by the VPB as well as new types coming on the market including cork.

Meetings and Reports - Phase III

The Schematic designs are to be submitted as 75% drawings and 95% drawings for review. Staff will provide written feedback on the submitted drawings sets. 100% approved schematic designs are to be submitted as a completed package.

Assume four (4) meetings with staff to review initial field layouts, review draft schematic designs and coordinate utility information.

The materials review is to be submitted to staff as a consolidated report which includes methods, material evaluations and recommendations.

Assume one (1) meeting to review the preliminary findings of the materials review report and provide feedback.

4.4 Phase IV - Project Close-Out

Cost Estimates

The Consultant team is to submit Class B cost estimates for the construction of each of the four proposed synthetic turf fields and Class B cost estimates for the addition of sport field lighting at Kitsilano Secondary School and the Hillcrest mini field.

Recommendations

The consultant team is provide a recommendation on which synthetic sport field to prioritize for tender and construction in 2018/2019 for presentation to the Vancouver Park Board of Commissioners for approval. The recommendation is to be based on staff feedback, discussions with stakeholders, information collected through the public engagement process and a review of the cost estimates.

Meetings and Reports - Phase IV

The cost estimates and recommendations are to be submitted as a report to staff for review and comment prior to submission of the finalized report.

[If the City determines that the professional fees payable to the Consultant should be increased due to an increase in the scope of the Services then any such increases will be based on the hourly rates set out in the Proposal.

7.0 RELEASE AND INDEMNIFICATION

- 7.1 The Consultant now releases the City, its officials, officers, employees and agents from all costs, losses, damages and expenses, including those caused by personal injury, death, property damage, loss and economic loss arising out of, suffered or experienced by the Consultant, its Sub-contractors, and their respective officers, employees and agents in connection with their performance of the Services under this Agreement.
- 7.2 In undertaking the Services, the Consultant acknowledges that the Consultant has inspected the City's Site, agrees to accept the City's Site "as-is" and undertakes to take all precautions necessary to ensure the safety of all persons employed or contracted by the Consultant to perform the Services.
- 7.3 Despite any insurance coverage of the City, the Consultant hereby agrees to indemnify and save harmless the City of Vancouver and its successors, assigns, official, employees, agents and

authorized representatives and each of them (in each case an "Indemnified Party") from and against all costs, losses, claims, damages, actions, and causes of actions (collectively referred to as "Claims") that an Indemnified Party may sustain, incur, suffer or be put to at any time either before or after the expiration or termination of this Agreement, that arise out of errors, omissions or negligent acts of the Consultant, its Sub-contractors, or their respective officers, employees or agents under this Agreement excepting always that this indemnity does not apply to the extent, if any, to which the Claims are caused by errors, omissions or negligent acts of an Indemnified Party.

7.4 This indemnity will not affect or prejudice the City from exercising any other rights that may be available to it at law or in equity.

7.5 The release and indemnity set out above will survive the expiry or sooner termination of this Agreement.

8.0 INSURANCE

8.1 The Consultant will comply with the insurance requirements set out in Appendix A - Insurance Requirements.

9.0 WORKSAFEBC

9.1 The Consultant agrees that it will procure and carry and pay for, full WorkSafeBC coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this Agreement. The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for such WorkSafeBC coverage against any monies owing by the City to the Consultant. The City will have the right to withhold payment under this Agreement until the WorkSafeBC premiums, assessments or penalties in respect of work done or service performed in fulfilling this Agreement have been paid in full.

9.2 The Consultant will provide the City with the Consultant's and each Sub-contractor's WorkSafeBC registration number and clearance letters from WorkSafeBC confirming that the Consultant and each Sub-contractor are registered in good standing with WorkSafeBC and that all assessments have been paid to the date thereof prior to the City having any obligation to pay monies under this Agreement. The Consultant will indemnify the City and hold harmless the City from all manner of claims, demands, costs, losses, penalties and proceedings arising out of or in any way related to unpaid WorkSafeBC assessments owing from any person or corporation engaged by the Consultant in the performance of this Agreement or arising out of or in any way related to the failure to observe safety rules, regulations and practices of WorkSafeBC, including penalties levied by WorkSafeBC.

9.3 Whenever the Consultant is required or permitted to perform any Services on any City sites, the Consultant is now appointed and now accepts appointment as the "prime contractor" (as defined in the WorkSafeBC regulations) in connection with such Services.

10.0 CITY INFORMATION/APPROVALS

10.1 No reviews, approvals or inspections carried out or information supplied by the City will derogate from the duties and obligations of the Consultant (with respect to designs, reviews, inspections, approvals or otherwise), and all responsibility related to the Services will be and remain with the Consultant. For greater certainty, any information provided by the City to the Consultant, whether under the RFP or under this Agreement, including any studies, reports, plans, drawings, or specifications, is provided to the Consultant for information purposes only and may not be relied upon by the Consultant.

11.0 COMMUNICATION BETWEEN CONSULTANT AND CITY

- 11.1 The City appoints [insert name] [email address] as the City's Project Manager for the purposes of this Agreement.

In the event of the revocation in writing of [insert name]'s appointment as the City's Project Manager by the City, [insert name] will have no further authority under this Agreement, except as may be specifically designated in writing by the City and agreed to in writing by [insert name], and all references to the City's Project Manager in this Agreement will thereafter be deemed to be a reference to the City or to such other person designated in writing by the City to the Consultant.

The City's Project Manager may from time to time delegate to a representative the performance of or the authority to perform the duties, responsibilities, rights and obligations of the City in respect of which the City's Project Manager has been designated and appointed its sole and exclusive agent.

- 11.2 The Consultant appoints [insert name] [email address] as its representative for the purposes of this Agreement (the "Consultant's Project Manager").
- 11.3 Unless otherwise agreed to in writing by the Parties, all material communication between the Consultant and the City regarding this Agreement, including performance of the Services, will be between the City's Project Manager and the Consultant's Project Manager.

12.0 TERM OF AGREEMENT

- 12.1 This Agreement will commence on the Effective Date and will expire on the completion of the Services, which Services must be completed by [insert date] (the "Term").

13.0 TERMINATION

- 13.1 The City at any time, in its sole judgment, may, whether or not cause exists, terminate the services of the Consultant in whole or in part by giving ten days' prior written notice to the Consultant. If termination is not for cause, the Consultant will be paid for all Services properly performed to the date of the delivery of the said notice (subject to the terms of this Agreement) plus all necessary and reasonable wind-up costs incurred, if any, in closing out the Services or the part terminated.
- 13.2 Despite Section 13.1, in no event and under no circumstances will the Consultant's "necessary and reasonable wind-up costs incurred" pursuant to Section 13.1 exceed \$500.00 (including all taxes).

14.0 ASSIGNMENT

- 14.1 The Consultant will not assign this Agreement in whole or in part except with the prior written consent of the City, which consent will not be unreasonably withheld, delayed or conditioned. Any attempt to assign this Agreement without such consent will be void and of no effect. However, the Consultant will be permitted to assign this Agreement to any entity into, by or with which the business or assets of the Consultant have been merged, acquired, consolidated or re-organized, or any entity which purchases all or substantially all of the business or assets of the Consultant, provided always that the Consultant first provides the City with:
- (a) reasonable particulars of the transaction (permitting the City to independently verify the nature of the transaction); and

- (b) a legally enforceable covenant from the new entity confirming that it is legally bound to the City to perform this Agreement.

15.0 CONFIDENTIALITY

- 15.1 In the course of or for the purpose of performing the Services, the Consultant will obtain or have access to information, including but not limited to technical information, financial information and business information, which is confidential to the City, and is the exclusive, world-wide property of the City and/or its suppliers and customers (collectively "Confidential Information"). Excluded from the definition of Confidential Information is:
- (a) information which is in, or becomes part of, the public domain, not due to the Consultant's breach of this Agreement or the Consultant's actions;
 - (b) information which was previously in the Consultant's possession and did not originate from the City; and
 - (c) information which lawfully becomes available to the Consultant from a third party not under an obligation of confidence to the City regarding such information.
- 15.2 The Consultant will not use or reproduce the Confidential Information other than as reasonably required for the performance of the Services under this Agreement. The Consultant will not, without the prior written consent of the City given on such terms and conditions as it prescribes in its sole discretion, disclose or allow access to the Confidential Information to any person, except to only those of its own employees who have a need to know the Confidential Information solely for the provision of the Services, and who have been advised of its confidential nature and have agreed to be bound by the confidentiality and use-restriction provisions in this Section 15.0. The Consultant will take all reasonable precautions against the Confidential Information being used by or disclosed to any unauthorized person.
- 15.3 If the Consultant is required by any law, legal proceeding, or court or government order, to disclose any Confidential Information, the Consultant shall limit its disclosure of such Confidential Information to the extent and purpose legally required, provided that prior to any disclosure the Consultant will promptly notify the City in writing of the existence and the terms, and conditions of the required disclosure and, at the City's request and expense, co-operate in obtaining a protective order or other assurance that confidential treatment and restrictions on use will be accorded such Confidential Information.
- 15.4 The City is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City's contractors to protect all personal information acquired from the City in the course of providing services to the City. The Consultant confirms and acknowledges its obligations to comply with all obligations imposed on it pursuant to the *Freedom of Information and Protection of Privacy Act* (British Columbia) with respect to all personal information received from the City whether as part of the Confidential Information or otherwise.
- 15.5 The Consultant acknowledges that in the event of a breach by the Consultant or any of its employees of their respective confidentiality obligations pursuant to this Section 15.0, damages alone would not be an adequate remedy. The Consultant therefore agrees with the City that, in addition to and without limiting any other right or remedy it may have, the City will have the right to an immediate injunction or other available equitable relief in any court of competent jurisdiction enjoining any threatened or actual breach of such obligations.

15.6 The Consultant shall return all copies of the Confidential Information to the City, in all tangible forms and media, and delete all Confidential Information resident in any databases or systems, upon the earliest of the following dates:

- (a) completion of the Services;
- (b) expiration or earlier termination of this Agreement; and
- (c) written request of the City for return of the Confidential Information;

provided that the Consultant shall have the right to retain one copy of the Confidential Information solely for archival purposes or as otherwise may be required by law, subject to its ongoing confidentiality and restricted use obligations.

15.7 This Section 15.0 shall survive the expiration or earlier termination of this Agreement.

16.0 NO PROMOTION OF RELATIONSHIP

16.1 The Consultant will not disclose or promote its relationship with the City, including by means of any verbal declarations, announcements, sales, marketing or other literature, letters, client lists, websites, internet domain names, press releases, brochures or other written materials (the "Communications") without the express prior written consent of the City (except as may be necessary for the Consultant to perform its obligations under this Agreement).

16.2 Furthermore, the Consultant undertakes and will cause all of its Sub-contractors to undertake not to disclose or promote its relationship with the City in any Communications in a manner which could suggest or create an association, express or implied, between the Consultant and the City. Without limiting the generality of the foregoing, the Consultant will not refer to or use any website, domain name, official emblem, logo or mascot of the City of Vancouver in any Communications, without the express prior written consent of the City.

17.0 DELIVERABLES

17.1 As a result of or as part of providing the Services, the Consultant may receive, create, produce, acquire or collect one or more of the following:

- (a) products, goods, equipment, supplies, models, prototypes and other materials;
- (b) information and data;
- (c) reports, drawings, plans, designs, depictions, specifications and other documentation; and
- (d) any other items identified in this Agreement as deliverables;

(collectively, the "Deliverables").

17.2 Deliverables are deemed not to include:

- (a) any item not required to be produced by the Consultant or supplied to the City as part of or together with the Services, provided that if the City has paid or is liable to pay for any portion of such item's creation, production, acquisition or collection then such item shall be deemed to be a Deliverable;

- (b) any item produced as a result of the Services, which is specified in this Agreement as being excluded from the Deliverables category; and
 - (c) any item which pre-existed the effective date of this Agreement, that is owned by a third party or that is used by the Consultant as part of the services provided to any of its other customers (the "Pre-Existing Materials").
- 17.3 All Deliverables will be owned solely by the City unless otherwise expressly provided herein. The City shall have the complete and unfettered right to use and deal with the Deliverables for its own benefit in any way it sees fit without limitation, and without accounting in any way to the Consultant.
- 17.4 The Consultant will keep accurate records and provide regular reports to the City about the Deliverables as they are created or acquired, and grant to the City access to the Deliverables at all times on reasonable notice. The Consultant will treat each Deliverable as subject to the confidentiality provisions set out in Section 15.0 unless advised otherwise by the City.
- 17.5 Each Deliverable, as to the whole or that portion of the Deliverable then existing, will be delivered by the Consultant to the City on the earliest of each of the following events:
 - (a) the date specified in this Agreement for the delivery of such Deliverable;
 - (b) immediately on the date of expiration or sooner termination of this Agreement; or
 - (c) the date specified by written notice of the City requesting delivery of all or any part of the Deliverable.
- 17.6 The Consultant transfers to the City, free of all liens and encumbrances, ownership of each Deliverable, and assigns all of its world-wide present and future rights, title and interest in and to each Deliverable, including copyright, effective as of the date of creation or acquisition of such Deliverable by the Consultant. The Consultant irrevocably waives, in favour of the City, all moral rights in the Deliverables. The Consultant will obtain from its employees and any independent contractors, all required assignments and releases of intellectual property, and waivers of moral rights, in the Deliverables. The Consultant will not assert any rights to or interests in, or apply for or register any copyright or other rights or interests in, the Deliverables, or assist any other person in doing so. The Consultant shall provide to the City, during and after the term of this Agreement, any reasonable assistance required for the City to obtain, perfect and enforce its ownership of and rights in the Deliverables, including without limitation execution of assignments and transfers of the Deliverables. This Section does not apply to Pre-Existing Materials.
- 17.7 The Consultant will not incorporate any Pre-Existing Materials in any Deliverable without first:
 - (a) advising the City, in writing, of the nature of the Pre-Existing Materials and their proposed use and obtaining the City's written consent to do so;
 - (b) acquiring from each third-party owner of such Pre-Existing Materials, a fully paid-up, perpetual, non-exclusive license, in writing, for the City to use the Pre-Existing Materials as part of the Deliverable; and
 - (c) granting, in writing, to the City with respect to such Pre-Existing Materials that the Consultant owns, a fully paid-up, perpetual, non-exclusive license to use the Pre-Existing Materials as part of the Deliverable.

17.8 The Consultant represents and warrants that the Deliverables will not infringe, misappropriate or misuse any copyright, patent, trade-mark, trade secret, or confidential or proprietary information of a third party. The Consultant shall defend, indemnify and hold the City harmless from and against any and all damage, liability, cost and expense incurred by the City in connection with any claim by a third party that a Deliverable infringed, misappropriated or misused its copyright, patent, trade-mark, trade secret, or confidential or proprietary information.

18.0 NOTICES

18.1 Any notice required or permitted to be given to the Consultant will be sufficiently given if delivered in writing by the City's Project Manager to the Consultant's Project Manager personally or, if mailed, by registered mail to the last known address of the Consultant.

18.2 Any notice required or permitted to be given to the City will be sufficiently given if delivered in writing by the Consultant's Project Manager to the City's Project Manager personally or, if mailed, by registered mail to City of Vancouver at 453 West 12th Avenue, Vancouver, B.C., V5Y 1V4 (addressed to the attention of the City's Project Manager).

19.0 NO CONFLICT OF INTEREST

19.1 The Consultant agrees that during the Term the Consultant will not engage in any conduct which would or might put the interests of the City into conflict with the interests of any other person, whether or not a client of the Consultant's. Without limiting the general scope of this Section 19.1 and by way of example only, the Consultant is prohibited from and will not provide any services which assist or could be seen to be assisting any person in responding to a request for proposal or invitation to tender, or otherwise giving that person an unfair competitive advantage over other proponents or tenderers responding to a request for proposal or invitation to tender by the City. The Consultant now acknowledges that a breach of this Section 19.1 could constitute not only a breach of this Agreement but also a violation of the *Competition Act* (Canada) and *Criminal Code* of Canada, and accordingly, could be punishable as a crime (as well as a breach of contract).

19.2 The Consultant now confirms and warrants that there is no officer, director, shareholder, partner or employee or other person related to the Consultant's organization (a "person having an interest") or any spouse, business associate, friend or relative of a person having an interest who is:

- (a) an elected official or employee of the City; or
- (b) related to or has any business or family relationship with an elected official or employee of the City, such that there would be any conflict of interest or any appearance of a conflict of interest in the administration of this Agreement or the performance of the Services.

20.0 NON-RESIDENT WITHHOLDING TAX

20.1 If the Consultant is a non-resident of Canada as defined in Canadian income tax legislation, the City may withhold from all monies payable under this Agreement such amounts as set out in Canadian income tax legislation, unless a Canada Revenue Agency waiver has been provided to the City within the time limit required under the Canada Revenue Agency administrative guidelines as in effect from time to time and, in any event, prior to payment of an invoiced amount.

20.2 The City shall receive full credit under this Agreement for monies withheld as of and from the date of the withholding and no interest will be payable by the City on sums withheld and later paid directly to the Consultant.

20.3 The Consultant shall indemnify the City for any losses, damages or expenses incurred by the City as a result of the Consultant's failure to properly disclose to the City its non-resident status, as defined in Canadian income tax legislation.

21.0 COMPLIANCE WITH LAW

21.1 The Consultant will comply with the City of Vancouver License By-law and maintain a valid business license throughout the duration of this Agreement.

21.2 The Consultant agrees that it will during the Term comply with all Applicable Laws.

22.0 GOVERNING LAW AND RESOLUTION OF DISPUTES

22.1 This Agreement will be governed by the laws of the Province of British Columbia and the courts of British Columbia will have exclusive jurisdiction to determine all disputes arising under this Agreement and the Parties now irrevocably agree to submit all disputes to the courts of British Columbia for resolution.

23.0 INDEPENDENT CONSULTANT

23.1 This Agreement is a contract for services and the Consultant, its permitted Sub-contractors, and the officers, directors, shareholders, partners, personnel, affiliates and agents of the Consultant and its permitted Sub-contractors are not, nor are they to be deemed to be, partners, appointees, employees or agents of the City.

23.2 The Consultant will not represent to anyone that the Consultant has any authority to bind the City in any way or that the Consultant is an employee or agent of the City.

24.0 INDEPENDENT LEGAL ADVICE

24.1 The Consultant acknowledges that the Consultant has been given the opportunity to seek independent legal advice before executing this Agreement.

25.0 TIME FOR PERFORMANCE

25.1 **Time of the Essence.** Time shall be of the essence of this Agreement.

25.2 **Unavoidable Delay.** Notwithstanding Section 25.1, except for the performance of obligations to pay money, the time periods for the City and the Consultant to perform under this Agreement will be extended for periods of time during which their performance is delayed or prevented due to an Unavoidable Delay. For the purposes of this Section, an "**Unavoidable Delay**" means any circumstances beyond the reasonable control of the party trying to perform (such as, for example, acts of God, war or other strife or governmental action) but expressly excludes any and all delays caused by the Consultant's lack of financial resources; the Consultant's insolvency ; strikes, lockouts or other withdrawals of services arising out of any labour dispute involving the City, the Consultant or a Sub-contractor; or governmental action taken in the enforcement of any law specifically against the Consultant or its Sub-Consultants. If an Unavoidable Delay occurs, the non-performing party will, as soon as possible after the occurrence of the Unavoidable Delay, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of its obligations under this Agreement.

26.0 GENERAL

- 26.1 **No Waiver.** No action or failure to act by the City shall constitute a waiver of any right or duty under this Agreement, or constitute an approval or acquiescence in any breach hereunder, except as may be specifically agreed in writing by the City.
- 26.2 **Severability.** The invalidity, illegality or unenforceability of any portion or provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void portion or provision shall be deemed severed from this Agreement and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void. The Parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken position.
- 26.3 **Remedies Cumulative.** The remedies of the Parties provided for in this Agreement are cumulative and are in addition to any remedies available to the Parties at law or in equity. No remedy will be deemed to exclude or restrict the right of a Party to any other remedies against the other Party and a Party may from time to time have recourse to one or more of the remedies specified in this Agreement or at law notwithstanding the termination of this Agreement.
- 26.4 **Further Assurances.** Each Party shall execute such further and other documents and instruments and do such further and other acts as may be necessary to implement and carry out the provisions and intent of this Agreement.
- 26.5 **Entire Agreement.** The Contract Documents constitute the entire agreement between the Parties with respect to the subject matter hereof, and supersede all previous communications, representations and agreements, whether oral or written, with respect to the subject matter hereof.
- 26.6 **Amendment.** This Agreement shall not be amended except as specifically agreed in writing by both the City and the Consultant.
- 26.7 **Joint and Several Liability of Joint Venture Participants.** If the Consultant is a joint venture of two or more entities, it is understood and agreed that the grants, covenants, provisos, claims, rights, powers, privileges and liabilities of the entities who comprise the Consultant shall be joint and several.
- 26.8 **Schedules and Appendices.** The schedules and appendices attached hereto are incorporated by reference in and form an integral part of this Agreement.
- 26.9 **Set-Off.** The City may at its option, withhold and set-off against any amount owing to the Consultant (whether under this Agreement or otherwise) any amounts payable by the Consultant to the City (whether under this Agreement or otherwise) and the amount of any damages suffered or claims made or to be made by the City as a result of any other claim it may have against the Consultant, whether such claim is at law or in equity or tort or on any other basis.

- 26.10 **Enurement.** This Agreement shall enure to the benefit of and be binding upon the City and the Consultant and their respective successors and permitted assigns.
- 26.11 **Execution.** This Agreement may be executed in one or more counterparts each of which will constitute an original and together will constitute one and the same Agreement. This Agreement may be executed by the Parties electronically or by facsimile and if so executed and transmitted, this Agreement will be for all purposes as effective as if the Parties had delivered an executed original Agreement.

As evidence of their agreement to be bound by the above contract terms, the City and the Consultant each have executed this Agreement as of the day and year first above written.

The Consultant and each of its Sub-contractors will provide, at its own cost, any additional insurance which it is required by law to provide or which it considers necessary.

A1.6 Insurance Requirements Independent of Agreement Obligations
