REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART A - GENERAL INFORMATION

1.0 Request for Expressions of Interest

- 1.1 The City of Vancouver (the “City”) invites interested and qualified parties, (the “Applicants”) to submit expressions of interest (“EOI Submission”) in response to this Request for Expressions of Interest for Collection of Recyclable Materials from Multi-Family Buildings (the “RFEOI”). Interested and qualified parties are requested to submit an Information Meeting Attendance Form, followed by a Response Notification Form, followed by an EOI Submission, on or before the applicable deadlines noted in this RFEOI.

2.0 Key Dates

- 2.1 Applicants should note the following key dates:

Event	Dates
Release of RFEOI	Thursday, October 2, 2008
Information Meeting Attendance Form	Monday, October 13, 2008
Information Meeting	Thursday, October 16, 2008
Deadline for Response Notification Form	Friday, October 17, 2008
Deadline for Inquiries	Tuesday, October 21, 2008
Deadline for submission of EOI Submissions	Tuesday, October 28, 2008

3.0 Information Meeting

- 3.1 A non-mandatory information meeting (“Information Meeting”) for Applicants will be held at the following date, time and location:

Date and Time: 1:00pm on Thursday, October 16, 2008
Location: City Hall,
Sub-Ground, Strathcona Room
453 West 12th Avenue
Vancouver, BC

- 3.2 This meeting will include an overview of the project and will give Applicants the opportunity to raise questions in a communal forum. **All prospective applicants are to pre-register for the Information Meeting by submitting an Information Meeting Attendance Form (Appendix 4) by fax to (604) 873-7057 or e-mail to purchasing@vancouver.ca by Monday, October 13, 2008.**
- 3.3 Applicants are encouraged to pre-read this RFEOI and submit any questions regarding this RFEOI by e-mail to the contact person (Eamonn Savage) shown on the title page.
- 3.4 Please notify the Contact Person by e-mail if you will be attending the Information Meeting.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART A - GENERAL INFORMATION

4.0 Introduction

- 4.1 The City is seeking Expressions of Interest for the collection of recyclable materials from multi-family buildings for three (3) specific geographic areas of the City.
- 4.2 The City's Apartment Recycling Program has been operating city-wide since 1999. The program includes apartment buildings, condominiums, co-ops, townhouses as well as other multi-family buildings in the City. The City is divided into five (5) geographic areas. This RFEI seeks EOI Submissions for a Recyclables Collection Contract covering three (3) of the five (5) geographic areas. Recyclables Collection service to the other two (2) areas is currently and will continue to be provided by City of Vancouver forces. In the three (3) geographic areas (the "Collection Areas") which are the subject of this RFEI, there are a total of approximately 96,000 residential units in approximately 2,400 buildings. Refer to Schedule A1 Sub-Area Map for details on the three (3) areas.
- 4.3 Currently, the City of Vancouver's apartment recycling program collects materials in 3 categories: Old Newspapers (ONP), Mixed Paper Products (MPP) and Mixed Containers (MCO). All material collected in the apartment recycling program is taken to the City-owned Receiving Facility located at 1198 East Kent Avenue South.
- 4.4 The City's apartment recycling program currently recovers approximately 8,600 tonnes of recyclable material per year from the three Contractor serviced areas (this amount is estimated only and not guaranteed by the City).

5.0 Definitions

- 5.1 This RFEI utilizes numerous specially defined terms to describe the components of the Contract and related Work being sought via the EOI Submissions. Applicants are to refer to Schedule A [Form of Agreement] (Scope of Work - Section SW 1.1.1) for the precise definitions of these specialized terms.

6.0 Schedule of Approximate Quantities

- 6.1 The quantities in the following tables are approximate only and are expected to change over time. Upon entering into a Recyclables Collection Contract, the following estimated numbers will become contractually subject to Section I. and II. of the Form of Agreement attached as Schedule A to this RFEI.

**REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART A - GENERAL INFORMATION**

Category	Approximate Quantities (Total of Collection Areas I, II & III)	
	TPY*	% of TPY*
ONP	2,900	34%
MPP	3,600	42%
MCO	2,100	24%
TOTAL	8,600	100%

*TPY refers to metric tonnes per year

	Approximate Number of Dwelling Units	Approximate Number of Recycling Carts
Area I	60,219	4,100
Area II	22,361	2,950
Area III	13,471	1,310

See Schedule A1 for graphical representation.

7.0 Contractual and Operational Requirements

- 7.1 The City has an existing Contract with a Recyclables Collection Contractor on contractual terms and conditions substantially similar to those attached to this RFEI as Schedule A (which contract will expire without renewal just prior to the Collection Commencement Dates set out in Section I. [General] of the Form of Agreement attached as Schedule A). Applicants should carefully review Schedule A and confirm in their EOI Submissions whether or not they would be prepared to enter into a Recyclables Collection Contract with the City on terms substantially similar to same and if not then to fully describe such proposed deviations or variations to same.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART B - INSTRUCTIONS TO APPLICANTS

NOTE: Capitalized terms used in this RFEI will have the meaning ascribed to such terms wherever they are defined in this RFEI.

1.0 Administrative Requirements

- 1.1 Please indicate whether or not you will be submitting an EOI Submission prior to the Closing Time by submitting the Response Notification Form (Appendix 1) prior to the deadline set out in Part A Section 2.1.
- 1.2 It is the sole responsibility of the Applicant to check the City's website at <http://www.vancouver.ca/bid/bidopp/openbid.htm> regularly for amendments, addenda, and questions and answers related to this RFEI.
- 1.3 The Applicant is to submit its EOI Submission in accordance with the terms of this RFEI including the instructions identified on the cover page and as provided within this Part B.

2.0 Conduct of RFEI - Inquiries and Clarifications

- 2.1 The City's Manager of Supply Management has conduct of this RFEI, and all communications are to be directed only to the Contact Person as identified on the cover page.
- 2.2 It is the responsibility of the Applicant to thoroughly examine these documents and satisfy itself as to the full requirements of this RFEI. Inquiries are to be in written form only, faxed to 604-873-7057 or e-mailed to purchasing@vancouver.ca to the attention of the Contact Person before the deadline set out in Part A Section 2.1. If required, an Amendment will be issued to all Applicants who have submitted a Response Notification Form (Appendix 1) and will be posted on the City's website as noted in Section 1.2 above.

3.0 Consortium EOI Submissions

- 3.1. The City will consider an EOI Submission from two or more persons or companies having no formal corporate links who wish to form a joint venture or consortium solely for the purpose of submitting an EOI Submission in response to this RFEI, provided they disclose the names of all members of the joint venture or consortium and all members sign the cover letter (the "EOI Submission Cover Letter") in the form set out in Appendix 2.
- 3.2 One person or company is to be identified as the contact person on the EOI Submission Cover Letter, and be prepared to represent the consortium to the City. The contact person will serve as the primary contact and take overall responsibility for all communications with the City during the RFEI process.
- 3.3 Consortium EOI Submissions should describe each consortium member's roles and responsibilities and the proposed legal contract structure.
- 3.4 The City reserves the right to accept the consortium as proposed or to negotiate or contract with individual consortium members separately.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART B - INSTRUCTIONS TO APPLICANTS

4.0 Submission of EOI Submission

- 4.1 Applicants are to submit five (5) copies of their EOI Submission in a sealed envelope or package marked with the Applicant's name, the RFEOI title and number, prior to the Closing Time and to the location shown on the cover page of this RFEOI.
- 4.2 Only the English language may be used in responding to this RFEOI.
- 4.3 EOI Submissions received after the Closing Time or in locations other than the address indicated on the cover page, may or may not be accepted and may or may not be returned. The City may or may not elect to extend the Closing Time.
- 4.4 Amendments to an EOI Submission are to be submitted prior to the Closing Time in writing to the address set out on the cover page in a sealed envelope or package, marked with the Applicant's name and the RFEOI title and number.
- 4.5 EOI Submissions may be withdrawn at any time before or after the Closing Time and are to be withdrawn by written notice delivered to the attention of the Contact Person at Purchasing Services Office, 3rd Floor, Suite #320, East Tower, 555 West 12th Avenue, Vancouver, British Columbia, Canada, V5Z 3X7, and signed by the authorized signatory for the Applicant.
- 4.6 All costs associated with the preparation and submission of the EOI Submission, including any costs incurred by the Applicant after the Closing Time, will be borne solely by the Applicant.

5.0 EOI Submission Content and Format

- 5.1 Applicants are to submit EOI Submissions which contain the information and are formatted in accordance with the instructions set out in Appendix 3.

6.0 Conflict of Interest/Solicitation

- 6.1 Applicants are to ensure that any and all conflicts of interest or potential conflicts of interest and any and all collusion, or appearance of collusion is fully and properly disclosed in the EOI Submission Cover Letter.
- 6.2 Failure to disclose this information may result in the rejection of the EOI Submission, the associated entity's EOI Submission, and/or the immediate cancellation of any contract should one be concluded in reliance on the information contained in the submitted EOI Submission.
- 6.3 If any director, officer, employee, agent or other representative of an Applicant makes any representation or solicitation offering a personal benefit of any kind, directly or indirectly, to any officer, employee, agent or elected official of the City with respect to the EOI Submission, whether before or after the submission of the EOI Submission, the City will automatically disqualify such Applicant.

7.0 Opening of EOI Submissions

- 7.1 The City reserves the right to open all EOI Submissions in a manner and at the time and place determined by the City in its sole discretion.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART B - INSTRUCTIONS TO APPLICANTS

8.0 Evaluation of EOI Submissions

- 8.1 The purpose of this RFEOI process is to enable the City to identify Applicants who are able to propose a solution which best meets the City's goals and objectives for the collection of Recyclable Materials from multi-family buildings within the Collection Areas and which best meets the desired requirements set out in Schedule A. The City will evaluate EOI Submissions on the basis of the overall best value to the City, based on quality, service, and any other relevant criteria including, but not limited to:
- a) Extent to which proposed solution meets the City's goals and objectives;
 - b) Extent to which the Applicant confirms its agreement to the contractual terms and conditions attached as Schedule A to this RFEOI;
 - c) Applicant's business and technical experience in the recycling industry; and where applicable, the experience of its personnel and partners;
 - d) References from current and former customers;
 - e) Applicant's financial capacity, strength and stability;
 - f) Applicant's commitment to the City's long term goals for the collection of recyclables;
 - g) General quality of EOI Submission; and
 - h) Any other criteria set out in the RFEOI or otherwise considered relevant by the City.

9.0 Review Process

- 9.1 Subsequent to the review, the City may ask one or more Applicants to provide clarifications and/or meet with City staff for the purpose of further expanding on its EOI Submission. The location for this meeting will be made available at a later date.
- 9.2 Subsequent to the receipt and review of the EOI Submissions, the City reserves the right, at its sole discretion, to short-list or pre-qualify all or some of the Applicants and then either (a) enter into parallel or sequential negotiations with all or some of the Applicants, or (b) issue an Invitation to Tender (ITT) or (c) issue a Request for Proposals (RFP) for all or part of the requirements described herein, or (d) cancel this process in its entirety or otherwise modify same.

10.0 City Rights

- 10.1 Notwithstanding any other provision of this RFEOI, the City will be entitled in its sole discretion to take any of the following actions and will not under any circumstances be liable to any person including any Applicant for taking such actions:
- a) amend the scope of the project envisioned by the RFEOI;
 - b) reject or accept any or all EOI Submissions;

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART B - INSTRUCTIONS TO APPLICANTS

- c) cancel the RFEOI process and reject all EOI Submissions;
- d) cancel the RFEOI process and recommence prequalification in respect of the same project with the same or an amended set of documents, information and requirements;
- e) request any Applicant to provide additional information or clarification or equipment samples or demonstrations without requesting such information from all Applicants;
- f) invite any or all Applicants or any other party to participate in a Request for Proposals process and/or an Invitation to Tender process; or
- g) terminate the RFEOI process and enter into direct negotiations with any party(ies) whether or not an Applicant.

10.2 This RFEOI is not an Invitation to Tender or Request for Proposals nor an offer to enter into an agreement with the City and the delivery of an EOI Submission by any Applicant does not in any way whatsoever create any agreement between the City and any Applicant. The City has no contractual obligations whatsoever arising out of this RFEOI process.

10.3 This RFEOI process is a preliminary step in the procurement process only.

11.0 Council Approval

11.1 Applicants should note that the ultimate decision to proceed with collection of Recyclable Materials from multi-family buildings must be made by Council. Staff will present its findings and recommendations to Council for its action upon the conclusion of the RFEOI process.

12.0 Quantities

12.1 Any quantities or measurements stated in this RFEOI are the City's best estimates and should not be relied on. Actual quantities or measurements may vary.

13.0 Environmental Responsibility

13.1 The City is committed to preserving the environment. Applicants should provide environmentally sensitive products or services wherever possible. Where there is a requirement that the Applicant supplies materials, and where such materials may cause adverse effects, the Applicant is to indicate the nature of the hazard in its EOI Submission.

13.2 The Applicant is to advise the City of any known alternatives or substitutes for such materials that would mitigate the effects of any adverse conditions on the environment.

14.0 Freedom of Information and Protection of Privacy Act

14.1 Applicants should note that the City of Vancouver is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City's consultants and contractors to protect all personal information acquired from the City in the course of providing any service to the City.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
PART B - INSTRUCTIONS TO APPLICANTS

15.0 Confidentiality

- 15.1 Applicants are not permitted to disclose any information received from the City in the course of the RFEI process without the City's prior written consent.
- 15.2 This RFEI is the property of the City. Except for the purpose of submitting an EOI Submission, copies may not be made or distributed without the prior written approval of the City's Manager, Supply Management.

16.0 Sub-Contractors

The Applicant shall submit with the EOI Submission a list of the names of all Sub-Contractors the Applicant proposes to engage on the Work, as well as their intended activities with respect to the Work. Failure to submit a complete list of Sub-Contractors may result in the EOI Submission being considered incomplete. No changes or additions to this list shall be made without the prior written approval of the City Engineer.

17.0 Confidentiality and Privacy

This EOI Submission, once submitted to the City, becomes the property of the City, which is a public body required under the Freedom of Information and Protection of Privacy Act (British Columbia) to protect or disclose certain types of records according to certain statutory rules. This EOI Submission, upon submission to the City by the Applicant, will be received and held in confidence by the City, unless and until it is or must be disclosed pursuant to the Freedom of Information and Protection of Privacy Act (British Columbia) or the process adopted by the City for reporting on this RFEI and the EOI Submission results of same to Council.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE L - EOI SUBMISSION INFORMATION REQUIREMENTS

This Schedule L sets out the information which Applicants should include in their EOI Submission about their proposed solution.

1.0 Desired Requirements

This Section describes the City's desired requirements for the Collection of Recyclable Materials from Multi-Family Buildings. The City will consider those Applicants who can provide solutions which best address the following requirements.

2.0 Compliance with Contractual Requirements

Applicants should carefully review the Form of Agreement and all Schedules to same and confirm their ability to comply (or if not, how not) with the Form of Agreement and all of its terms, including without limitation and by way of example only, the performance bond, insurance, WCB, and liquidated damages clauses of same.

3.0 Corporate Resume

Applicants are asked to provide details on the following to be evaluated by the City as part of their EOI submission:

- a) Describe type of company or companies involved (consortium, joint venture);
- b) Describe company/entity size, depth, and annual sales volume (in dollars);
- c) Describe capability (financial, experience and workload capacity) to undertake the role of collecting recyclables from multi-family buildings;
- d) List three relevant, current or completed projects of similar size and scope, including name of customer, description and value of the program that your organization has participated in, describing previous experience most relevant to recycling collection from multi-family buildings, including personnel, references and details of past and present contracts or agreements;
- e) Describe capacity to undertake the Recyclables collection service being sought under this RFEOI;
- f) Demonstrate its ability and commitment to supply the Recyclables collection service;
- i) List any and all subcontractors (including vehicle lessors) which the Applicant proposes to use in the Work including a description of the work proposed to be performed by each such subcontractor;
- j) Detail any challenges foreseen by the Applicant in carrying out of the Work, and how same would be overcome; and
- k) Identify any assumptions on which their EOI Submission including their proposed solution is based.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE L - EOI SUBMISSION INFORMATION REQUIREMENTS

4.0 Scope of Work

The Applicant shall demonstrate in their EOI Submission how their proposed solution will provide a complete collection service which shall be performed to the satisfaction of the City Engineer over and above the minimum terms and conditions set out in the Form of Agreement.

In general terms and without limiting the requirements and intent of this RFEOI, the Work will be comprised of a complete Recyclables collection service within the Collection Area(s) including, but not limited to, the following:

- a) supply all the necessary labour, tools, machinery, plant, and equipment to perform the Work;
- b) implement and maintain an on-going recycling awareness and education program to ensure that Generators at each Site participate in the recycling program in a correct manner;
- c) provide weekly collection and removal of Recyclable Materials from each Site in the Collection Area(s);
- d) transport the collected Recyclable Materials to a City-designated Receiving Facility;
- e) perform individual Site visits as may be required or as directed by City Engineer;
- f) deliver recycling containers, recycling bags, brochures and schedules as may be required or as directed by the City Engineer to the Sites;
- g) implement the Multi-Family Recycling Program at new buildings in the Collection Area(s) that begin recycling collection during the term of the Contract, including, but not limited to, arranging and conducting Site visits and delivering recycling containers and all information;
- h) provide sufficient supervision and labour to perform the necessary publicity, education, and collection tasks;
- i) resolve customer service problems/complaints within 24 hours of being notified and notify the City of any problems/complaints and any resolution;
- j) accurately report all program data on a monthly and semi-annual basis, or as directed by the City Engineer.

5.0 IMPLEMENTATION

Applicants are to include their implementation and mobilization plan as further described in SW 2.1.0 and 2.2.0 of Schedule A [Form of Agreement].

6.0 COMMUNICATION AND EDUCATION

Applicants are to include their communication and education plan as further described in SW 3.1.0, 3.2.0, and 3.3.0 of Schedule A [Form of Agreement].

**REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE L - EOI SUBMISSION INFORMATION REQUIREMENTS**

7.0 VEHICLE FLEET INVENTORY

Applicants are to include their Collection Vehicle fleet inventory as further described in SW 9.1.6 of Schedule A [Form of Agreement].

8.0 ESTIMATED PRICING

Applicants are to include their estimated pricing, preferably in the unit price format and using the metrics set out in Schedule A [Form of Agreement]. However, alternative pricing models may or may not be considered by the City.

Attention: Eamonn Savage

Dear Sirs/Mesdames:

Re: Request for Expressions of Interest No. PS08182 - Collection of Recyclable Materials from Multi-Family Buildings ("RFEOI")

The undersigned (the "**Applicant**") having carefully reviewed the RFEOI hereby submits an expression of interest ("**EOI Submission**") in accordance with the requirements of the RFEOI.

The Applicant hereby authorizes the City and its authorized representatives to conduct any inquiries or investigations to verify the statements, documents, and information submitted in connection with this EOI Submission and to contact the references provided with this EOI Submission. The Applicant agrees to provide the City with any consents or approvals which the City may require to conduct such investigations.

The Applicant designates [_____] as its primary contact for communications with the City in relation to the RFEOI process.

The Applicant acknowledges and agrees as follows:

- a) The City is entitled in its sole discretion to take any of the following actions (at any time before, during, or after this RFEOI process) and will not under any circumstances be liable to the Applicant for taking such actions:
 - i) amend the scope of the project envisioned by the RFEOI;
 - ii) reject or accept any or all EOI Submissions;
 - iii) cancel the RFEOI process and reject all EOI Submissions;
 - iv) cancel the RFEOI process and recommence prequalification in respect of the same project with the same or an amended set of documents, information and requirements;
 - v) request any Applicant to provide additional information or clarification or equipment samples or demonstrations without requesting such information from all Applicants;
 - vi) invite any or all Applicants or any other party(ies) to participate in an Invitation to Tender or Request for Proposals process separately and independently from this RFEOI; or
 - vii) terminate the RFEOI process and enter into direct negotiations with any party(ies) whether or not an Applicant.

- b) The RFEOI is not an invitation to tender or request for proposals nor an offer to enter into an agreement with the City and the delivery of the EOI Submission by the Applicant does not in any way whatsoever create any agreement between the City and the Applicant. The City has no contractual obligations whatsoever arising out of the RFEOI process.
- c) The RFEOI process is a preliminary step in the procurement process only.
- d) The Applicant will not disclose or promote its involvement in this procurement process, including by means of any verbal declarations or announcements and by means of any sales, marketing or other literature, letters, client lists, press releases, brochures or other written materials without the express prior written consent of the City. The Applicant undertakes not to use "VANOC", "Vancouver 2010", the official emblem, logo or mascot of the 2010 Games or any reference or means of promotion or publicity, without the express prior written consent of the City. Furthermore, the Applicant undertakes not to disclose or promote its relationship with the City in any communication or manner whatsoever as a basis to create an association, express or implied, between the Applicant and the International Olympic Committee (IOC), the Olympics or the Olympic Movement.

The Applicant now confirms and warrants that there is no officer, director, shareholder, partner or employee or other person related to the Applicant or any sub-contractor of the Applicant (a "person having an interest") or any spouse, business associate, friend or relative of a person having an interest who is:

- a) an elected official or employee of the City; or
- b) related to or has any business or family relationship with any elected official or employee of the City,

such that there would be any conflict of interest or any appearance of conflict of interest in the evaluation or consideration of this EOI Submission by the City, except as set out below:

The Applicant now confirms and warrants that:

- a) the Applicant has no affiliation, whether legal or financial, with any other entity which is in the business of providing the same type of goods or services which are the subject of the RFEOI; and
- b) the Applicant is not competing within this RFEOI process with any entity which it is legally or financially associated or affiliated, except as set out below:

-
- c) The Applicant acknowledges receipt of the following addenda (if applicable):

Addendum No.

Date

[insert n/a if no addenda are issued by the City]

The Applicant declares that the statements made and the information provided in its EOI Submission are complete, true, and correct in every respect.

[insert full legal name of Applicant]

Per: _____

Authorized Signatory

Print Name: _____

1.0 EOI Submission Format

1.1 Unnecessarily elaborate EOI Submissions, beyond that sufficient to present a complete and effective response, are not required and unless specifically requested, the inclusion of corporate brochures and narratives are discouraged. However, if additional supportive literature is required for providing technical information to the solutions, it is to be included as appendices and referenced accordingly.

1.2 EOI Submissions should be arranged as follows:

Title Page: The title page will show the RFEOI title and number, Closing Time, Applicant name, address, telephone number and the name and title of the contact person.

Table of Contents: Page numbers should be indicated.

EOI Submission

Cover Letter: An EOI Submission Cover Letter should be included in the form set out in this Appendix 3.

Executive Summary: A short summary of the key features of the EOI Submission demonstrating the Applicant's understanding of the scope of the requirements and the project generally.

EOI Submission Content: The balance of the EOI Submission contents should then be set out in the order noted in Section 2.0 below.

2.0 EOI Submission Content

EOI Submission Content should be comprised of a full response to the following items as detailed in Schedule L and in the same order as listed In Schedule L, namely:

- Compliance With Contractual Requirements
- Corporate Resume
- Scope Of Work
- Implementation
- Communication And Education
- Vehicle Fleet Inventory
- Estimated Pricing

FORM OF AGREEMENT

The AGREEMENT is made as of the ____ day of _____, 20__.

BETWEEN:

CITY OF VANCOUVER,
having an office at 453 West 12th Avenue,
Vancouver, British Columbia, V5Y 1V4

(hereinafter referred to as the "City")

OF THE FIRST PART

AND:

(hereinafter referred to as the "Contractor")

OF THE SECOND PART

WITNESSES as follows:

I. General

- a) In consideration of the covenants and agreements hereinafter contained and to be performed by the City, the Contractor hereby agrees with the City to do the work within the time herein limited, at the prices and on the terms and conditions herein contained.
- b) The City and Contractor now agree on the following prices for the Work:

Collection Area	Approximate # of Units	Collection Commencement Date	Unit Prices (\$ per Unit per Year)	Estimated Annual Amount
Area I	60,219	May 1, 2009		
Area II	22,361	August 1, 2009		
Area III	13,471	May 1, 2009		

The Contract Price as set out above is in Canadian dollars, and does not include GST or PST.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

[NOTE: The City would like to start collection as soon as possible. Some contractors may be in a position to commence service prior to their Collection Commencement Date. If as a result of the EOI Submission process the City and Contractor agree to the start of the collection services prior to their Collection Commencement Date, then the following optional table will be completed setting out the incremental discount/increased cost in Price (\$/unit) associated with starting the service prior to the prescribed Collection Commencement Date set out above. This incremental discount/cost would be applied only to payments from January 1, 2009 through to the prescribed Collection Commencement Date for the applicable Collection Area.]

Unit Price Contract

This is a unit price Contract and payment will be based on the unit and the number of Dwelling Units serviced as determined by the City Engineer pursuant to this Contract.

The City makes no guarantee that the number of Dwelling Units within each Collection Area set out in the RFEOI or other document issued or published by the City prior to this Contract or in any Schedule to this Contract represents the actual number of Dwelling Units. Unit count numbers originate from the City's tax database and from site visits and are estimated to be within 1-2% accuracy and are provided solely for the purpose of approximating the scope of the Work required to be performed by the Contractor under this Contract. Building addresses are taken from the City's tax database and it is estimated (but not guaranteed) that over 95% of all eligible multi-family buildings have been accounted for. Some newer buildings and some buildings where a change of use have occurred might not yet have been accounted for but are included in the Work, where applicable.

- c) In consideration of the performance by the Contractor of all and singular the covenants and agreements herein contained and to be performed by the Contractor, the City HEREBY COVENANTS AND AGREES with the Contractor that it will pay to the Contractor the sums of money herein specified as payment if payment is due to the Contractor, and the Contractor HEREBY COVENANTS AND AGREES with the City that it will pay to the City the sums of money herein specified as payment if payment is due to the City.
- d) IT IS UNDERSTOOD AND AGREED by and between the parties hereto that this Contract including the Table of Contents, the General Conditions, the Scope of Work, the Form of Agreement, the Schedules, and all other Sections shall be read with and form part of the Contract Documents as if embodied herein.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

- e) Whenever in this agreement it is stipulated that anything shall be done or be performed by either of the parties hereto, it shall be assumed that such party has thereby entered, and such party does hereby enter, into a covenant with the other party to do or perform the same.
- f) All grants, covenants, provisos and claims, rights, powers, privileges, and liabilities contained in this agreement shall be read and held as made by and with and granted to and imposed upon the respective parties hereto and their respective heirs, executors, administrators, successors and permitted assigns, in the same manner as if the words "heirs, executors, administrators, successors and assigns" had been inscribed in all proper and necessary places, and in the event of more than one person being the Contractor, the said grants, covenants, provisos and claims, rights, powers, privileges and liabilities shall be construed and held to be several as well as joint.
- g) If the Contractor is, at any time, a non-resident of Canada, within the meaning of the Income Tax Act of Canada as amended, then, and the Contractor hereby so agrees, the City may deduct from all monies payable under the Contract and remit to the Receiver-General of Canada, the Government of Canada or Revenue Canada, Taxation sums not greater than the greater of:
 - i) Twenty-five percent (25%) of all monies payable under the Contract; and
 - ii) Sums required to be withheld and remitted by the Income Tax Act of Canada as amended.

The City shall receive a further credit under the Contract for monies withheld as of and from the date of the withholding (regardless of when or whether remitted) and no interest shall be payable by the City on sums withheld, not remitted as aforesaid and later paid directly to the Contractor.

- h) This Contract shall be binding upon and shall enure to the benefit of the successors and assigns of the respective parties hereto.

II. No Exclusive Right of Collection

- a) This contract does not give the Contractor an exclusive right to collect Recyclables from Sites within the Collection Area. However, the City will not issue additional contracts for the collection of Recyclables covered under this Contract for Sites within the Collection Area.
- b) The City currently provides blue box service to multi-family complexes with five (5) suites or less in the Collection Area. These customers will remain with the City's blue box program and have their Recyclables picked-up by the City and are not part of the Work under this Contract.

III. Requirement of Exclusivity of Equipment and Personnel

- a) All equipment and personnel proposed to be used by the Contractor and its Sub-Contractors shall be used exclusively for the Work, unless approved otherwise by the City Engineer.
- b) Under no circumstances shall the Contractor's equipment and/or personnel make collections from any property, firm or establishment not authorized by the City Engineer.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

IN WITNESS WHEREOF the parties hereto have set their hands and seals as of the day and year first above written.

CITY OF VANCOUVER

BY: _____
Authorized Signatory

IN PRESENCE OF:

Witness

CONTRACTOR

BY: _____
Authorized Signatory

Authorized Signatory

Contract awarded by Vancouver City Council on _____, 20 ____.

GC GENERAL CONDITIONS

The Contractor will perform the Work of this Contract according to the following General Conditions:

GC.1 The Contract

The intent of the Contract is that the Contractor shall provide all materials, supervision, labour, equipment, land, and all else necessary for, or incidental to, the proper execution of the Work, unless specifically noted otherwise. The Contractor shall do all the Work outlined in the Contract Documents and all other things deemed necessary to complete the Works.

In the case of any inconsistency or conflict of the provisions within the Contract Documents, the provisions of such documents thereto will take precedence and govern in the following order:

- 1) Form of Agreement;
- 2) General Conditions;
- 3) Scope of Work;
- 4) Schedules; and,
- 5) All other documents.

GC.2 Discrepancies

Any discrepancies found in the Contract Documents, or any errors or omissions in the Contract Documents, shall immediately be reported to the City Engineer, who shall promptly correct such discrepancies, errors or omissions in writing. Any work done prior to and/or after the discovery of such discrepancies, errors or omissions shall be done at the Contractor's own risk and expense.

GC.3 The City Engineer and the Contractor

The City Engineer is the official person responsible for all aspects of administration of the Contract on behalf of the City.

The Contractor shall have complete control of its own organization, the carrying out of the Work, and the method of carrying out the Work.

The Contractor shall notify the City Engineer, in writing, within five (5) working days if, in the Contractor's opinion, a decision by the City Engineer or his representative is in error and not in accordance with the Contract Documents.

The City Engineer may delegate his powers to other persons as the City Engineer deems appropriate.

The City Engineer may appoint any person or company, or the employee of any such person or company, to be an Inspector. Such Inspector shall have the authority of the City Engineer to reject materials, procedures, and/or workmanship that do not comply with the provisions of the Contract and to order the Contractor to stop work until the materials, procedures, and/or workmanship comply with such provisions.

The Contractor shall appoint a person working for the Contractor to represent the Contractor in the day-to-day operation of the Contract.

GC.4 Intentionally Omitted

GC.5 Intentionally Omitted

GC.6 Performance Bond

Concurrently with signing this Contract, the Contractor, together with a Guaranty Surety Company authorized to do business in the Province of British Columbia, shall be required to enter into a Performance Bond in the corresponding amount, for each Collection Area covered by this Contract, in a form satisfactory to the City's Director of Legal Services as surety for the due and proper performance of the Contract.

Area	Value of Performance Bond
Area I	\$200,000
Area II	\$100,000
Area III	\$100,000

In addition to any other remedies available to the City, failure to comply with this requirement will result in, at the City's sole option, either a the City declining to enter into the Contract and proceeding with the Contract and exercising its default remedies hereunder.

All bonds must be issued by a surety company authorized and licensed to carry on business in British Columbia and must have an office in British Columbia and the form of the bond shall be in a form satisfactory to the City's Director of Legal Services.

GC.7 Subcontractors

The Contractor shall be held fully responsible to the City for the acts and omissions of his subcontractors and of persons directly or indirectly employed by them.

The Contractor agrees to bind every subcontractor by the terms and conditions of the Contract Documents as far as applicable to his work; however, nothing contained in the Contract Documents shall create any contractual relation between the Contractor's subcontractors and the City.

GC.8 Laws, Notices, Permits, and Fees

The Contractor shall, at his own expense, procure all permits, certificates, and licenses required by law for the Work and shall comply with all local, provincial, and federal laws, regulations, and by-laws, now and hereinafter enacted, that may affect the successful execution of the Work, unless the Contract Documents specifically provide otherwise.

The Contractor shall give all required notices and comply with all laws, regulations, by-laws, codes, and orders of all authorities having jurisdiction relating to the Work and to the preservation of public health and safety, and shall indemnify and save harmless the City from his failure to do so. If the Contractor observes anything in the Contract Documents to be at variance with the foregoing, he shall promptly notify the City Engineer, in writing, and await the City Engineer's instructions. If the Contractor performs any work, knowing it to be contrary to such laws, regulations, by-laws, codes, and orders, and without giving notice to

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

and requesting instructions from the City Engineer, he shall bear all costs arising therefrom. Without limiting the foregoing, the Contractor should be particularly aware of the following City by-laws (copies of which may be obtained from the City Clerks office):

- 1) Noise Control By-Law No. 6555;
- 2) Motor Vehicle Noise and Emission Abatement By-law No. 9344;
- 3) Street and Traffic By-Law No. 2849;
- 4) Solid Waste By-Law No. 8417; and
- 5) Licence By-Law No 4450.

GC.9 Change in the Work

The City Engineer, without invalidating the Contract, may make changes to the Contract by adding or deleting Recyclable Materials and/or Recyclable Material Categories to be collected. The Contractor shall proceed with the work as changed and the Work shall be executed under the provisions of the Contract. No changes shall be undertaken by the Contractor without the written consent of the City Engineer.

Where a Recyclable Material is added to the Work, as per Section GC.21, the City and the Contractor shall, if warranted, negotiate changes to the Contract prices for the Collection of Additional Materials.

Where a Recyclable Material Category is added to the Work, as per Section GC.21, the City and the Contractor shall negotiate Contract prices for the new category.

Contract price negotiations shall be based on the Contractor's *bona-fide* incremental cost that is directly associated with collection of the new Recyclable Material or Recyclable Material Category.

The Contractor and the City shall jointly notify the Contractor's Bonding Agent of all Contract changes.

GC.10 Inspection of Work

The City Engineer shall make periodic inspections of the work to verify that the service supplied by the Contractor is adequate in all respects. If the City Engineer determines the work is deficient in any way, the City Engineer shall notify the Contractor to take corrective action. Upon such notification, the Contractor shall proceed without delay to institute corrective measures that ensure full performance in conformity with the requirements of the contract specifications.

The Contractor shall, at all times, provide the City Engineer with adequate access to any equipment and facility used by the Contractor or his subcontractors (e.g., equipment storage and maintenance yard) for the fulfilment of this Contract. Such access will permit the proper inspection by the City Engineer.

Any inspection or lack of it, performed by the City Engineer shall not relieve the Contractor in any way from making his own inspections to ensure that he work is being performed in accordance with the Contract Documents.

On occasion, a representative from the City will perform an audit of the entire system used to collect the recyclables. The Contractor must accommodate the auditors if they arrive on-site, unannounced.

GC.11 Labour

The Contractor shall at all times enforce discipline and good order among its employees and shall not employ on the Work an unfit person or anyone not skilled in the work assigned. Any employee on the Work who is intoxicated, intemperate, disorderly, or wilfully negligent shall be discharged by the Contractor from the Work.

GC.12 Workers' Compensation Board Compliance

- a) **Payment of WCB Assessments** - The Contractor agrees that it shall at its own expense procure and carry or cause to be procured and carried and paid for, full Workers' Compensation Board coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this Contract. The Contractor agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for such Worker's Compensation Board coverage against any monies owing by the City to the Contractor. The City shall have the right to withhold payment under this Contract until the Worker's Compensation Board premiums, assessments or penalties in respect of work done or service performed in fulfilling this Contract have been paid in full.
- b) **Designation of Contractor as Prime Contractor** – The City now designates the Contractor as the Prime Contractor, and the Contractor now acknowledges and agrees to its designation as the Prime Contractor, for the purposes of the WCB OH&S Regulation.
- c) **Prime Contractor's Obligations** – Without in any way limiting the Contractor's obligations under the WCB OH&S Regulation, and by way of example only, the Contractor will:
 - i) appoint and provide a qualified coordinator for the purpose of ensuring the coordination of health and safety activities for the Site;
 - ii) provide and receive and respond to all information required to be given, received or relayed by the Contractor (both as an employer and as the Prime Contractor) pursuant to the WCB OH&S Regulation; and
 - iii) within five (5) Working Days of the City delivering the Contract Documents to the Contractor, sign and deliver to the City, the "Prime Contractor Agreement" in the form attached.
- d) **General WCB Obligations** – In addition to, and not in lieu of, the Contractor's obligations as the Prime Contractor, the Contractor will have a safety program acceptable to the Workers' Compensation Board and will ensure that all City and Workers' Compensation Board safety policies, rules and regulations are observed during performance of this Contract, not only by the Contractor but by all Subcontractors, workers, material suppliers and others engaged in the performance of this Contract.
- e) **Notice of Project** – Prior to commencement of construction, the Contractor will:
 - i) complete and file a "Notice of Project" with the Workers' Compensation Board in compliance with Section 20.2 of the WCB OH&S Regulation;
 - ii) post the Notice of Project at the Site; and
 - iii) will provide a copy of the Notice of Project to the City and confirm in writing that the Notice of Project has been posted at the Site.

- f) **Initial Proof of WCB Registration/Good Standing** – Within five (5) Working Days of the City delivering the Notice of Award to the Contractor, the Contractor will provide the City with the Contractor's and all Subcontractor's Workers' Compensation Board registration numbers.
- g) **Subsequent Proof of WCB Registration/Good Standing** – Within five (5) Working Days of the City delivering the Notice of Award to the Contractor, and concurrently with making any application for payment under this Contract, the Contractor will provide the City with written confirmation that the Contractor and all Subcontractors are registered in good standing with the Workers' Compensation Board and that all assessments have been paid to date of the Notice of Award or date of application for payment, as applicable.
- h) **Pre-Contract Hazard Assessment** – The Contractor may or may not have received, as part of the Contract Documents, a "Pre-Contract Hazard Assessment" prepared by or for the City pursuant to the City's statutory obligations under the WCB OH&S Regulation (Section 119 of the WCA) as an "owner of a workplace". Despite the City's statutory obligations, the Prime Contractor now acknowledges and agrees that the Contractor may not rely on the "Pre-Contract Hazard Assessment" and now agrees to assume by the terms of this Contract full responsibility for carrying out the City's obligations under Section 119 of the WCA, including without limitation and by way of example only, conducting all due diligence inquiries of all applicable City staff and departments in order to ascertain what, if any, information is known or has been recorded by City staff about the Site that is necessary to identify and eliminate or control hazards to the health or safety of persons at the Site. The City now agrees to make all reasonable efforts to assist the Contractor in obtaining timely access to City staff and City records for this purpose. Within five (5) Working Days of the City delivering the Notice of Award to the Contractor, the Contractor will start conducting such due diligence inquiries and must complete and deliver written confirmation of the completion of such inquiries to the Engineer prior to the City being obligated to issue the Notice to Proceed.
- i) **Special Indemnity Against WCB Non-Compliance** – The Contractor will indemnify the City and hold harmless the City from all manner of claims, demands, costs, losses, penalties and proceedings arising out of or in any way related to:
- i) unpaid Workers' Compensation Board assessments of the Contractor or any other employer for whom the Contractor is responsible under this Contract;
 - ii) the acts or omissions of any person engaged directly or indirectly by the Contractor in the performance of this Contract, or for whom the Contractor is liable pursuant to the Contractor's obligations as the Prime Contractor, and which acts or omissions are or are alleged by the Workers' Compensation Board to constitute a breach of the WCB OH&S Regulation or other failure to observe safety rules, regulations and practices of Workers' Compensation Board, including any and all fines and penalties levied by the Workers' Compensation Board; or
 - iii) any breach of the Contractor's obligations under this General Condition.

GC.13 Insurance

The Contractor shall provide the following types of insurance, to be placed with a company or companies authorized to do business in the Province of British Columbia and in a form satisfactory to the City's Director of Risk Management. The policies of insurance shall provide for thirty (30) days prior notice to the City of cancellation, lapse or material change.

- a) Comprehensive General Liability Insurance protecting the City, the Contractor and their respective servants, agents or employees against damages arising from personal injury (including death) and claims for property damage that may arise out of the operations of the Contractor, its subcontractors, or their respective servants, agents or employees in connection with the Work.

The policy shall specifically cover liability arising out of the performance of this Contract and shall cover all liability assumed by the Contractor under any Contract or agreement, including the indemnity provisions of this Contract. The policy shall also include products and completed operations coverage and shall extend to liability arising out of non-owned automobiles.

This insurance shall be for an amount of not less than two million dollars (\$2,000,000.00) inclusive per occurrence and shall include a standard form of cross-liability clause. The deductible per occurrence shall not exceed one thousand dollars (\$1,000.00).

- b) Automobile Liability Insurance on all licensed vehicles owned by or leased to the Contractor, protecting against damages arising from bodily injury (including death) and from claims for property damage arising from the operations of the Contractor, its servants, agents or employees. This insurance shall be for a minimum amount of five million dollars (\$5,000,000.00).
- c) Contractors Equipment Insurance covering all equipment owned or rented by the Contractor and its servants, agents or employees used in performance of the Work, against all risks of loss or damage with coverage sufficient to allow for immediate replacement, and shall contain a waiver of subrogation against the City.
- d) All-Risk Insurance in the joint names of the Contractor and the City, covering the Work and all property of every description to be used in the performance of the Work. This insurance shall be primary, and be of an amount of not less than five hundred thousand (\$500,000.00). The deductible per occurrence shall not exceed one thousand dollars (\$1,000.00)

The Contractor shall provide in its agreements with its subcontractors clauses in the same form as those found subsection herein. The Contractor shall deposit with the City of Vancouver upon request detailed Certificate of Insurance for the policies it has obtained from its Subcontractors and a copy of the insurance clauses so provided in the said agreements.

Certified copies of these insurance policies shall be lodged with the City's Director of Risk Management prior to the commencement of any Work.

GC.14 Legal Compliance

The Contractor shall comply with all applicable federal, provincial, regional and municipal regulations from any body having jurisdiction over the Work.

GC.15 Business License

The Contractor shall, at all times during the term of this Contract, be in possession of a valid and subsisting City of Vancouver Business License, as set forth in the City's License By-Law #4450.

GC.16 System of Measurement

Le Systeme International d'Unites (S.I., or metric) will be employed on this Contract. Material will be measured per metric tonne and Value shall be offered on the basis of the Canadian Dollars (C\$). The Exchange Rate for the Canadian Dollar to U.S. dollars shall be applied to each invoice, as of the invoice date.

GC.17 Patent Infringement

The Contractor shall fully indemnify the City against and from all suits or actions arising from any claim of any person or persons who are or claim to be patentees of any process used in connection with the Work or of any material, products, plant, machinery, tool or plans used therein or thereon, or in any way therewith.

GC.18 Assignment

The Contractor shall not, without the consent in writing of the City Engineer (which consent may be unreasonably withheld), assign or transfer any portion of the Contract or of the Work, but must carry out the Work with its own employees or subcontractors under the Contractor's supervision.

GC.19 Termination of Contract for Contractor's Default

The City, without prejudice to any other right, may elect to terminate the Contract, or any part of the Contract, forthwith upon notice to the Contractor if:

- a) the Contractor shall neglect or refuse to sign and execute the Contract within seven (7) calendar days after notification of the award of the Contract, or
- b) the Contractor neglects or fails to commence Work on the Contract Date, or
- c) the Contractor makes any assignment for the benefit of creditors or becoming bankrupt or insolvent, shall take the benefit of any Act (including the *Companies Creditors Arrangement Act*) that may be in force for bankrupt or insolvent debtors, or if the Contractor shall enter into receivership whether voluntarily or involuntarily or if a receiver of trustee-in-bankruptcy is appointed over some or all of the affairs of the Contractor, or
- d) a receiver is appointed for the Contractor's business, or
- e) the Contractor persistently or substantially breaches any provision of this Contract

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

GC.20 Liability

The Contractor shall be liable for all damages, or claims from damages, for injuries or accidents to persons or property done or caused by the Contractor or the Contractor's employees, or subcontractors, or resulting from the performance of the Work or any of the Contractor's operations, or caused by reason of the existence or location or condition of the works, or of any materials, plant or machinery used therein or thereon, or which may happen by reason thereof, or arising from any failure, neglect, or omission on the part of the Contractor, or on the part of any of the Contractor's employees, or on the part of any subcontractor or subcontractor's employees, to do or perform any or all of the several acts or things required to be done by the Contractor under this Contract.

The Contractor covenants and agrees to indemnify and save harmless at all times the City against all such damages and claims for damage in respect of the Work, and in the event of any action being brought by any person against the City, the City shall have a remedy against the Contractor for any loss, costs, damages or expenses to which the City may be put by reason of such action, either directly or indirectly, or by reason of the execution of this Contract.

In case of the Contractor's failure, neglect or omission to observe and perform faithfully all the provisions of this Contract, the City Engineer may take such steps, procure such material, equipment, trucks and workers, and do such work or things as the City Engineer may deem advisable toward carrying out and enforcing the same, and any and all expenses so incurred may be deducted or collected by the City under the provisions of this Contract. Any action by the City Engineer pursuant to this clause shall not relieve the Contractor or the Contractor's sureties from any liability under the remainder of this Contract.

The Contractor shall also be responsible for all other risks, including damage to property or works by storm, fire or otherwise, until the completion of the Work of this Contract.

GC.21 Provision to Add New Materials

The City is committed to reaching its waste diversion targets and, as such, it is expected that during the term of this Contract, the City's residential recycling programs will continue to grow and change in terms of more Recyclable Materials, new collection methods, and/or new end-use initiatives. In the event the City Engineer proposes to add new Recyclable Materials and/or Recyclable Material Categories to the City's residential recycling programs in conjunction with this Contract, the Contractor shall fully co-operate with the City in implementing them accordingly in accordance with Section GC 9.

GC.22 Ownership of Recyclable Materials

All Recyclable Materials set out for collection become the property of the City, who shall have the exclusive rights to the Recyclable Materials collected. Once deposited in the Contractor's collection vehicle, Recyclable Materials shall become the property of the Contractor. The Contractor shall be responsible for delivering all Recyclable Materials to the City-designated Receiving Facility. Ownership of the Recyclable Materials will transfer from the Collection Contractor to the Processing Contractor after the Recyclable Materials have been weighed, off-loaded from the Collection Vehicles, and graded by the Processing Contractor, as set forth in Section SW.5.1.0.

GC.23 Verbal Agreements Waived

No verbal agreement or conversation made or had at any time with any employee of the City shall affect or modify any of the terms or obligations stated in the Contract Documents, nor shall it be deemed to be any representation or warranty on behalf of the City.

GC.24 Taxes

All Contract prices payable by the City to the Contractor shall include all costs including insurance, shipping charges, tariffs, custom duties and all other applicable rates and charges. However, prices shall not include the Federal Goods and Services Tax nor the Provincial Sales Tax.

GC.25 Non-Waiver

Any failure by the City or the City Engineer at any time, or from time to time, to enforce or require the strict keeping and performance of any of the terms or conditions of the Contract will not constitute a waiver of such terms or conditions and will not affect or impair such terms or conditions in any way or the right of the City or the City Engineer at any time to avail itself or himself of such remedies as it or he may have for any breach or breaches of such terms or conditions.

No provision in the Contract Documents that imposes or may be deemed to impose extra or specific responsibilities or liabilities on the Contractor will restrict the general or other responsibilities or liabilities of the Contractor in any way.

GC.26 Release and Indemnity

The Contractor, on its own behalf and on behalf of all persons and corporations working by, through or under the Contractor, hereby releases the City, its officers, employees and agents from all costs, losses, damages and expenses including those caused by personal injury, death, property damage, loss and economic loss arising out of, suffered, or experienced by, the Contractor, its officers, servants and agents in connection with their performance of the Work under this Contract.

The Contractor hereby agrees to indemnify and save harmless the City and its employees, officers, and agents from and against all claims related to personal injury including death, property damage, losses, costs and expenses made against or incurred, suffered or sustained by the City at any time or times, where the same or any of them are based upon or arise out of or from anything done or omitted to be done by the Contractor or by any servant, employee, officer, director, shareholder, or sub-contractor of the Contractor, in connection with the performance of the Work of the Contract, and without limiting the generality of the foregoing, including Workers Compensation Board claims, assessments and liens.

Every exemption from liability, limitation and condition contained in this Contract for the benefit of the City and every defence and immunity of whatsoever nature applicable to the City or to which the City is entitled under this Contract will also be available and will extend to protect every employee and agent from time to time of the City and independent contractor from time to time employed by the City and, for the purpose of all such provisions and this Section, the City is and will be deemed to be acting as agent and trustee on behalf of and for the benefit of all such employees, agents and independent contractors.

This release and covenant of indemnification above set forth shall survive termination of the term of this Contract.

GC.27 Time of the Essence

Time is of the essence of this Contract.

GC.28 Entire Agreement

The Contract Documents reflect the entire agreement between the parties and may not be amended except by further writing signed by both parties.

GC.29 Further Assurances

The parties agree to execute such further assurances and documents as may be necessary to carry out the intent of this Contract.

GC.30 Escalation

The contract prices (i.e. Price/Unit) shall be adjusted, on September 30th of each ensuing year of the contract, based on the British Columbia Consumer Price Index (B.C. CPI) annual **August** over **August** "all items" index as published by Statistics Canada. All B.C. CPI adjusted prices shall be calculated by the Contractor and verified by the City Engineer.

The contract prices for each category, identified above, shall be adjusted on **September 30, 2010** as follows:

$$\frac{\text{August 2010 B.C.CPI}}{\text{August 2009 B.C. CPI}} \times \text{August 2009 Contract Price} = \text{August 2010 Contract Price}$$

The Contract shall be adjusted each twelve month period, during the duration of the Contract as set forth in Section SW 1.3.0, the contract prices for each category, identified above, shall be adjusted on **September 30, 2011** as follows:

$$\frac{\text{August 2011 B.C.CPI}}{\text{August 2010 B.C.CPI}} \times \text{August 2010 Contract Price} = \text{August 2011 Contract Price}$$

If the Contract is extended for a twenty-four (24) additional twelve month period, as set forth in Section SW 1.3.0, the contract prices for each category, identified above, shall be adjusted exactly as in the previous five years.

GC.31 Failure to Perform

The Contractor shall provide sufficient temporary coverage for equipment and labour where his normal service should fail because of mechanical failure, personnel, health or other reasons. Request for temporary coverage must be approved by the City Engineer and must be limited to less than ten (10) days.

Should the Contractor fail in the due performance of any part of this Contract, or become bankrupt or insolvent, or compound with his creditors, or propose any composition with his creditors for the settlement of his debts, or carry-on or propose to carry-on his business under inspectors on behalf of his creditors or shall commit any act of bankruptcy or relet or

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

sublet the residue or any other portion or part of this Contract, without the written permission of the City Engineer, it shall be lawful for the City upon such conditions as it shall see fit, or from time-to-time, to engage workmen and provide such material, implements and apparatus or to take possession of and use the machines, equipment, tools and apparatus of the Contractor in completing the works and employ the same in such manner as the City may think necessary and proper for completing the works or any part of them, without rendering the City liable for any loss which the Contractor may sustain by reason as such possession and use, any loss, damage or deficiency that may in consequence arise shall be paid or deducted out of any moneys retained by the City on account of any work previously performed by the Contractor and should said money so retained not be sufficient to indemnify and cover such losses, the deficiency then due shall be a charge against the Contractor.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182

SW SCOPE OF WORK

SW.1.0 GENERAL

Nothing in the Contract Documents is to be interpreted as preventing or impairing the ability of the City to adopt and implement bylaws and policies with a view of adding or deleting Recyclable Materials from its recycling programs.

SW.1.1 Definitions

SW 1.1.1 The following terms, words and phrases when used in the Contract Documents shall have the meanings set forth in this section, whether appearing in capital or lower case form. If not defined below, the terms, words and phrases used in the Contract Documents shall have their common and ordinary meanings to the degree consistent with the technical subjects in the Contract Documents.

“Actual Cost” - means the City’s cost to perform services or repair/replace damaged property. This cost shall include applicable fringe benefits plus 15% overhead.

“Additional Materials” - means recyclables, other than those collected at the beginning of the Recyclables Collection Contract, that the City Engineer may elect to be collected;

“Appendices” - means the additional information supplied by an Applicant and included with the EOI Submission;

“Blue Bag” - means a City-supplied collection container used by residential households to store old newspapers (ONP) for recycling collection;

“Blue Box” - means a City-supplied collection container used by residential households to store mixed containers (MCO) for recycling collection;

“Building Manager” - means a property owner, property manager, property management company, strata corporation representative, resident, or site contact;

“Certificate of Acceptance” - means a certificate that has been approved by the City Engineer and is issued by the Processing Contractor that details the condition of recyclables received from the Collection Contractor;

“Change in the Work” - means the deletion, extension, increase, decrease or other alteration of quantities, methods, drawings, changes in the character of the Work to be done or materials of the Work or part thereof;

“Change Order” - means a written order covering contingencies, extra work, increase or decrease in contract quantities and additions or alterations to the plans or specifications, within the scope of the contract and establishing the basis of payment and the time allowed for the adjustment of the contract time. Means also, written authorization covering the additional work;

“City” - means the City of Vancouver;

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

“City Engineer” - means the General Manager of Engineering Services or duly appointed representative;

“Collection Area” - means the area that defines the boundaries of the Work. Such area may consist of: all three areas; any combination of two areas; or any one area;

“Collection Commencement Date” - means the date of commencement of collection services in a sub-area;

“Collection Contractor” or “Contractor” means the Contractor retained under the Recyclables Collection Contract;

“Collection Schedule” - means the approved schedule for collection of Recyclables;

“Collection Vehicle” - means the vehicle or other equipment used by the Recyclables Collection Contractor to perform the Work under this Contract;

“Container” or “Recycling Container” - means any container provided or designated by the City for the collection of Recyclable Materials, which includes, but may not be limited to, 360 litre wheeled carts, Blue boxes (and Blue and Yellow bags), and Tote Bags;

“Contaminant” - means a material not included in the approved category of Recyclables set out in the Contract, but which may be acceptable within specified tolerable limits;

“Contract” or “Recyclables Collection Contract” means the contract sought to be entered into between the City and the successful Applicant pursuant to this RFEI and the EOI Submission process set out herein;

“Council” - means the Council of the City of Vancouver;

“Daily Work Records” - means the daily records to be kept by the Contractor that detail the number and categories of workers and hours worked or on standby; types and quantities of equipment and number of hours in use or on standby; and quantities of Recyclables handled;

“Day” - means the twenty-four (24) hour period comprising any calendar day;

“Drawings”, “Maps”, or “Plans” - means any drawings, maps, or plans, or any working drawings, maps or plans, or any reproduction of drawings, maps or plans pertaining to the Work;

“Dwelling Unit” - means one or more rooms constituting a unit of living accommodation, used or intended to be used for living and sleeping purposes and containing a sink and cooking facilities;

“Equipment” - means all vehicles, machinery and tools used by the Contractor for preparing and executing the Work;

“Estimate” - means a calculation of the estimated quantity or cost of the Work of part of it depending on the context made in advance of actually executing same;

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

“Exchange Rate” - means that rate applied, accurate to four (4) decimal places, to convert U.S. Dollars (US\$) to Canadian Dollars (C\$), which is the Bank of Canada average noon rate for a given month, as determined and released by the Bank of Canada, Vancouver office, Suite 200, 2710 Granville Street, Vancouver BC, and which can be obtained after the end of each month by phone from the Bank of Canada Vancouver office at 604.643.6227; or which can be obtained after the end of each month from the Bank of Canada website http://www.bankofcanada.ca/en/rates/exchange_avg_pdf.html. In the event of disagreement between the rate obtained from the Bank of Canada Vancouver office by phone and the rate published on the Bank of Canada website, the latter shall be considered correct;

“Extra Work” - means work not provided for in the definition of the Work but considered by the City Engineer to be essential for the satisfactory completion of the Work within its intended scope;

“Generator” - means a person who generates Recyclable Material and places Recyclable Material in a Collection Container or otherwise puts out Recyclable Material for collection;

“Late Put-Outs” - means instances where a Generator fails to:

- 1) place their recycling containers at the proper set out location, or;
- 2) place their recycling containers at the proper set out location by 7:00 a.m. or prior to the Collection Vehicle passing by that Site in its process of collecting Recyclables;

“Load” - means that quantity of material hauled by a single Collection Vehicle and delivered to the Receiving Facility by the Contractor. A Multi-Category Load shall consist of three Loads (i.e., an ONP Load, a MPP Load, and a MCO Load). A Single-Category Load shall consist of one Load;

“MCO” - means Mixed Containers and shall consist of:

- 1) all colours of glass bottles and jars with lids and labels of any material;
- 2) all ferrous and non-ferrous metal cans and tins;
- 3) aluminium foil and foil containers; and
- 4) all rigid plastic containers with lids and labels of any material identified by the SPI Code #1 (Polyethylene Terephthalate or PET), SPI Code #2 (High Density Polyethylene or HDPE), SPI Code #4 (Low Density Polyethylene or LDP) and SPI Code #5 (Polypropylene). Consideration should be given to the fact that MCO is a secondary material, which is produced manually and may not be technically perfect. As such, Prohibitive Materials should not exceed 2%, Contaminants should not exceed 5%, and total combined Prohibitive Materials and Contaminants should not exceed 5%, although the Processing Contractor shall accept Loads exceeding these limits provided that the additional time required to bring the Load within these limits after dumping does not exceed five (5) minutes of Processing Contractor staff time (working at a normal working pace) per Load. All MCO Loads (i.e., either Multi-Category or Single-Category MCO Loads) that require a clean-

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

up period in excess of five (5) minutes to meet the above noted Prohibitive Material and Contaminant limits shall be downgraded to Mixed Loads;

“Missed Pickups” - means instances where a failure to collect and remove, on a scheduled collection day, Recyclables from a Site for reasons other than:

- 1) Late Put-Outs;
- 2) excessive Contaminants; or
- 3) temporary interruptions permitted by the City Engineer due to Acts of God, emergencies or extraordinary weather conditions;

“Mixed Load” - means that load of recyclables dumped at the receiving facility that contains any combination of No.8 Grade ONP or No.6 Grade ONP, MPP, and/or MCO mixed together due to a failure of the vehicle’s dumping mechanism;

OR

That load of recyclables dumped at the receiving facility that contains contaminants and/or prohibitive materials in excess of the tolerable limits as defined within the contract documents;

“MPP” - means Mixed Paper Products and shall consist of various qualities of paper stock including, but not limited to, the following:

- 1) old corrugated cardboard;
- 2) boxboard;
- 3) pizza boxes;
- 4) paperboard;
- 5) computer paper;
- 6) white or coloured ledger paper;
- 7) writing paper;
- 8) glossy paper;
- 9) flyers;
- 10) junk mail;
- 11) envelopes;
- 12) magazines;
- 13) catalogues;
- 14) paper egg cartons;

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

- 15) paper grocery bags;
- 16) telephone directories; and
- 17) other paper stock.

Consideration should be given to the fact that MPP is a secondary material, which is produced manually and may not be technically perfect. As such, Prohibitive Materials should not exceed 2%, Contaminants should not exceed 5%, and total combined Prohibitive Materials and Contaminants should not exceed 5%, although the Processing Contractor shall accept Loads exceeding these limits provided that the additional time required to bring the Load within these limits after dumping does not exceed five (5) minutes of Processing Contractor staff time (working at a normal working pace) per Load. All MPP Loads (i.e., either Multi-Category or Single-Category MPP Loads) that require a clean-up period in excess of five (5) minutes to meet the above noted Prohibitive Material and Contaminant limits shall be downgraded to Mixed Loads;

“Multi-Category Load” - means a load consisting of more than one Recyclable Material Category. Each recyclable material category shall be separated by partitions within the collection vehicle. At the start of the contract, Multi-Category Loads shall consist of ONP, MPP, and MCO;

“No. 6 Grade ONP” - means No. 6 Grade Old Newsprint and shall consist of loose old newspapers. It is expected that Prohibitive Materials should not exceed 0.5%, Contaminants should not exceed 2%, and total combined Prohibitive Materials and Contaminants should not exceed 2%, although the Contractor shall accept Loads exceeding these limits provided that the additional time required to bring the Load within these limits after dumping does not exceed five (5) minutes of Processing Contractor staff time (working at a normal working pace) per Load. A Multi-Category No. 6 Grade ONP Load that requires a clean-up period in excess of five (5) minutes to meet the above noted Prohibitive Material and Contaminant limits shall be downgraded to a Mixed Load. A Single-Category No. 6 Grade ONP Load that requires a clean-up period in excess of five (5) minutes to meet the above noted Prohibitive Material and Contaminant limits shall be downgraded to MPP, and the material specifications for MPP shall then apply;

“No. 8 Grade ONP” - means No. 8 Grade Old Newsprint and shall consist of loose old newspapers, fresh, relatively dry, not sunburned, and relatively free of magazines and paper other than old newspapers. Prohibitive Materials should not exceed 0% and Contaminants should not exceed 0.25%, although the Processing Contractor shall accept Loads exceeding these limits provided that the additional time required to bring the Load within these limits after dumping does not exceed five (5) minutes of Processing Contractor staff time (working at a normal working pace) per Load. All No. 8 Grade ONP Loads (i.e., either Multi-Category or Single-Category ONP Loads) that require a clean-up period in excess of five (5) minutes to meet the above noted Prohibitive Material and Contaminant limits shall be downgraded to No. 6 Grade ONP, and the material specifications for No. 6 Grade ONP shall then apply;

“OCC” - means Old Corrugated Cardboard and shall include, but is not limited to, corrugated cardboard containers consisting of three or more layers of kraft paper material and having smooth exterior liners and a corrugated or rippled core. OCC

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

shall be relatively free from wax, plastic, foil, or foam and should be relatively free from absorbed materials such as blood, grease, oil, chemicals, food residue, etc. Prohibitive Materials should not exceed 2%, Contaminants should not exceed 5%, and total Prohibitive Materials and Contaminants should not exceed 5%, although the Processing Contractor shall accept Loads exceeding these limits provided that the additional time required to bring the Load within these limits after dumping does not exceed five (5) minutes of Processing Contractor staff time (working at a normal working pace) per Load. A Single-Category OCC Load that requires a clean-up period in excess of five (5) minutes to meet the above noted Prohibitive Material and Contaminant limits shall be downgraded to MPP, and the material specifications for MPP shall then apply;

“ONP” - means Old Newsprint and shall consist of either No. 8 Grade ONP or No. 6 Grade ONP.

“Payload” - means the total weight, in kilograms, of Recyclable Materials carried by a Collection Vehicle;

“%” - means "percent by weight" unless implied otherwise;

“Processing and Marketing Contractor” or “Processing Contractor” - means the person, partnership, or corporation (which may include the City) that is authorized by the City, possibly under a separate contract, to process and market Recyclable Materials that are collected from City recycling programs. Currently, CK Fibres Corp. is contracted to Process and Market the City of Vancouver’s residential recyclable materials;

“Prohibitive Material” - means any Contaminant that, in the opinion of the City Engineer, has been delivered to the Receiving facility that, by its inclusion, could damage the Recyclable Material or the Processing and Marketing Contractor’s equipment;

“Receiving Facility” - means a location that is operated either by the City or a Processing Contractor for receiving, weighing, and grading Recyclable Materials that are collected. The Current Receiving facility is located at 1198 East Kent Avenue South in Vancouver, operated by C.K. Fibres Corp.;

“Records” - means any books, payrolls, accounts or other information which relate to the Work or any Change in the Work or claims arising therefrom;

“Recyclables” or “Recyclable Material” - means all ONP, MPP, MCO, OCC, or other materials designated from time-to-time by the City Engineer;

“Recyclable Material Category” - means a category of Recyclables that is collected separate from other Recyclable Materials. There are three Recyclable Material Categories that shall be collected, as follows:

- 1) ONP;
- 2) MPP; and,
- 3) MCO.

Additional Recyclable Material Categories may be formed (e.g., OCC) as directed by

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

the City Engineer;

“Scavenging” - means to salvage from discarded or refuse material;

“Single-Category Load” - means that quantity of material delivered to the Receiving Facility and consists of only one Recyclable Material Category;

“Site(s)” - means any property, public or private, within the Collection Area(s) designated by the Contract that receives Recyclables collection services, such as: multi-family buildings; or any other property as directed by the City Engineer within the Collection Area(s) designated by the Contract;

“Specifications” - means all written material or printed descriptions of instructions pertaining to the method and manner of performing the Work, or to the quantities and qualities of the Work to be carried out under the Contract;

“S.P.I. Code” - means the identification number located on many plastic products indicating the type of plastic from which the product is made. The identification numbers are set by the Society of Plastics Institute;

“Stop(s)” - means the point at which the Collection Vehicle would normally stop to pick up the Recyclable Materials at a place of residence or other establishment as directed by the City Engineer;

“Sub-Contractor” - means a person, partnership or corporation undertaking the execution of part of the Work by virtue of an agreement with the Contractor;

“Supervisor” - means the Contractor’s authorized employee(s) in charge of the Work;

“Surety” - means the person, partnership or corporation other than the Contractor, executing a bond securing performance of the Contract for the City;

“Tote Bag” - means a City-supplied collection container used by residents to transport recyclables from their living quarters to wheeled cart recycling containers;

“TPY” - means tonnes per year;

“Weekly Collection” - means the collection of Recyclables from a Site at least one day per week;

“Work” - means the total operations and related services and all other things necessary and incidental to perform such operations and services required to be performed or carried out by the Contractor under the Contract;

“Working Day” – means any day that is not a Saturday, Sunday or “holiday” as defined by the *Interpretation Act* (British Columbia);

“Yellow Bag” - means a City-supplied collection container used by residential households to store mixed paper products for recycling collection;

SW.1.1.2 The City reserves the right to change these definitions, in consultation with the Contractor, at any time during the Contract, and such changes will become effective by the issuance of an addendum to the Contract;

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.1.2.0 Scope of Work

SW.1.2.1 The Contractor shall perform the Work in accordance with the Contract Documents to provide a complete collection system and shall not be entitled to receive any remuneration from the City other than that provided for in this Contract. All Work included in this Contract shall be performed to the satisfaction of the City Engineer.

SW.1.2.2 In general terms and without limiting the requirements and intent of the Contract Documents, the Work required under this Contract shall include, but is not limited to:

- k) supply all the necessary labour, tools, machinery, plant, and equipment to perform the Work in accordance with the Contract Documents;
- l) implement and maintain an on-going recycling awareness and education program to ensure that residents at each site participate in the recycling program in a correct manner;
- m) provide weekly collection and removal of Recyclable Materials from each site in the Collection Area;
- n) transport the collected Recyclable Materials to a City-designated Receiving Facility;
- o) perform individual site visits as may be required or as directed by City Engineer;
- p) deliver recycling containers, recycling bags, brochures and schedules as may be required or as directed by the City Engineer;
- q) implement the Multi-Family Recycling Program at new buildings in the Collection Area that begin recycling collection during the contract, which includes, but is not limited to, arranging and conducting site visits and delivering recycling containers and all information;
- r) provide sufficient supervision and labour to perform the necessary publicity, education, and collection tasks;
- s) resolve customer service problems/complaints within 24 hours of being notified and notify the City of any problems/complaints and any resolution;
- t) accurately report all program data on a monthly and semi-annual basis, or as directed by the City Engineer.

SW.1.3.0 Duration of Contract

SW.1.3.1 The Contract shall begin on the Contract Date and shall expire sixty (60) months after the Collection Commencement Date. The Contract may be extended for up to twenty-four (24) months by mutual agreement of the City and the Contractor. The agreement to extend shall be established, in writing, no later than one hundred and twenty (120) days prior to the expiration of the original term.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.1.4.0 Unit Price Contract and Payment for Collection of Recyclables

SW.1.4.1 This is a unit price Contract. Payment for Work performed under the Contract will be made to the Contractor on a unit basis. A unit is defined as set forth in SW.1.1.31. Industrial, Commercial or Institutional buildings are not included as unit(s) for payment.

SW.1.4.2 The City will pay the Contractor for collection of Recyclables from Multi-Family Dwellings in accordance with the unit prices in Section I [General] of the Form of Agreement. Payment will be made based on the number of Dwelling Units determined by the City Engineer, and upon review of the monthly report submitted in accordance with Section SW.12.2.0. Exact Monthly Payment will be equated using the following formula:

$$\left(\frac{\$ / \text{unit} / \text{year}}{12 \text{ months} / \text{year}} \right) \times \text{number of units}$$

SW.1.4.3 The City will pay the Contractor for Collection within thirty (30) days after receiving the monthly report and the monthly payment application from the Contractor, subject to the other provisions in this Contract.

SW.1.4.4. For new Multi-Family Sites which began to receive Recyclables collection service in the previous month, the City will pay for collection on a pro-rated basis calculated based on the number of days of service the new Multi-Family Site received in that month. The new Multi-Family Sites will then be added to the total count of Multi-Family Dwellings for payment in the following months.

SW.1.4.5 For Multi-Family Sites that ceased to receive Recyclables collection service during the month the City will pay for collection on a pro-rated basis calculated based on the number of days of service that the Multi-Family Site actually received Recyclables collection service during the month. Such Sites will be deleted from the total count of Multi-Family Sites in the following months.

SW.1.5.0 Exclusivity of Equipment and Personnel

SW.1.5.1 All equipment and personnel used by the Contractor and his subcontractors shall be used exclusively for the work of this Contract, unless approved otherwise by the City Engineer.

SW.1.5.2 Under no circumstances shall equipment and/or personnel make collections from any property, firm or establishment not authorized by the City Engineer.

SW.1.5.3 The City Engineer shall deduct \$500 per incident for collection from premises that are not part of this Contract as per SW.14.2.2.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.2.0 IMPLEMENTATION

SW.2.1.0 Implementation Plan

SW.2.1.1 A schedule of activities and detailed procedures related to the effective implementation of the Contract will be developed by the Contractor and submitted as part of its EOI Submission. This plan shall include, at the very least, the procedures and activities listed below and shall include completion dates for each activity. The procedures, activities and completion schedule shall not be in conflict with other terms of the Contract. The implementation plan will form part of the evaluation criteria and if and when a Contract is concluded, will be added to this Contract, as a Schedule.

SW.2.1.2 Procedures, activities and completion schedules to be included in the Implementation Plan are as follows:

- a) Provide the City with route maps for each truck and for each day of the week.
- b) Complete fleet assembly, delivery equipment and staffing details (e.g., type of vehicle, carrying capacity, number of vehicles; number of collection staff; number of delivery staff).
- c) Procedures and schedule for notifying and contacting a representative (e.g., building manager, property management company, strata council) at each building/property. Notification to include new Collection Schedule in accordance with SW.7.2.0.
- d) Procedures for orientation of collection and container delivery personnel including route familiarization, public relations and customer service training, and coordination/cooperation with City staff.
- e) Procedures for acquiring and maintaining security access (e.g. building keys, garbage door opener remotes) for on-site recycling containers in the Contract area.

SW.2.2.0 Mobilization

SW.2.2.1 The Contractor shall be responsible for mobilizing all equipment, labour and materials that are necessary to perform the Work of this Contract prior to the Collection Commencement Date in accordance with an approved mobilization schedule. The Contractor shall submit a draft mobilization schedule with it EOI Submission and then a final mobilization schedule to the City Engineer, for his acceptance, concurrently with signing the Contract which schedule will be added as a Schedule to this Contract upon the City Engineer's approval.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.3.0 COMMUNICATION AND EDUCATION

SW.3.1.0 Public Relations

SW.3.1.1 The Contractor(s) acknowledge that its employees, agents, and subcontractors shall be dealing with the public in the execution of this Contract and that it is of primary importance to the City that excellent relations with the public be maintained.

SW.3.2.0 Publicity and Education

SW 3.2.1 The Contractor will advertise and promote the correct use of the recycling facilities to the Building Managers and residents of buildings in their Collection Area.

SW.3.2.2 The Contractor shall designate a spokesperson who shall be available for City scheduled interviews with the press and radio and television stations.

SW.3.2.3 The content and development of all public education materials and activities is subject to the approval of the City Engineer.

SW.3.3.0 Meetings and Communication

SW.3.3.1 In order to minimize problems during the contract, and to provide a forum for discussing and resolving any operational questions or issues that may arise, the Contractor shall agree to meet on a regular basis with the City Engineer and to adopt certain communications procedures, as follows:

- a) *Telephone and facsimile message machine.* The Contractor shall provide and operate a dedicated telephone line to receive City messages and queries. The Contractor shall ensure that this line is staffed every Monday through Friday (excluding statutory holidays) between 7:00 a.m. and 5:00 p.m. The Contractor shall also provide and maintain a facsimile message machine in his office, which shall remain operational 24 hours a day.
- b) *Electronic transmission of data, miscellaneous information, and reports.* The Contractor agrees to communicate with City staff via electronic mail (e-mail) if so directed by the City Engineer.
- c) *Meetings.* Meetings shall be held for the purpose of reviewing and discussing day-to-day operations, promotion, public information and public relations. The City Engineer shall designate a time and place for all meetings.
- d) *Contractor's representative at meetings.* The Contractor shall send at least one (1) representative to each meeting. The Contractor's representative(s) shall have the authority to enter into binding agreements, on behalf of the Contractor, concerning the following types of service-related matters:
 - o recycling container storage and pick-up location;
 - o customer complaints, missed pick-ups, late put-outs, employee conduct, etc;
 - o responsibility for damage to or theft of recycling containers;
 - o recycling container delivery problems; and
 - o promotion, public information, and public relations.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.4.0 COLLECTION AND HAULING

SW.4.1.0 Collection Area

SW.4.1.1 The Contractor shall collect and remove Recyclables only from Sites that fall within their respective Collection Area.

SW.4.2.0 Variation in Quantities and Volumes

SW.4.2.1 The Contractor shall take note that the quantity and volume of Recyclables to be collected and removed from any given site is expected to change over time and is expected to vary considerably from week-to-week and from season-to-season. The Contractor shall meet this variation in demand for service by using extra equipment and labour, all within the hours of collection set out in the Contract Documents, in order that collection remain on schedule. Regular schedules of collection may only be varied in accordance with the Contract Documents.

SW.4.3.0 Scavenging Not Permitted

SW.4.3.1 Scavenging by the Contractor's employees, agents, sub-contractors, or anyone else hired by the Contractor, or utilized by the Contractor to perform duties under this Contract shall not be permitted at any time, either on the collection routes or at the Receiving Facility.

SW.4.4.0 Service Levels - Blue Box Sites

SW.4.4.1 *Basic Service*

The Contractor shall provide Basic Service to each blue box site. Basic Service shall be the collection of Recyclables from a curbside or lane point on-site on the same day each week, allowing for schedule shift due to statutory holidays, and in accordance with Section SW.4.6.0.

SW 4.4.2 The Contractor shall provide service up to 50 metres onto private property for blue box sites under the following special circumstances:

- a) elderly and /or disabled residents of the property are unable to place recycling containers at the curbside or lane; or,
- b) at the request of the City Engineer.

SW 4.4.3 The Contractor shall design the method of collection, either Blue Box or Wheeled Cart Sites. The City Engineer reserves the right to modify the collection method.

SW.4.5.0 Service Levels - Wheeled Cart Sites

SW.4.5.1 *Basic Service*

Basic Service shall be the collection of Recyclables from a point on-site (e.g., secured parkade) at each site on the same day each week, allowing for schedule shift due to statutory holidays, and in accordance with Section SW.4.6.0. The on-site collection point shall not exceed 50 metres from the nearest point on private property that the collection vehicle can safely access. Collection points that would exceed the 50 metre parameter require the approval of the City Engineer. The City Engineer shall be responsible for determining whether or not a collection point exceeding 50 metres is

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

warranted.

- SW.4.5.3 Sites that the City Engineer has deemed to have an on-site collection point in excess of 50 metres from the nearest point on private property that the collection vehicle can safely access shall be subject to recycling collection rollout charges. The 2008 annual fees are as follows:

for distances greater than 50 metres but less than 100 metres \$80 / cart / year
for distances of 100 metres or greater but less than 150 metres. \$180 / cart / year
for distances of 150 metres or greater \$320 / cart / year

Rollout refers to the retrieving of the cart, the servicing and the return of the cart to the on-site collection point. The City Engineer shall determine the rollout distance and number of carts. A list of the sites with roll-outs is provided in Schedule G.

- SW.4.5.4 The City will be responsible to collect the additional fees for service beyond the 50 metres basic service. The Contractor will charge the City on a monthly basis for providing the service per number of carts at one-twelfth the annual rate.

- SW.4.5.5 The rates in SW.4.5.3 will be subject to Escalation as outlined in GC.30.

SW.4.6.0 Service Levels – Contract Area

- SW.4.6.1 The Contractor shall collect and remove all Recyclables from each Site in the Collection Area at least once every week or as approved otherwise by the City Engineer.

- SW.4.6.2 Under no circumstances are the Recycling Containers to be left full for more than 24 hours. In the event of any complaints regarding overflowing containers, the Contractor will be required to remedy the situation immediately by increasing container volume or increasing frequency of collection or both. The situation will be regarded as a Missed Pickup subject to damages in Section SW.14.2.2.

- SW.4.6.3 Some Sites may require more than weekly service (e.g., twice per week). The Contractor shall be responsible for determining which Sites require more frequent servicing and shall provide such services at no extra cost to the City or the Sites.

- SW.4.6.5 If the Contractor regularly misses customers as a result of an inadequate number of Collection Vehicles, or any other reason, the City may, at its sole discretion, complete the Work and charge the Contractor for all applicable costs plus 15% overhead.

- SW.4.6.6 The Contractor shall be responsible for collecting all Recyclable Materials set out by residents at each site, including Recyclable Materials placed on or beside overflowing containers, regardless of the type of recycling containers used.

- SW.4.6.7 The Contractor shall maintain a consistent pick-up time for each Site within plus or minus 2 hours.

- SW.4.6.8 The Contractor shall take whatever steps are necessary to complete collection services at each Site if access is in any way restricted or blocked.

SW.4.7.0 Recycling Containers: Set-Out, Storage, and Access

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

- SW.4.7.1 Residents using the blue box system shall be required to place their recycling containers at curbside or lane on collection day in accordance to the City's Solid Waste By-law, unless approved otherwise as per Section SW.4.4.2.
- SW.4.7.2 The set-out storage, and access of wheeled carts will vary depending on the preference of the building manager. Sites that utilize the wheeled cart collection system shall have a regular point of collection at either curbside, lane, or on -site, at the discretion of the Building Manager. Wheeled carts shall be stored in a location that is convenient to the residents of each Site. Preferably, wheeled carts shall be located beside, or adjacent, to the garbage recycling containers and shall conform to any applicable storage space requirements as required by City of Vancouver Fire By-Law No. 8191 (see Schedule F).
- SW.4.7.3 The Contractor shall be responsible for retrieving on-site recycling containers, as identified above, including those located in underground storage rooms or parking garages, inside secured structures, outside the building, or at any other location designated for each Site. For on-site retrieval of recycling containers, the Contractor shall be responsible for obtaining any necessary security access for each Site (e.g., garage door openers, keys, etc). The Contractor shall provide lock boxes, where appropriate. The Contractor shall provide the City Engineer and the building representative, at his own expense, with a key to all lock boxes.
- SW.4.7.4 The Contractor at his own expense shall provide the Building Manager a copy of the key, if the lock is the Contractors lock.
- SW.4.7.5 Some wheeled cart sites may require more than one storage and access location, and each of these locations shall have a minimum of three (3) wheeled carts (i.e., one for each recyclable material category).
- SW.4.7.6 Any dispute between the Contractor and a building manager over set-out, storage, and access requirements shall be reported to the City Engineer for resolution. The City Engineer's decision shall be final and binding on the Contractor.
- SW.4.8.0 Service Continuity**
- SW.4.8.1 Recyclables shall be collected and removed from all Sites on each regularly scheduled collection day under all ordinary circumstances. Temporary interruptions may be permitted due to Acts of God, emergencies, or extraordinary weather conditions. In any event, the Contractor shall obtain the written permission of the City Engineer for all temporary interruptions.
- SW.4.9.0 Recyclable Materials**
- SW.4.9.1 The Contractor shall collect unlimited quantities of recyclable materials on a weekly basis from each site. The recyclable material categories to be collected at the beginning of this Contract include:
- a) ONP;
 - b) MPP; and
 - c) MCO.
- SW.4.10.0 Quality of Recyclable Materials**
- SW.4.10.1 Residents that participate in the Apartment Recycling Program are required to sort

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

their recyclable materials into three categories (i.e., ONP, MPP, and MCO). Where residents fail to follow the proper sorting procedures, and contamination levels exceed the Recyclable Material Category Prohibitive Materials and Contaminants limits, the Contractor shall NOT collect the materials. In these circumstances, the Contractor will affix a non-compliance notice to the contaminated Collection Container(s). If contamination levels at offending properties persist, the Contractor will be required to contact them accordingly to educate and encourage proper participation. The Contractor will be required to notify the City Engineer of each and every contamination occurrence.

- SW.4.10.2 The Contractor shall be responsible for ensuring that residents at each site participate in the recycling program in a correct manner. The Contractor shall be responsible for rectifying excessive contamination issues at problem sites.
- SW.4.10.3 The Contractor shall have the right to leave behind only materials that are not recyclable as defined in Section SW.4.9.1. In every instance when non-recyclable materials are left behind, the Contractor shall affix a non-compliance notice to the recycling container(s). These notices shall be supplied by the Contractor at his expense and must be approved by the City Engineer within 30 days of the Collection Commencement Date. Containers that have not been emptied and haven't been stickered with a non-compliance decal will be considered a Missed Pickup.
- SW.4.10.4 The non-compliance notice shall courteously state that the materials were left behind because they were not recyclable. The notice shall list which materials are not accepted in the City's recycling program. The City's recycling hotline telephone number (604.326.4600), operating hours (8:00 a.m. to 4:00 p.m. Monday to Friday) and the date the notice was placed shall be prominently displayed on the non-compliance notice.
- SW.4.10.5 The Contractor shall notify the City Engineer of the date and location of each notice placed by the next working day.
- SW.4.10.6 In the event of a dispute about what is and is not a recyclable material, the City Engineer shall be the sole arbitrator and his/her decision shall be final.
- SW.4.10.7 If the Contractor leaves Recyclable Materials behind, the City may collect the recyclables and charge the Contractor for all applicable costs, as described in Section SW.14.2.1.

SW.4.11.0 Method of Collection

- SW.4.11.1 The Contractor shall not damage or misuse any recycling containers and shall, once emptied, return said containers to their original set-out location. The Contractor shall collect and remove any and all materials that have may have been spilled during the collection process.
- SW.4.11.2 The Contractor shall notify the Building Manager of each site of the proper set-out procedure and location. Set out locations shall include curbside, lane, on-site, and any other location the City Engineer may designate as appropriate. The Contractor shall be responsible for establishing set out locations that are accessible for collection. For all on-site collection locations, the Contractor shall indemnify and hold harmless the City and its officers and agents from all claims relating to work carried out by the Contractor.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

- SW.4.11.3 In carrying out the work, or any portion thereof, the safety and convenience of the public must always be specifically considered and provided for by the Contractor.
- SW.4.11.4 The Contractor shall place all material into the appropriate compartment of the collection vehicles such that ONP can be off-loaded first, followed by MPP, and finally MCO.
- SW.4.11.5 After collection, recycling containers shall be returned to the location from which they were taken. Blue Boxes shall be returned in an upside down position with the emptied blue and yellow bags placed underneath the Blue Box to prevent them from being blown away. In an instance when an item(s) has been placed inside the Blue Box that is not recyclable, such item(s) shall then be placed back in the upright container and the container shall be placed back in the location from which it was taken. In this instance, the emptied blue and yellow bags may be placed inside the Blue Box, and a standard "non-compliance" notice shall be attached to the Blue Box. Wheeled carts shall be returned in a neat and orderly manner to the location from which they were taken.

SW.4.12.0 New Serviceable Sites

- SW.4.12.1 The Contractor will assume the responsibility of providing collection services as soon as new Sites are serviceable. The Contractor shall notify the City Engineer of all new serviceable Sites and shall do so within five (5) working days of commencing the new services.
- SW.4.12.2 The Contractor shall perform a site visit at each new serviceable site and shall deliver an appropriate number of recycling containers and information brochures in accordance with Section SW.6.1.0 and SW.6.2.0.
- SW.4.12.3 The Contractor shall forward the Apartment Recycling Service Form to the City Engineer within five (5) working days of each site visit to a location needing new service. The form will provide information including address, contact name, telephone number, number of carts, or blue boxes, number of units, location of facilities (including designation whether private or City property), collection date, etc. This Service Form is shown in Schedule H.

SW.4.13.0 Missed Pickups

- SW.4.13.1 City recycling hotline staff shall record all Missed Pickup complaints and forward these to the Contractor for immediate resolution.
- SW.4.13.2 The City Engineer shall deduct \$200 per Missed Pickup occurrence per Site, as per Section SW.14.2.2.
- SW.4.13.3 The City Engineer shall deduct \$200 per calendar day for failing to collect a Missed Pickup within 24 hours of notification as per Section SW.14.2.2.
- SW.4.13.4 The City Engineer shall deduct \$500 per Missed Pickup (in addition to SW.4.13.2) occurring at the same Site within any 6 month period as per Section SW.14.2.2.
- SW.4.13.5 The Contractor shall notify the City prior to the next working day of any Site(s) where service was not possible, for reason's beyond the Contractor's control (e.g. closure of

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

roadways providing access), during the collection day. Failure to notify the City of any Site(s) prior to the next working day will be regarded as a Missed Pickup(s) subject to damages in Section SW.14.2.2.

SW.4.13.6 The City Engineer shall deduct \$200 per working day for failure to collect from a Site missed for reason's beyond the Contractor's control (e.g. closure of roadways providing access), on the next working day, as per Section SW.14.2.2.

SW.4.13.7 Where there is a dispute concerning Missed Pickup versus Late Put-Out, the Engineer's decision shall be final.

SW.4.13.8 The Contractor shall maintain a record of Missed Pickups for the duration of the Contract. This record shall include, for each Missed Pickup, the following information: date and time of notification, method of notification (e.g. phone call, fax, email,) person providing notification (e.g., City recycling hotline staff, City fax, City Engineer, name of other City staff,), name and phone number of person submitting the complaint (e.g., name of Building Manager, name of building resident, etc.), Site address, scheduled collection date, date and time Missed Pickup was corrected, reason for Missed Pickup. This record shall be supplied to the City Engineer for inspection in accordance with Section SW.12.2.0.

SW.4.14.0 Late Put-Outs

SW.4.14.1 The Contractor shall pick up Late Put-Outs after receiving notification from the City Engineer. The Contractor shall advise that Building Manager by way of a Non-Compliance Notice of the time requirements for put-outs.

SW.4.14.2 The Contractor shall maintain a record of Late Put-Outs for the duration of the Contract. This record shall include, for each Late Put-Out, the following information: Site address, date of occurrence, and time of regular pickup. This record shall be updated monthly and a copy shall be provided to the City Engineer for inspection in accordance with Section SW.12.2.0.

SW.4.15.0 Hazardous and Similar Materials

SW.4.15.1 The Contractor is not required to collect, remove, or transport any hazardous materials. Any inadvertent contact with hazardous material shall be the sole responsibility of the Contractor. Any hazardous materials found in a Collection Container shall not be collected, and the Contractor shall leave the entire contents of such Collection Container behind, provided that a non-compliance notice has been affixed to the appropriate Collection Container. The Contractor shall contact the Building Manager to inform him/her of such instances.

SW.4.16.0 Spillage of Loose Materials

SW.4.16.1 The Contractor, during the progress of the Work, shall not leave or deposit any material on any portion of the street, lane, sidewalk, boulevard, or other private or public property.

SW.4.16.2 The Contractor is required to clean-up any material scattered or spilled during collection and transportation procedures.

SW.4.16.3 The Contractor shall clean up the affected area within three (3) hours of notification of

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

the incident. Clean-up shall be done to the satisfaction of the City Engineer.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.5.0 TRANSFERRING RECYCLABLES TO RECEIVING FACILITY

SW.5.1.0 Weighing and Grading

- SW.5.1.1 All recycling Collection Vehicles must arrive at the Receiving Facility with enough time to weigh in and out during its regularly scheduled hours of operation unless prior arrangement is approved by the City Engineer.
- SW.5.1.2 The current hours of operation for the Receiving Facility are Monday - Friday: 6:30 a.m. - 4:30 p.m. The Contractor may provide a written request to the City Engineer that the Receiving Facility operate longer hours that may be required under certain special arrangements or circumstances.
- SW.5.1.3 Upon entering the Receiving Facility, a Collection Vehicle will drive onto the weigh scale to determine its Payload. (Note: the Contractor will provide the Processing Contractor with the tare weights of each Collection Vehicle at the beginning of the Contract). Collection Vehicles will only be weighed once (i.e., upon entering the Receiving Facility) unless a split-weighing is required by the Processing Contractor. The weigh master shall provide a copy of the weigh ticket to the Collection Vehicle operator at the time of each weighing, except in the event of a disagreement between the weigh master and the Collection Vehicle operator as set forth in this Section.
- SW.5.1.4 Every Load shall be graded, and indicated on the weigh ticket, as a "standard" Load or a "non-standard" Load. A Load shall be considered to be a "standard" Load unless indicated otherwise by the weigh master on all copies of the weigh ticket and initialed by the weigh master **and** the Collection Vehicle operator on all copies of the weigh ticket, except in the event of a disagreement between the weigh master and the collection vehicle operator as set forth in this Section. The Collection Vehicle operator shall not be required to initial weigh tickets for "standard" Loads.
- SW.5.1.5 A "standard" Load shall be considered to be a Multi-Category accepted, without downgrade, pursuant to the material specifications of the Contract, as follows:
 1) *"standard" Multi-Category Load (i.e., a Load that includes No.8 Grade ONP, MPP, and MCO);*
- A "non-standard" Load shall be considered to be a Multi-Category that has been downgraded pursuant to the material specifications of the Contract. Two (2) different types of "non-standard" Loads could be delivered to the Processing Contractor, as follows:
 1) *"non-standard" Multi-Category Load (i.e., a Load that includes No.6 Grade ONP, MPP, and MCO);*
 2) *"non-standard" Multi-Category Mixed Load;*

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.5.1.6 The following table outlines the potential downgrades and the various reasons for each downgrade.

Initial Grading (upon off-loading of Recyclable Materials)	Potential Downgrade	Reason for the Downgrade
"standard" multi- category load	"non-standard" multi- category load	No.8 Grade ONP Prohibitive Materials and/or Contaminant limits exceeded.
"standard" multi- category load	"non-standard" multi- category mixed load	<ul style="list-style-type: none">o bulkhead failure; oro No.6 Grade ONP Prohibitive Materials and/or Contaminant limits exceeded; and/oro MPP Prohibitive Materials and/or Contaminant limits exceeded; and/oro MCO Prohibitive Materials and/or Contaminant limits exceeded.

SW.5.1.7 In the event of a disagreement between the weigh master and the Collection Vehicle operator as to the grade of the Load, each Recyclable Material Category of the Load in question shall be pushed to a separate area of the receiving facility, and the City Engineer shall be called to attend the site at the City Engineer's earliest convenience. The Collection Vehicle operator will not initial the weigh ticket and will not take a copy of the weigh ticket. The City Engineer shall attend the site, examine the Load in question, and determine the grade of the Load. The City Engineer will note the grade of the Load on each copy of the weigh ticket, will initial all copies of the weigh ticket, and will take the collection vehicle operator's copy of the weigh ticket. The City Engineer shall be the sole judge as to the grade of the Load and the City Engineer's determination of the grade of the Load shall be final and binding. (Note: Only those Recyclable Material Categories that have been pushed aside, by the Processing Contractor, for the City Engineer's viewing will be considered by the City Engineer for grading; Recyclable Material Categories that have not been set aside for viewing by the City Engineer will be graded as a "standard" Load, regardless of Prohibitive Material and/or Contamination levels).

SW 5.1.8 Periodic Inspections will be taken and substantial difference between the inspected and reported values are grounds for investigation and may require corrective actions to be taken by the City, with retroactive repayments required by the Contractor.

SW.5.2.0 Certificate of Acceptance

SW.5.2.1 The Contractor shall be required to obtain from the Processing Contractor a Certificate of Acceptance for each Load of Recyclables delivered by the Contractor to the designated Receiving Facility.

SW.5.2.2 The Contractor shall be responsible for obtaining the original and one additional copy of the Certificate of Acceptance from the Processing Contractor.

SW.5.2.3 At the end of each month, the Contractor shall submit original copies of the Certificate of Acceptance for each Load delivered to the Processing Contractor as per Section SW.12.2.0 "Monthly Reports". Failure to submit original copies shall result in a fee

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

being paid by the Contractor to the City of \$500.00, which shall be deducted by the City from the Contractor as per section SW.14.2.2.

SW.5.2.4 Where a Load has been graded as a “non-standard” Load, the City shall deduct the cost the City must pay to the Processing Contractor plus \$50 per Load as per SW.14.2.2.

SW.5.3.0 Changes to the Scope of Work

SW.5.3.1 The Contractor acknowledges and agrees that the location of the Receiving Facility might change at some point during the term of this Contract. The current receiving facility is located at 1198 East Kent Avenue South. If the facility changes during the Contract, it is expected to be located within Vancouver City Limits.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.6.0 RECYCLING CONTAINERS

SW.6.1.0 Multi-Family Recycling Tote Bags

SW.6.1.1 Tote Bags shall be supplied by the City. The bags will be blue, woven, high density polyethylene and print treated.

SW.6.1.2 The Contractor will be responsible for delivering Tote Bags to each building that begins recycling collection service during the Contract in their awarded area. The Contractor will insert a brochure into each bag. The Contractor shall deliver the Tote Bags to a common area or mail room within the building, or shall make arrangements with the Building Manager to have the Tote Bags delivered within the building. Replacement Apartment Recycling Tote Bags can be obtained by residents from the City upon phone request or in person from City Hall and the Recycling Depot.

SW.6.1.3 The brochure will be designed by the City. Copies of the brochures will be produced and copied by the City and distributed by the Contractor.

SW.6.2.0 Recycling Containers

SW.6.2.1 The Contractor shall be responsible for obtaining, assembling and delivering new, additional and replacement recycling containers including bags and blue boxes. For new sites, such distribution shall be no more than seven (7) calendar days prior to first collection. Refer to Section SW.4.12.0 for details on the site visit requirement.

SW.6.2.2 Recycling Containers shall be supplied by the City and shall remain the property of the City for the duration of the Contract.

SW.6.2.3 Recycling containers supplied by the City are currently stored at 377 West Kent Avenue North (Manitoba Works Yard) in Vancouver.

SW.6.2.4 For new sites, the Contractor shall deliver Recycling Containers as follows:

Wheeled Cart Sites:

- minimum three (3) wheeled carts; one cart for each Recyclable Material Category;
- 1 set of carts for every 40 units; a set may include up to 4 wheeled carts;
- one (1) Tote Bag per Dwelling Unit (complete with brochure);
- minimum one (1) Collection Schedule per Building Manager.

Blue Box Sites:

- minimum one (1) Blue Box, one (1) Blue Bag, and one (1) Yellow Bag per Dwelling Unit (complete with brochure and Collection Schedule).

SW.6.2.5 The Contractor shall be responsible for obtaining and affixing decals to each and every wheeled cart and to each blue box as per the City Engineer's direction. Such decals shall be supplied by the City and are currently stored at 377 West Kent Avenue North (Manitoba Works Yard) in Vancouver.

SW.6.2.6 The City shall be purchasing wheeled cart recycling containers that are compatible with its existing recycling trucks. Therefore, wheeled carts are expected to meet the following approximate specifications:

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

Style: *Universal or North American*
Lock bar: Vertical height from base: 460 mm to 470 mm
Width of bar: 120 mm
Clearance between bar and container: 20 mm to 45 mm
Diameter of bar: 25 mm (round) or 25 mm x 25 mm (square)
Capacity: 360 litres
Dimensions: 1170 mm H x 660 mm W x 860 mm D
Material: High Density Polyethylene
Colour: Blue
Wheels: Two flush-mounted wheels with rubber tires
Handles: Moulded - in rear upper container handles

- SW.6.2.7 The Contractor shall ensure that all Recycling Containers are in good shape and in fully usable condition. All damaged, lost, or stolen Recycling Containers must be replaced by the Contractor as set forth in the following sections. The Contractor shall notify the City Engineer of all instances of lost, stolen, and damaged Containers. The Contractor shall be responsible for the removal and disposal of all damaged containers.
- SW.6.2.8 Where the City Engineer determines that recycling containers have been lost, stolen, or damaged at no fault to the Contractor, the City and the Contractor shall equally share the tendered replacement cost. The tendered replacement cost refers to the cost the City pays to the recycling container supplier including all applicable taxes. The Contractor shall be responsible for obtaining replacement containers from the City and delivering such replacement containers to the appropriate site(s). Parts will also be available for repairs. The City will purchase the parts and the Contractor will repair the carts if replacement is not necessary.
- SW.6.2.9 Where the City Engineer determines that Recycling Containers have been lost, stolen, or damaged as a result of the Contractor's negligence, the City shall supply the Contractor, at the Contractor's expense, with replacement containers. The Contractor shall be responsible for obtaining replacement Containers from the City and delivering such replacement Containers to the appropriate site(s).
- SW.6.2.10 The Contractor shall deliver all new, additional or replacement containers within five (5) working days on notification (by the City Engineer). Should the Contractor fail to add or replace a Collection Container within five (5) working days, the City shall deduct \$100 per container per calendar day as set forth in SW.14.2.2.
- SW.6.2.11 In the event the Contractor receives a request for Recycling Containers from anyone other than a City representative (e.g., Vancouver apartment resident, Building Manager, property management company, the media, etc.), he/she shall instruct the caller to contact the City's recycling hotline at 604.326.4600. The City Engineer shall deduct \$500 for each failure to re-direct callers to the City's hotline in accordance with SW.14.2.2.
- SW.6.2.12 The Contractor shall be responsible for delivering all new, additional and replacement containers in their collection area at no additional cost to the City.
- SW.6.2.13 The Contractor shall be responsible for the distribution and collection of Recycling Containers to new and existing locations as directed by the City Engineer.
- SW.6.2.14 The Contractor shall be responsible for retrieving wheeled carts that are lost or stolen

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

from the collection area and found abandoned within, or outside, the Collection Area. The Contractor shall ensure that retrieved carts are clean, in good shape and in fully usable condition before returning to service. The Contractor shall be responsible for Contaminants in retrieved carts. Carts retrieved in the collection area but originate from another Contract Area are to be returned to the City.

- SW.6.2.15 The Contractor shall maintain records of delivery of new, additional and replacement Recycling Containers including the property address, date of request, date of delivery, the delivered number and total number of blue boxes, the delivered number and total number of wheeled carts for each Recyclable Material Category, storage location of wheeled carts, and building contact with the phone number. This record shall be submitted to the City Engineer on a monthly basis in accordance with Section SW.12.2.1.
- SW.6.2.16 The Contractor shall maintain an up-to-date "master list" of recycling containers that shall be submitted to the City Engineer semi-annually in accordance with SW.12.3.1. The "master list" shall include, but is not limited to, the property address, the total number of Recycling Containers (i.e., the total number of blue boxes or wheeled carts), the number of wheeled carts for each Recyclable Material Category, the storage location of wheeled carts and the building contact information.
- SW.6.2.17 The Contractor shall be responsible to clean any graffiti on the wheeled carts and replace all wheeled cart decals that are missing, damaged or vandalized.
- SW.6.3.0 Recycling Containers on City Property**
- SW.6.3.1 No Containers shall be placed on City Property except those authorized in writing by the City Engineer. A list of the existing Recycling carts on City property is attached in Schedule I.
- SW.6.3.2 Under no circumstances will the positioning of the Recycling Containers displace existing garbage facilities onto City property.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.7.0 ROUTES AND SCHEDULE

SW.7.1.0 Collection Routes

SW.7.1.1 The Contractor shall submit detailed route maps for each Collection Vehicle for each collection day, to the City Engineer for approval at least 60 days prior to the Collection Commencement Date. The maps shall indicate, for each Collection Vehicle, the Sites to be serviced each day and the starting time, the starting point, and the traveling route. Any subsequent revisions to these routes require the written approval of the City Engineer.

SW.7.1.2 The City Engineer shall have the right to require the Contractor to, at any time after the commencement of the Contract, increase the number of collection routes to such numbers as he/she may determine necessary to ensure adequate performance of the Work

SW.7.2.0 Collection Schedule

SW.7.2.1 The Contractor shall produce a Collection Schedule that includes a description of suitable recycling materials, in a form acceptable to the City Engineer. A copy of the City's Residential Recycling Collection Calendar has been supplied as an example (refer to Schedule E). The Contractor shall use a similar format. The Contractor shall be responsible for producing and delivering one (1) Schedule to each dwelling unit at blue box sites and to each Building Manager at wheeled cart sites within the Collection Area once per annum for the duration of the Contract. The first Schedule shall be delivered by no later than 2 weeks prior to the Collection Commencement Date. Each successive Schedule shall be delivered by no later than December 24th. The Contractor shall obtain the City Engineer's approval of the layout, design, and the proposed delivery method of the Schedule at least 30 days prior to delivering the Collection Schedule.

SW.7.2.2 Any alterations to the Collection Schedule that result in a change in the day of pickup must be approved in writing by the City Engineer. Each Building Manager that is affected by such change shall be advised in writing by the Contractor at least two weeks in advance.

SW.7.2.3 The Contractor shall arrange and pay for Collection Schedule advertisements once (1) per annum in the WestEnder, Georgia Straight and Vancouver Courier (Sunday edition) local newspapers, and any other newspapers, magazines, or publications as directed by the City Engineer. Advertisement format, size, and wording must be approved by the City Engineer prior to publishing. Typical ads sizes shall be a minimum 3" by 5" in size. These advertisements must be placed one (1) month prior to expiry of the previous Collection Schedule.

SW.7.3.0 Make-up Collections

SW.7.3.1 Except as provided in Section SW.7.4.0 Severe Weather Conditions, when closure of roadways providing access, or other disruption beyond the Contractor's control, prevents collection on the regular scheduled day of collection, the Contractor shall make collection on the next weekday. The Contractor shall collect all Recyclables that have been amassed since the last collection day, including the collection of Recyclables that have been set out in temporary receptacles or placed on or beside

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

the Recycling Containers.

SW.7.4.0 Severe Weather Conditions

SW.7.4.1 Where, in the opinion of the City Engineer, a street or lane becomes impassable due to severe weather conditions (e.g., snow or ice), the City Engineer may designate alternate collection points for sites located on said street or lane. When such changes are allowed or stipulated by the City Engineer, the Contractor shall be responsible for prior notification of all of parties affected. Restoration of the usual service shall be made as soon as possible or as stipulated by the City Engineer. However, the Contractor shall give adequate notice to all affected parties prior to resumption of regular service. The Contractor shall be responsible for notifying the City Engineer of any impassable streets or lanes due to severe weather conditions. The Contractor shall endeavor to complete regularly scheduled collections to the degree possible until alternate collection points have been arranged.

SW.7.4.2 When weather conditions impede the carrying-out of the work, areas or parts of areas which are able to be collected shall still receive collection service. Collection service may be temporarily discontinued only with the permission of the City Engineer. Following any disruption of collection service, the Contractor shall use extra equipment and/or manpower, all within the hours of collection set out in the Contract Documents, in order to immediately resume the regular schedule. The Contractor shall collect all recyclable materials that have accumulated at each site during the period the service was temporarily discontinued, including those materials that may be piled on or beside the recycling containers.

SW.7.4.3 If any interruption in collection service exceeds one day, then the Contractor shall provide a report to the City Engineer that lists each Site that has not received regular collection service and when regular collection service is expected to resume for each of those Sites.

SW.7.4.4 During severe weather conditions, City Hotline staff shall instruct callers to set out their recycling containers as usual, unless the Contractor notifies them otherwise.

SW.7.4.5 The City shall not be responsible for any towing charges or damage to Collection Vehicles or equipment that may arise as a result of poor street or lane conditions. The Contractor shall advise the City Engineer of any streets or lanes that may impede or prohibit his normal collection schedule.

SW.7.5.0 Blocked Access

SW.7.5.1 The Contractor shall make every effort to complete collections in the event of any obstructions or impediments, such as illegally-parked vehicles and construction activities.

SW.7.5.2 In the event that access to a Site or set out location is blocked, the contractor shall return to the Site later on the same scheduled collection day to complete the required services. If access is still restricted upon returning, the Contractor shall contact the City Engineer and advise him of the situation and return the following Working Day to undertake collection. Should access still be restricted on the following Working Day, the Contractor shall advise the City Engineer who shall decide on an appropriate course of action.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.7.6.0 Holidays

SW.7.6.1 The Contractor shall not be required to perform operations on the following statutory holidays:

Good Friday	Thanksgiving Day
Easter Monday	Remembrance Day
Victoria Day	Christmas Day
Canada Day	Boxing Day
British Columbia Day	New Year's Day
Labour Day	

and any other day which, during the term of the Contract, may be declared as a statutory holiday by the Provincial or Federal Government.

SW.7.7.0 Operating Hours

SW.7.7.1 Without limiting the generality of the foregoing provisions of this section, the Contractor may by order of the City Engineer, be prohibited from carrying on operations during any hour or hours of the day in which the City Engineer's sole discretion deems such operations to be a disturbance or nuisance to the residents of the City or in part, and irrespective of any permission or order which the City Engineer may have given to the Contractor, said Contractor shall indemnify and save harmless the City, from any claim, action, loss, or damage whatsoever which may be made, brought or recovered against it or them as a result of any of these operations.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.8.0 PERSONNEL

SW.8.1.0 Personnel and the Performance of Contract

- SW.8.1.1 The Contractor agrees in the performance of this Contract to employ experienced drivers, possessing a valid licence, including all aspects of the Motor Vehicle Act, to operate the collection vehicles. The Contractor further agrees to employ employees that are alert, polite and well groomed at all times.
- SW.8.1.2 The Contractor agrees to provide each employee with an identification card with the employees' name and photograph affixed indicating the employee is employed by the Contractor and that they represent the City of Vancouver's Recycling Program. The Contractor agrees that it's employees are required to wear this identification card at all times when performing this Contract.
- SW.8.1.3 The Contractor agrees to provide a sufficient number of drivers that are adequately trained to operate the vehicles in a safe and efficient manner.
- SW.8.1.4 The Contractor shall provide a full training program to ensure that it's drivers are familiar with operations, public relations policy, all traffic laws including by-laws and complaint procedures.
- SW.8.1.5 The Contractor agrees that it or any of its agents or employees shall not solicit or accept any gratuity for work done in the performance of this Contract.
- SW.8.1.6 In the performance of this Contract, the Contractor shall be responsible for and agrees to discipline or discharge any of his employees in breach of the terms and conditions of this Contract or in breach of any applicable law, statute, regulation or by-law.
- SW.8.1.7 The Contractor shall employ on the work, only orderly, competent and skillful workers. The Contractor's employees shall be courteous, exercise due care, do their work without delay, minimize noise, and avoid damage to private property. Employees shall close and re-lock all gates and doors that they open and shall replace lids on recycling containers and firmly close them. If on private property, employees shall follow the regular pedestrian driveways, walkways, and paths; employees shall not cross flower beds or through hedges.
- SW.8.1.8. The City Engineer shall notify the Contractor of unsatisfactory conduct of any Contractor employee. Upon such notification, the Contractor shall take remedial action according to the frequency of the occurrence and the severity of the unsatisfactory conduct, as outlined below:
- a) *Level One*
If the City Engineer notifies the Contractor of unsatisfactory conduct by a particular employee and the Contractor determines that the complaint appears to be valid, the Contractor shall take appropriate action. Examples of unsatisfactory conduct under Level One include: spillage of materials; leaving gates open; not re-locking doors; walking through flower beds; not returning containers to their original location and position; failure to properly use Non-compliance Stickers; leaving Recyclables behind; incompetence; the refusal to collect and/or handle recyclable and non-recyclable materials;.
- b) *Level Two*

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

If the City Engineer notifies the Contractor by letter that an employee has engaged in misconduct or continued in a pattern of unsatisfactory conduct after a Level One notice and the Contractor determines that the complaint appears to be valid, the Contractor will take appropriate disciplinary action. Examples of misconduct under Level Two include: continued unsatisfactory conduct under Level One; rude or abusive language to or in the presence of customers and/or the public; inappropriate behavior in the presence of customers and/or the public; the wanton or malicious damage or destruction of recycling containers, private property, or public property; careless or unsafe driving; and, acceptance of gratuities (of any kind).

c) *Level Three*

If the City Engineer requests that an employee be suspended from further work on the contract for serious misconduct or an uncorrected pattern of conduct under Level Two, the Contractor shall remove the employee from further work under this contract until the City Engineer approves otherwise. Examples of serious misconduct are continued misconduct under Level Two; appearing on the job under the influence of alcohol or drugs; fighting or menacing; throwing rocks; endangering customers; or committing an offense of any City by-law or any Provincial and/or Federal law.

Under Level One, the City Engineer shall send a written notice to the Contractor informing the Contractor of the unsatisfactory conduct. Under Level Two and Level Three, the City Engineer shall notify the Contractor by telephone within ten (10) working days of becoming aware of the incident and send a written notice within ten (10) working days thereafter. Written notices shall identify the level of the notice, the specifics of the incident and the action the City Engineer expects the Contractor shall take.

The Contractor shall notify the City Engineer of remedial action taken to written notices in its monthly reports.

- SW.8.1.9 The City Engineer may give the Contractor written notice of any event which in the opinion of the City Engineer is a breach by the Contractor of this section and the Contract provisions respecting Forfeiture of Contract shall apply. An employee that is discharged or transferred by the Contractor shall not again be employed to perform work under this Contract without prior written consent of the City Engineer.

SW.8.2.0 Contract Supervision by the Contractor

- SW.8.2.1 The City Engineer shall be provided, to his/her satisfaction, with the address and telephone numbers of the Contractor's representatives who may be contacted and available within reasonable notice 24 hours a day, 7 days a week, on matters relating to this Contract and who shall have overall responsibility for the Contract.

- SW.8.2.2 The Contractor shall have on duty on all collection days, sufficient and qualified supervisors, each having a cellular telephone and two-way radio-equipped vehicle to ensure a courteous, prompt and efficient service for handling complaints. These vehicles shall be equipped such that they are capable of picking up missed recyclables from recycling containers that have not been picked up by the Contractor and which, in the opinion of the City Engineer, are the responsibility of the Contractor.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.9.0 VEHICLES AND EQUIPMENT

SW.9.1.0 Contractor's Equipment

- SW.9.1.1 The Contractor shall utilize Collection Vehicles that are used exclusively for this Contract. Approval to utilize Collection Vehicles for purposes outside the scope of this Contract shall require the written approval of the City Engineer.
- SW.9.1.2 The Contractor shall provide, maintain, operate and assign an adequate number of Collection Vehicles to each route, as approved by the City Engineer, to properly maintain the level of service specified in this Contract. The City Engineer shall have the right to require the Contractor to, at any time after the commencement of the Contract, increase the number of Collection Vehicles to such numbers as he/she may determine necessary to ensure adequate performance of the Work. The Contractor shall provide a fleet of Collection Vehicles including an adequate number of spare Collection Vehicles or shall have access to additional Collection Vehicles on two (2) hours notice.
- SW.9.1.3 The Contractor shall obtain and pay for all necessary permits or licences required prior to the execution of the work. The Contractor shall give all necessary notice and pay all fees required by law.
- SW.9.1.4 All equipment and machinery used in conducting the Work required by this Contract, shall be subject to the approval of the City Engineer, but approval or failure to approve same shall not relieve the Contractor from responsibility for the proper performance of the Work, or liability under same.
- SW.9.1.5 The Contractor shall keep a sufficient number of spare Collection Vehicles in the Contractor's yard to ensure that, in the event of a breakdown, all collection operations can continue to be performed in accordance with the terms of this Contract. Equipment breakdown will not be considered a satisfactory reason to discontinue, or temporarily interrupt, regular collection services.
- SW.9.1.6 The Contractor shall complete an inventory showing each Collection Vehicle (make, model, capacity, age, mileage, operating hours) including spare Collection Vehicles, and number of drivers with stated qualifications, used for performing the Work under this Contract. This information shall be submitted with the EOI Submission. The Contractor may change Collection Vehicles from time-to-time and shall revise the inventory and notify the City Engineer accordingly. The Contractor shall maintain a Collection Vehicle fleet during the term of the Contract of at least equal to that described in the EOI Submission description of inventory (which description will be added as a Schedule to this Contract if and when a Contract is entered into by the City).

SW.9.2.0 Type of Collection Vehicle

- SW.9.2.1 The Contractor shall ensure that all Collection Vehicles and equipment comply with all Federal, Provincial, and Municipal government requirements.
- SW.9.2.2 Collection Vehicles shall be properly constructed, maintained, and sufficiently enclosed to prevent or eliminate the depositing of any debris onto the streets during the performance of the Contract. Each Collection Vehicle shall carry sufficient hand-

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

tools (e.g., brush, broom, and shovels) to facilitate cleaning up any debris that may have been dropped or spilled by the Contractor.

SW.9.2.3 Collection Vehicles must contain an interchangeable compartment or partition system for each Recyclable Material Category that is collected under this Contract. The Contractor shall ensure that the Collection Vehicles shall be adaptable to handle additional Recyclable Material Categories, in accordance with Section SW.1.1.57, than those that have been specified at the start of the Contract.

SW.9.2.4 Each Collection Vehicle shall be equipped with a two-way radio system.

SW.9.2.5 Collection Vehicles shall conform to current industry standards and have fully enclosed metal bodies of sufficient capacity (to protect materials from weather), mounted on an adequate truck chassis, with sufficient flat exterior surfaces (sides and back of the body) that are suitable for the application of decals and City advertising, all subject to the approval of the City Engineer.

SW.9.2.6 Collection Vehicles must be adequately designed in order to allow ease of collection and sorting for the driver/operator and be capable of handling and unloading Recycling Containers.

SW.9.2.7 The Contractor shall minimize reverse travel (i.e., backing up). Notwithstanding, all vehicles performing work on this Contract shall be equipped with back-up beeper alarm devices that are satisfactory to the City Engineer.

SW.9.3.0 Maintenance of Collection Vehicles

SW.9.3.1 The Contractor shall be responsible for maintenance, repairs and all other operating costs and/or requirements for the Collection Vehicles and equipment including, but not limited to, fuel, licensing, insurance, regular washing, storage, paint, etc.

SW.9.3.2 The Contractor shall produce certificates of inspection by authorized Inspectors of the Ministry of Transportation upon being requested to do so, the inspection being made forthwith upon request by the City Engineer. All expenses incurred to perform these inspections shall be borne by the Contractor.

SW.9.3.3 Collection Vehicles and equipment used in the execution of the Contract shall be mechanically sound. The Contractor shall promptly repair all body damage (e.g., scratches, dents, rust) to the satisfaction of the City Engineer.

SW.9.3.4 The City Engineer reserves the right to inspect any owned or leased Collection Vehicle and/or equipment at any time. Mechanical deficiencies noted shall be corrected at the Contractor's expense within a reasonable period as determined by the City Engineer.

SW.9.3.5 Where, in the opinion of the City Engineer, conditions are not suitable or safe for the use of certain equipment or Collection Vehicles, the Contractor shall, upon written order of the City Engineer, carry out the work without the use of such equipment or Collection Vehicles, and no allowance will be made to the Contractor as a result of such restriction.

SW.9.3.6 Collection Vehicles shall be painted on a regular basis, or as directed by the City Engineer. Frequency of painting is to be such that a desirable appearance is

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

maintained to the satisfaction of the City Engineer. All Collection Vehicles shall be painted the same colour, which must be approved by the City Engineer.

SW.9.4.0 Cleanliness of Collection Vehicles

SW.9.4.1 All equipment supplied by the Contractor must be kept clean at all times, to the satisfaction of the City Engineer. All equipment shall be washed not less than once per week.

SW.9.4.2 All Graffiti shall be promptly removed from the Collection Vehicles.

SW.9.5.0 Identification of Collection Vehicles

SW.9.5.1 No advertising may be carried on the Contractor's collection vehicles except as provided herein. The Contractor may affix his name upon all collection vehicles. The colour of the lettering on each collection vehicle will be subject to the approval of the City Engineer.

SW.9.5.2 The Contractor will be required to stencil or otherwise affix a permanent numbering system on all collection vehicles to accommodate the necessary accounting system for loads entering the designated Receiving Facility. Each Collection Vehicle shall be numbered consecutively with 100 mm numbers, which shall be displayed on the front, rear, and both sides of the vehicles, in a manner acceptable to the City Engineer. The Contractor may be required to display such markings on all vehicles as the City Engineer may deem requisite. Other than the above-mentioned, no advertising may be carried on the collection vehicles. Any additional hired Collection Vehicles that may be required will also require a similar system of numbering.

SW.9.5.3 The City Engineer may require the Contractor affix City decals on each side of the Collection Vehicle. Said decals shall be supplied and paid for by the City. The Contractor shall bear all costs associated with affixing the decals to each Collection Vehicle in a manner and position that is acceptable to the City Engineer.

SW.9.5.4 The City Engineer may require the Contractor to affix signs on each side and/or the rear of each Collection Vehicle that proclaim messages of public interest or promote any aspect of the waste/recycling programs being carried on by the City. Said signs shall be supplied and paid for by the City. The Contractor shall bear all costs associated with affixing the signs to each Collection Vehicle in a manner and position that is acceptable to the City Engineer.

SW.9.6.0 Contractor's Service Yard

SW.9.6.1 The Contractor shall provide the City Engineer with a description of the service yards or contracts to be used for parking, repair, and/or cleaning of Collection Vehicles and other equipment. The Contractor shall immediately notify the City Engineer of any material changes to the Contractor's service yard that might affect the performance of the Work under this Contract immediately after becoming aware of the same and shall make suitable remedial arrangements as required by the City Engineer. This information shall be submitted with the EOI Submission in a sealed envelope clearly marked Contractor's Service Yard.

SW.9.7.0 Excess Loading of Collection Vehicles

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

- SW.9.7.1 The Contractor shall not cause or permit Collection Vehicles to be loaded beyond the legal limit as specified in the Highway Traffic Act, whether such vehicles are registered in the name of the Contractor or otherwise.
- SW.9.7.2 Where in the opinion of the City Engineer, equipment used by the Contractor is causing or is likely to cause damage to any private or public roadway, the City Engineer may direct the Contractor at its own expense to make changes in or substitutions for such equipment, to use alternate routes for hauls, to alter loading or to remove the cause of such damage in some other manner to their satisfaction. The Contractor will be responsible for the consequences of the overload of its vehicles.
- SW.9.7.3 The Contractor will further note that load restrictions are imposed on certain roads within the City limits and that the Contractor shall not use those roads in traveling to or from, the recycling Receiving Facility, or other route areas except for regular collection purposes.
- SW.9.8.0 Mechanical or Oil Spill**
- SW.9.8.1 Any and all hydraulic or oil spills as a result of the works must be immediately reported to the City Engineer. As soon as a spill starts, the vehicle will cease operations immediately until the Contractor's foreman arrives on site.
- SW.9.8.2 Absorbent material will be laid down immediately by the Contractor. As soon as the absorbent has had the desired effect, it is to be scraped from the road or affected property. If residue still remains, the Contractor will apply another layer of absorbent and will leave the site in a clean and tidy condition. Failure to respond immediately to this kind of spill may result in asphalt or other damage for which the Contractor will be responsible.
- SW.9.8.3 If necessary, at the City Engineer's discretion and Contractor's expense, a power wash or other measure (e.g., re-paving) may be required to restore the affected area to it's pre-spillage condition.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.10.0 COMPLAINTS AND INQUIRIES

SW.10.1.0 Recycling Hotline

- SW.10.1.1 The City shall staff and operate a recycling hotline, which shall be open for public inquiry between the hours of 7:30 a.m. and 4:00 p.m. Monday through Friday (excluding holidays).
- SW.10.1.2 The general purpose of the City recycling hotline shall be to answer inquiries about recycling and resolve problems with scheduling and collection.
- SW.10.1.3 City recycling hotline staff shall record all complaints and inquiries and forward these to the Contractor for immediate resolution.
- SW.10.1.4 The current City recycling hotline number is 604.326.4600 (Note: this number is subject to change). The recycling hotline number shall be prominently shown on all written and public education materials.

SW.10.2.0 Contractors Office

- SW.10.2.1 The Contractor shall, at his office, provide and maintain at least one telephone line and a fax line for administration of the Contract. The Contractor's telephone line shall be attended at least 7:30 a.m. to 4:00 p.m. Monday through Friday, by a competent representative to answer all inquiries and complaints. All calls by City staff must be answered by the Contractor's representative (voice mail is not acceptable). The Contractor must also provide after hours contact numbers for any after hours calls.
- SW.10.2.2 In the event the Contractor receives an inquiry or complaint from anyone other than a City representative (e.g., Vancouver apartment resident, Building Manager, property management company, the media, etc.), he/she shall instruct the caller to contact the City's recycling hotline at 604.326.4600. The City Engineer shall deduct \$500 for each failure to re-direct a caller to the City's recycling hotline in accordance with SW.14.2.2.
- SW.10.2.3 The Contractor shall maintain complete records of all inquiries and complaints received, in a format acceptable to the City Engineer and shall include at least the following information:
- a) date and time of notification;
 - b) method of notification (phone call, fax, etc.);
 - c) source of notification (City recycling hotline staff, name of other City staff, etc.);
 - d) site address;
 - e) name and phone number of person inquiring (Building Manager, Vancouver apartment resident, etc.);
 - f) nature of the complaint or inquiry received;
 - g) action taken to rectify each complaint or respond to inquiry; and
 - h) date and time the action was taken.
- SW.10.2.4 The Contractor shall notify the City with details of the action taken by the Contractor as soon as the complaint or inquiry is addressed.
- SW.10.2.5 The above-noted records shall be available for inspection by the City Engineer at any time during normal working hours.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

- SW.10.2.6 The telephone and fax number of the Contractor shall be included in all correspondence with the City.
- SW.10.2.7 The Contractor shall respond to all complaints in a timely and courteous manner. He/she shall inquire fully into the nature and extent of the complaint and attempt to satisfy the problem within the obligations imposed on him under this Contract and in the spirit of good public relations.
- SW.10.2.8 Complaints that cannot be resolved within the same day shall be referred to the City Engineer for resolution. In such instances, the City reserves the right to take such actions deemed necessary and charge the complete cost thereof, plus applicable overheads, to the Contractor.

SW.11.0 CONTRACTOR'S RECORDS

SW.11.1.0 Contractor's Records

SW.11.1.1 The Contractor, at his office, shall maintain books and records relating to the performance of this contract in accordance with the following requirements:

- a) The Contractor shall maintain any and all ledgers, books of accounts, invoices, vouchers and canceled cheques, as well as all other records and documents evidencing or relating to the charges for services, expenditures or disbursements borne by the City for a minimum period of three (3) years, or for any longer period required by law, from the date of final payment to the Contractor pursuant to this contract, of accidents, and statistics, and shall supply the City Engineer with such records as required as part of the performance of the Contract.
- b) The Contractor shall maintain all documents or records which demonstrate performance under this Contract for a minimum period of three (3) years from the date of termination or completion of this Contract, or for any longer period required by law.
- c) Any records or documents required to be maintained pursuant to this Contract shall be made available for inspection or audit, at any time, during the regular business hours, on written request by the City Engineer. Copies of such documents shall be provided to the City Engineer for inspection when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records shall be available at the Contractor's address indicated for receipt of notices in this Contract.
- d) Where the City Engineer has reason to believe that any records or documents may be lost or discarded due to dissolution, disbandment, or termination of the Contractor's business, the City may, on written request of the City Engineer, require that custody of any such records or documents be transferred to and maintained by the City. Access to such records or documents shall be granted to any party authorized by the Contractor, its representatives, or its successor-in-interest.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.12.0 REPORTING REQUIREMENTS

SW.12.1.0 General

- SW.12.1.1 The Contractor shall immediately report any and all vehicle collisions to the City Engineer.
- SW.12.1.2 The Contractor shall immediately report any and all incidents involving residents to the City Engineer.
- SW.12.1.3 Copies of all claims and reported damages shall be submitted to the City Engineer in written form for each occurrence.

SW.12.2.0 Monthly Reports

- SW.12.2.1 The Contractor shall submit monthly reports for the duration of the Contract. These reports shall be due by the fifteenth (15th) day of the following month. The City shall withhold any and all monthly payments due to the Contractor until all items required in the monthly report are submitted to the City in a form satisfactory to the City Engineer.

At a minimum, the reports shall include:

- a) A summary of each inquiry and complaint received by the Contractor. The summary shall include, for each inquiry and complaint, organized by date and time of notification, method of notification (eg. phone call, fax, email,), source of notification (e.g. City recycling hotline staff, name of other City staff,); Site address; name and phone number of person inquiring (Building Manager, Vancouver apartment resident, etc.); nature of the complaint or inquiry received; action taken to rectify each complaint or respond to inquiry; and date and time the action was taken. For Missed Pickup complaints the summary shall also include the scheduled collection date and the reason for the Missed Pickup.
- b) A summary of tonnages for each Load collected in the previous month. The summary shall include, for each Load collected, organized by date and listing the truck number, the weigh ticket number, and the Payload. Original copies of weigh scale receipts shall be included with the tonnage summary, organized by date and truck number. False or altered weight scale receipts shall be cause for a deduction of \$500 for each incidence.
- c) A list of all sites receiving replacement recycling containers during the month being reported, including the property address, date of request, date of delivery, the delivered number and total number of blue boxes, the delivered number and total number of wheeled carts for each Recyclable Material Category, storage location of wheeled carts, and building contact.
- d) A list of all sites receiving additional recycling containers during the month being reported, including the property address, date of request, date of delivery, the delivered number and total number of blue boxes, the delivered number and total number of wheeled carts for each Recyclable Material Category, storage location of wheeled carts, and building contact.
- e) A list of all new sites receiving recycling containers during the month being reported, including the property address, the number of dwelling units, date of

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

request, date of delivery, the delivered number and total number of blue boxes, the delivered number and total number of wheeled carts for each Recyclable Material Category, storage location of wheeled carts, building contact, collection start date, and collection schedule

- f) A list Recycling Containers and parts obtained from the City's inventory (currently stored at 377 West Kent Avenue North), including date, time, number of Blue Boxes, number of blue bags, number of yellow bags, number of Tote bags, number of recycling carts, number of cart decals, number and type of cart parts (eg., wheels, axles, lift bars,) and name of driver and truck number picking up parts.
- g) A list of all sites receiving non-compliance notices as per SW.4.10.4 including property addresses, date notice was placed, and number and category of cart where notice was placed.
- h) A list of Late Put-Outs as per SW.4.14.2 including Site address, date of occurrence, and time of regular pickup.
- i) In reference to sites receiving pullout service in excess of 50 metres from the nearest location that the collection vehicle can access; if a building changes the amount of additional service by adding or deleting more carts or by increasing or decreasing the pullout length, the Contractor must report those changes to the City within 5 days and include those changes in the monthly report.

SW.12.3.0 Semi-Annual Reports

SW.12.3.1 The Contractor shall submit semi-annual reports for the duration of the Contract. These reports shall be due within fifteen days of the end of the first six (6) months of the contract and each successive six (6) month period thereafter. The City shall withhold payment to the Contractor until receipt of the semi-annual report.

At a minimum, the reports shall include:

- a) Up-to-date list as per SW.6.2.16, including the property address, the total number of Recycling Containers (i.e., the total number of blue boxes or wheeled carts), the number of wheeled carts for each Recyclable Material Category, the storage location of wheeled carts and the building contact information.
- b) Up-to-date list of rollout sites in excess of 50 m, including property address, number of carts for each recyclable material category, storage location and rollout distance.

SW.13.0 PERFORMANCE STANDARDS

SW.13.1.0 Performance Standards

SW.13.1.1 Without foregoing any of the responsibilities of the Contractor to carry out the Work under this Contract, the Contractor shall also be monitored against the following:

SW.13.1.2 The Contractor shall complete 100% of each day's collection. The Contractor shall be deemed to have failed to complete 100% of a day's collection if any one of the following circumstances occurs:

- a) the Contractor fails to collect and remove, on a scheduled collection day, Recyclables from a Site for reasons other than:
 - o Late Put-Outs;
 - o excessive Contaminants; or
 - o temporary interruptions permitted by the City Engineer due to emergencies, Acts of God, or extraordinary weather conditions;
- b) the Contractor fails to collect and remove, on a scheduled collection day, Recyclables from a Site for reasons beyond the Contractor's control (e.g. impassable obstructions or temporary interruptions permitted by the City Engineer due to emergencies, Acts of God, or extraordinary weather conditions) and does not return to collect from that Site within 24 hours.

SW.13.1.3 The Contractor shall **not** be deemed to have failed to complete 100% of the day's collection by reason only when:

- a) the Contractor missed Late Put-Outs and was not directed by the City Engineer to return to collect them;
- b) the City Engineer has directed the Contractor to miss all or part of a day's collection; or
- c) the Contractor missed all or part of a day's collection for reasons beyond the Contractor's control (e.g. impassable obstructions or temporary interruptions permitted by the City Engineer due to emergencies, Acts of God, or extraordinary weather conditions).

SW.13.1.4 If the Contractor encounters an impassable obstruction for any reason including, but without limitation, utilities or other contractors working on the street, they will notify the City immediately and will return at least once that day to attempt to complete collections. The following will NOT be considered to be impassable obstructions: cars parked on the street, snowbanks, ditches and the like.

SW.13.1.5 The Contractor guarantees that all work shall be carried out as specified in the Contract and will meet with the approval of the City Engineer; and that the Contractor will, at the Contractor's own expense, upon being required by the City Engineer, make good in a manner satisfactory to the City Engineer, and the decision of the City Engineer in all such matters and as to the necessity for remedying such imperfections is to be final. Should the Contractor fail to comply with the directions of the City Engineer, the latter may, after giving the Contractor twenty-four (24) hours written notice, perform or have performed the necessary work, and the whole costs, charges

COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

and expenses so incurred may be deducted or collected by the City, as provided in the Clause hereof, entitled "Monies Due City."

SW.14.0 DEDUCTIONS

SW.14.1.0 Deductions from Monthly Payments to Contractor

SW.14.1.1 The City may deduct the following amounts from the Contractor's monthly payment:

- a) assessments or compensation payable by the Contractor pursuant to the Worker's Compensation Act if the Contractor has failed to pay them;
- b) such sums as the City Engineer deems necessary to secure the Contractor's current obligations arising out of the Section GC.26 Indemnity Clause of the General Conditions;
- c) non-compliance fees as set forth in Section SW.14.2.0;
- d) costs of replacing recycling containers in accordance with Section SW.6.2.8 and SW.6.2.9;
- e) any claim that the City has against the Contractor under the Contract or otherwise.

SW.14.1.2 The foregoing amounts may be recovered from the Contractor or their Surety in any court of competent jurisdiction as a debt due to the City.

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.14.2.0 Non-Compliance Fees

SW.14.2.1 The Contractor shall be charged non-compliance fees in the event the City incurs costs to perform any of the services in the following left hand column. The amounts in the right hand column are set non-compliance fees, which the City Engineer shall assess and charge to the Contractor accordingly. The City Engineer shall deduct the assessed amount from the City's regular monthly payment to the Contractor.

Services	Non-Compliance Fee
a) Collection of Recyclables left behind or not collected by the Contractor on the regular day of collection.	Actual Cost + 15% overhead (as determined by the City Engineer)
b) Picking up spillage left behind by the Contractor	Actual Cost + 15% overhead (as determined by the City Engineer)
c) Cleaning up leakage caused by the Contractor's Collection Vehicles and/or equipment.	Actual Cost + 15% (as determined by the City Engineer)
d) Repairing or replacing damaged property caused by the Contractor, including but not limited to: damage to recycling containers, streets, lanes, curbs, boulevards, lamp standards, private property, or other City property.	Actual Cost + 15% (as determined by the City Engineer)
e) Delivery of Recycling Containers the Contractor fails to deliver within five (5) working days on notification (by the City Engineer).	\$200 per container

REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE A - FORM OF AGREEMENT

SW.14.2.2 The Contractor shall be charged non-compliance fees due to any of the acts or omissions that are noted in the following left hand column. The amounts in the right hand column are set non-compliance fees, which the City Engineer shall assess and charge to the Contractor accordingly. The City Engineer shall deduct the assessed amount from the City's regular monthly payment to the Contractor.

Acts or Omissions	Non-Compliance Fee
a) Commencement of recycling collection prior to 7:00 a.m.	\$500 per incident (each truck on each route is a separate incident)
b) Failure to re-direct callers to the City's recycling hotline in the event the Contractor receives an inquiry or complaint from anyone other than a City representative (e.g., Vancouver apartment resident, Building Manager, property management company, the media, etc.)	\$500 per incident
c) Missed Pickup.	\$200 per incident
d) Failure to collect a Missed Pickup within 24 hours of notification.	\$200 per calendar day
e) Two or more Missed Pickups from the same Site within any 6 month period, in accordance with SW.4.13.4.	\$500 per incident (each Missed Pickup subsequent to first Missed Pickup is a separate incident)
f) Failure to collect on the next working day from a Site missed for reasons beyond the Contractors control, in accordance with SW.14.13.6.	\$200 per calendar day
g) Collection from premises on any other day than regular scheduled collection day.	\$500 per truck per day
h) "Non-standard" Load at Receiving Facility as per Section SW.5.2.4	City's Cost + \$50
i) Failure to deliver new, additional or replacement recycling containers within 5 working days of notification in accordance with Section SW.6.2.10	\$100 per container per calendar day
j) Unsatisfactory performance after notice to correct, which includes, but is not limited to: leaving gates or doors open, not re-locking doors; crossing planted areas; abusive language to residents; or not returning recycling containers to their original location after collection.	\$200 per incident
k) Collection from premises that are not part of this Contract.	\$500 per incident

SCHEDULE E
CITY OF VANCOUVER RECYCLING SCHEDULE

**REQUEST FOR EXPRESSIONS OF INTEREST NO.PS08182
COLLECTION OF RECYCLABLE MATERIALS FROM MULTI-FAMILY BUILDINGS
SCHEDULE E -CITY OF VANCOUVER RECYCLING SCHEDULE**

**2008
Apartment
Recycling Schedule**

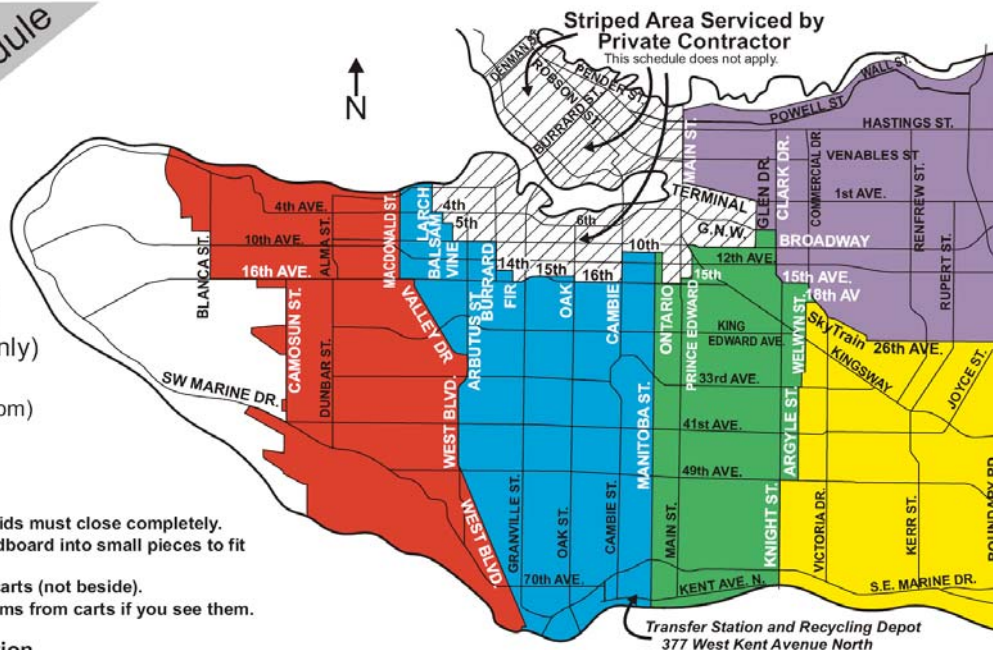

For service inquiries & info:
Recycling Hotline
(City of Vancouver only)
604.326.4600
(Mon. to Fri. - 8 am to 4 pm)
vancouver.ca/recycle
recycle@vancouver.ca

Reminders . . .

- Don't overfill the carts. Lids must close completely.
- Very important to cut cardboard into small pieces to fit easily inside carts.
- Place all material inside carts (not beside).
- Remove unacceptable items from carts if you see them.

 **holiday - no collection**

 **striped area serviced by private contractor
(this schedule does not apply)**

2008

**APARTMENT
RECYCLING SCHEDULE**

**Apartment
recycling
Program**

In the Containers cart we accept:

- Metal cans
- Glass bottles and jars
- Plastic tubs, bottles and jugs, types
- Aluminum foil and foil containers

- Remove lids and put them in the garbage (except tin cans - leave lids attached and fold into the can).
- OK to leave labels on.
- Rinse containers & foil clean.
- Flatten containers as best you can.

In the Paper Products cart we accept:

- Magazines
- Cardboard
- Writing paper
- Junk mail
- Phone books
- Wrapping paper (no tissue or metallic)
- Envelopes
- Clean pizza boxes

- Remove plastic liners.
- Flatten all boxes.
- OK to leave windows in envelopes.
- **Very important to cut cardboard into small pieces to fit easily in the cart.**
- Remove food and waxed paper from pizza boxes.

In the Newsprint cart we accept:

- Newspaper
- Newspaper inserts
- TV guides

- Leave newspapers loose. Do not bundle or tie.

Dear Apartment Owner or Manager:

This is the apartment recycling collection schedule for buildings serviced by **CITY CREWS ONLY**. If your building is serviced by the City's contractor (see striped area of map) then do **NOT** use this schedule. Instead, call the City's Hotline at 604.326.4600 to find out your collection day.

SCHEDULE F
EXCERPT FROM VANCOUVER FIRE BY-LAW 8191

EXCERPT FROM VANCOUVER FIRE BY-LAW 8191

2.4.1.5. Recycling Bins

- 1) Where the recycling bins are placed inside a *building*, they must be located:
 - a) in an enclosed garbage room with minimum 2 hour *fire resistance rating*, or
 - b) in a *sprinklered floor area*.
- 2) The recycling bins referred to in Sentence (1)(b) must be:
 - a) 1 m away from *combustible construction*, and
 - b) 3 m away from an *exit* and not obstruct an *exit*.
- 3) Where the recycling bins are placed outside a *building*, they must be located so that they:
 - a) do not impede the path of *exit* from the *building*, and
 - b) are located 4 m vertically and 1.5 m horizontally away from any openable windows that serve a bedroom.
- 4) Where the bins are located under a noncombustible shelter or are located 3m away from the *building* face, the clearances in Sentence 2.4.1.5.(3)(b) need not be provided.
