

**REQUEST FOR EXPRESSION OF INTEREST “RFEOI” NO. PS20210685  
CONTRACTOR PREQUALIFICATION FOR GRANVILLE CONNECTOR AND NORTH LOOPS  
REMOVAL**

**QUESTIONS AND ANSWERS NO. 1**

ISSUED ON November 29, 2021

Q1	As we’re subcontracting our traffic plans to a third party professional, is the contractor required to list who traffic engineer and traffic control manager will be at this stage? If so, are we able to list some subtrade companies that we have used in the pass on previous projects to meet this requirement?
A1	<b>Respondents should include CV’s for all key personnel including the traffic engineer and traffic control manager as per the RFEOI Schedule 3 - Format for Expressions of Interest - Questionnaire - Key Personnel.</b>
Q2	Could you confirm what potential blasting is required for this job as there are key difference for non-explosive demolition vs. explosive blasting.
A2	<b>Blasting is not required, it is a means and methods available to Contractors to investigate for feasibility if desired. Non-explosive demolition is anticipated to be more suitable to the project given the highly urban environment.</b>
Q3	Can the close date for the RFEOI be extended by 1-2 weeks?
A3	<b>Due to the tight project timelines the close date cannot be extended.</b>
Q4	I see the date online indicates December 2 closing but part of the document indicates December 3 for the closing. Could you confirm which?
A4	An Expression of Interest should be submitted by email prior to 3:00pm on Thursday, December 2, 2021 as per the RFEOI document and the City’s webpage. There is no reference to a closing date of Dec 3 in the RFEOI documents.
Q5	For the insurance requirements, do you need to see an indication of Builder’s Risk being an available option for the contractor or do you require further detail in regards to this? The insurance requirements aren’t clear in the documents beyond the COI attached in Schedule 4.
A5	<b>Respondents should submit their Schedule 4 - Certificate of Existing Insurance with their response containing the information requested on the form. Respondents can submit additional information regarding their company’s insurance program if they choose.</b>
