REQUEST FOR EXPRESSION OF INTEREST NO. PS20211041
GRANVILLE BRIDGE STRUCTURAL REPAIR & RECOATING

ADDENDUM NO.1

RE:

Schedule 1 - Description of Requirements, RFEOI Section Reference 1.1-1.5 and additional documents attached.

1. Section 1.1-1.5

Replace paragraph

Description of Products and Services:

The City seeks Expressions of Interest from Respondents who have expertise in structural repairs and recoating steel bridges with the minimum qualifications and requirements:

- (a) Coating contractors shall be qualified to SSPC-QP1 and SSPC-QP2;*
- (b) Welding shall be according to BC MOTI specification SS421.21.01, including among other requirements;*
- (c) Fabrication plant to be certified by CWB to requirements of CSA W47.1 Division 1 or Division 2*
- (d) Welders to be CWB qualified for horizontal, overhead and vertical welds.*
- (e) Contractor shall retain a welding engineer to test and report on the weldability of the existing steel, and to develop procedures for welding onto the existing steel.*
- (f) Contractor to provide qualifications and experience for a proposed Quality Manager (to be different / independent from production staff); experience should be similar type to scope of the Project.*

The general scope of work for the Project will include removal of existing coating, structural repairs, and recoating on select sections of the Bridge. Contractors prequalified under this RFEOI will be required to provide assistance with pre-construction planning and perform the function of a General Contractor ("GC") for on the upcoming Granville Street Bridge Structural Repair & Recoating - Phase 1 project. Refer to Section 1.3 & 1.4 for additional details.

SCHEDULE 6
SUBCONTRACTORS

Complete this Schedule 6 - Subcontractors in the form set out below by listing all of the subcontractors that the Respondent proposes to use in carrying out its work under an Agreement, or state that the Respondent does not propose to use any subcontractors.

If selected to enter into an Agreement with the City, the Respondent may be limited to using subcontractors listed in its Response. If the City objects to a subcontractor listed in a Response, the City may permit a Respondent to propose a substitute Subcontractor acceptable to the City.

Subcontracted Scope		
Subcontractor		
Contact (name, title, email, telephone no.)		
Approximate Percent of the Work to be Subcontracted		
Social Value Business - shall mean a business that has a recognized environmental or social certification and/or is majority owned/controlled by an equity-seeking demographic (including but not limited to non-profit, cooperative, Women, Indigenous Peoples, Ethno-cultural People (minorities, newcomers, immigrants), persons with disabilities or LGBTQ+ people).	In the space below, detail the Respondent's proposed use of Social Value Businesses as sub-contractors/consultants (if any) and provide brief company profiles of those Social Value Businesses and descriptions of how they qualify as Social Value Businesses.	
The Subcontractor's Relevant Experience (identify at least three similar projects within the last five years, including the client)	1. Project Name:
