SECTION 1 GENERAL INFORMATION

1.1 Introduction

The City of Vancouver (the “City”) is seeking expressions of interest (“**Expressions of Interest**”) from vendors with expertise in recoating and performing structural repairs on steel bridges for the Granville Street Bridge Structural Repair and Recoating - Phase 1 project (the “**Project**”).

1.2 Background

The Granville Street Bridge (the “Bridge”) was built in 1954 and is an eight-lane bridge that spans over False Creek in the middle, Granville Island at the south end, and portions of the Granville slopes at the north end. The north end of the Bridge consists of three approach ramps; the main north approach, the Howe Street ramp for southbound traffic, and the Seymour Street ramp for northbound traffic, as well as the “Loops” to and from Pacific Ave. The south end of the Bridge has four approach ramps; the main south approach, the Fir Street ramp for southbound traffic, the 4th Ave ramp for westbound traffic, and the Hemlock Street ramp for northbound traffic. The main span, which roughly spans from Granville Island to south of Beach Ave, is a steel truss structure and concrete deck on steel girders.

The existing coating on the structural steel is original (from 1954) and appears to be a two coat red lead, green alkyd system with up to six (6) additional layers from previous coating maintenance. Previously completed coating assessments indicated that the existing coating is nearing the end of its service life.

1.3 Project Scope & Schedule

The general scope of work for the Project will include removal of existing coating, structural repairs, and recoating on select sections of the Bridge. As the Project design has not been completed, the exact scope of work may be subject to change.

A high-level schedule of the project is shown below and may be subject to change.

Phase	Estimated Start Date	Estimated End Date
Pre-Construction Services	Sep 2021	Nov 2021
Detailed Design	July 2021	Nov 2021
Invitation to Tender Period	Nov 2021	Jan 2022
Construction	TBD 2022	TBD 2022
Project Close Out	Nov 2022	Jan 2023

1.4 Scope of Work

Once applicants have been evaluated and prequalified under this RFEOI, the process for the Project will generally proceed as follows:

- .1 The City and its consultants will reach out to all prequalified vendors for advice and feedback throughout the design process to assist with pre-construction planning (“Pre-Construction Services” noted in schedule above). Some examples include, but are not limited to:

QUALIFICATIONS FOR GRANVILLE BRIDGE STRUCTURAL STEEL REPAIR & RECOATING

 - b. Assisting with evaluating alternatives and options
 - c. Cost, schedule and construction activity duration estimates
 - d. High-level review of interim drawing sets and specifications as it relates to constructability. The contractor(s) will assume no responsibility nor will offer any expertise with respect to the design, which shall be the responsibility of the City and its consultant.
- .2 Invitation to Tender (“ITT”) issued to all prequalified vendors.
 - .3 Contract awarded to lowest compliant bid.
 - .4 Contractor acts as General Contractor and completes project as per ITT documents and contract

1.5 Sustainability

- 1.5.1 The City’s Procurement Policy, Ethical Purchasing Policy and related Supplier Code of Conduct found at <http://vancouver.ca/doing-business/selling-to-and-buying-from-the-city.aspx> align the City’s approach to procurement with its corporate social, environmental and economic sustainability values and goals. They evidence the City’s commitment to maximize benefits to the environment through product and service selection, and to ensure safe and healthy workplaces, where human and civil rights are respected. Each City vendor is expected to adhere to the supplier performance standards set forth in the Supplier Code of Conduct. The Ethical Purchasing Policy shall be referred to in the evaluation of Expressions of Interest, to the extent applicable.
- 1.5.2 Vendors are to provide environmentally sensitive products or services wherever possible. Where there is a requirement that a vendor supply materials, and where such materials may cause adverse environmental effects, the vendor should indicate the nature of the hazard(s) in its Expression of Interest. Furthermore, each vendor is asked to advise the City of any known alternatives or substitutes for such materials that would mitigate such adverse effects.

1.6 RFEOI Process

- 1.6.1 Interested parties (“**Respondents**”) are required to respond to this RFEOI in accordance with the instructions set forth in this RFEOI.
- 1.6.2 Expressions of Interest are being requested in order to afford the City of Vancouver the opportunity to gauge such responses and evaluate Respondents’ expertise, so that the City may then conduct a more formal procurement process, tailored (as determined in the City’s discretion) to the responses received and limited, should the City so determine, to all or some of the RFEOI Respondents. The City currently anticipates that it will carry out an invitation to tender and that the same will be released to multiple qualified Respondents during the period stated in Schedule 1 – Description of Requirements.
- 1.6.3 Notwithstanding the foregoing, the City may, as a result of the RFEOI, decide to proceed directly to negotiate a contract with an outstanding Respondent (or the sole qualified Respondent, if there is only one).

QUALIFICATIONS FOR GRANVILLE BRIDGE STRUCTURAL STEEL REPAIR & RECOATING

- 1.6.5 Any potential Respondent is requested to refrain from submitting an Expressions of Interest if it is not willing to submit bona fide proposal or tender in relation to the subject matter of the RFEOI if the City invites the Respondent to participate in a request for proposals or invitation to tender.
- 1.6.6 If a potential Respondent believes that the City may be unable to select it due to a conflict of interest, but is uncertain about this, the potential Respondent is urged to contact the individual named on the cover page above as soon as possible with the relevant information so that the City may advise the vendor regarding the matter.

SECTION 2 QUALIFICATION CRITERIA

2.1 General

The City currently expects to base its decision with respect to each Respondent's qualification (or not) to participate in an invitation to tender on (i) whether the statement of qualifications submitted by the Respondent as part of its Expression of Interest (its "**Statement of Qualifications**") has met, and whether such Statement of Qualifications shows that the Respondent has met, the requirements set out in the RFEOI Documents and (ii) the evaluation criteria set out in Schedule 1 – Description of Requirements.

2.2 Key Personnel and Subcontractors

2.2.1 As part of its Statement of Qualifications, a Respondent should submit the names of proposed key personnel and subcontractors.

2.2.2 Qualification to participate in an invitation to tender may be conditioned on the use of the key personnel and subcontractors specified in a Statement of Qualifications, or other personnel or subcontractors approved in advance by the City.

2.2.3 A Respondent should therefore not change its key personnel or subcontractors without discussing the same with the City.

2.2.4 Notwithstanding the following, by submitting an Expression of Interest, each Respondent acknowledges that if selected to participate in an invitation to tender, the Respondent may be required to include subcontractors selected by the City.

SECTION 3 COMMUNICATIONS

Respondents may not communicate with the City about the RFEOI except in writing by fax or email to the contact person listed on the cover page of this RFEOI.

SECTION 4 SUBMISSION OF EXPRESSIONS OF INTEREST

4.1 Delivery

Each Respondent should submit a single electronic copy of its entire Expression of Interest by email to bids@vancouver.ca. It is each Respondent's sole responsibility to ensure delivery of its Expression of Interest by the Closing Time. All submissions should be made at the Respondent's sole cost and expense.

4.2 Late Expressions of Interest

The City of Vancouver may, in its discretion, accept, or reject and return, any Expression of Interest received after the Closing Time.

4.3 Form of Expression of Interest

Each Expression of Interest must consist of a letter in the form set forth in Schedule 2 together with a Statement of Qualifications in the format set forth in Schedule 3, an insurance certificate in the form set forth as Schedule 4 and declaration of Supplier Code of Conduct compliance in the form of Schedule 5.

4.4 Lack of Information

Following receipt of an Expression of Interest, the City of Vancouver may, in its sole discretion and without having any duty or obligation to do so, request that the Respondent provide the City of Vancouver with additional information to clarify or substantiate the information provided by the Respondent. If a Respondent fails to provide information required for the City's evaluation of the Respondent's qualifications, or fails to provide timely clarification or substantiation of the information supplied, that failure may result in no further consideration being given to the Expression of Interest.

4.5 Material Changes

Respondents should inform the City of Vancouver of any material change in information that might affect their qualification status at any time during the RFEOI process. Participants in an invitation to tender will be required to update key qualification information at the time of tender submission. Prior to the entry into any agreement for goods or services, a successful vendor will be required to confirm its continued status.

SECTION 5 REVIEW OF EXPRESSIONS OF INTEREST

5.1 Evaluation by the City of Vancouver

The City will review the Expressions of Interest submitted to determine whether, in the City's opinion, each Respondent has demonstrated that it has the required experience and qualifications in order for it to advance in the City's procurement process. In doing so, the City currently expects to base its decision with respect to each Respondent on (i) whether the Statement of qualifications submitted by the Respondent has met, and whether such Statement of Qualifications shows that the Respondent has met, the requirements set out in the RFEOI Documents and (ii) the evaluation criteria set out in Schedule 1 – Description of Requirements. The City currently expects to select a number of Respondents ("**Pre-Qualified Respondents**"); provided that:

- 5.1.1 the determination of which Respondents are designated as Pre-Qualified Respondents will be at the sole discretion of the City; and
- 5.1.2 the City reserves the right to limit the number of Respondents designated as Pre-Qualified Respondents.

5.2 Inquiries

The City, in its sole discretion and without having any duty or obligation to do so, may conduct any inquiries or investigations, including but not limited to contacting references, to verify the statements, documents, and information submitted in connection with an Expression of Interest and may seek clarification from a Respondent's bankers and clients regarding any financial and experience issues.

5.3 Non-Conforming Expressions of Interest

Expressions of Interest which fail to conform to the format requirements set forth in Schedule 3 hereto or which fail to conform to any other requirement of these RFEOI Documents may be rejected by the City of Vancouver, in its discretion. Notwithstanding the foregoing or any other provision of these RFEOI Documents, the City may at its sole discretion elect to retain for consideration Expressions of Interest which deviate either materially or non-materially from the format requirements set out in Schedule 3 hereto or which otherwise fail to conform to any other requirement of these RFEOI Documents.

SECTION 6 NOTIFICATION AND RFP PROCESS

6.1 Notification of Prequalification

Following the Closing Time, the City of Vancouver will only notify those Respondents which are selected as Pre-Qualified Respondents (or with which the City proposes to proceed to negotiate an agreement). The City of Vancouver thanks all other Respondents for their interest.

6.2 Changes after Pre-Qualification

Any change in the structure or formation of a Pre-Qualified Respondent will be subject to prior written approval of the City prior to the deadline for submission of proposals or tenders. The City may deny that approval if the change in the structure or formation of the Pre-Qualified Respondent, from that presented in the Expression of Interest, would have affected whether or not the Respondent would have been short-listed in the first instance.

6.3 The City of Vancouver Rights

6.3.1 The City may, without liability to any Respondent or Pre-Qualified Respondent, may:

6.3.3 The form of letter set forth in Schedule 2 also contains a release of the City's liability and other important terms and conditions that should be reviewed carefully by each Respondent, and each Respondent should obtain the advice of independent legal counsel in connection therewith.

Delete 25.1.1 and replace with

The *Contractor* shall, at the *Contractor’s* own expense, promptly correct defects or deficiencies in the *Work* that appear prior to and during the period of one year from the date of the *Certificate of Substantial Performance*, or such longer periods as may be specified in the *Contract Documents* for certain products or *Work* (the “*Maintenance Period*”), including damage caused by backfill deficiency. collected by the *Owner* as provided in GC 18.11, provided that the *Owner* shall first deduct such amounts from the *Maintenance Security Holdback*. If in the opinion of the *Contract Administrator*, it is in the *Owner's* best interests (taking into account effects on the *Owner's* overall schedule, the difference in value between the *Work* as performed and that called for by the *Contract Documents*, and other relevant factors) not to correct defective *Work* or *Work* not provided in the *Contract Documents*, the *Contract Administrator* will assess the amount which should be deducted from the amount otherwise due to the *Contractor* and will assess the length of time by which the obligations should be extended in order to put the *Owner* in as close a position financially and in terms of the useful life of the *Work* as would have been the case had the *Contractor* performed the *Work* as called for by the *Contract Documents*. For further certainty, the *Contract Administrator* may extend the *Warranty Period* in appropriate circumstances to a minimum of twice the *Warranty Period* originally provided for under the *Contract Documents*, subject always to the above parameters.
