1.2 The Work generally includes, but is not limited to:

2.2 Vancouver is consistently rated as one of the most livable cities in the world and was host city of the 2010 Olympic and Paralympic Winter Games.

3.0 SUSTAINABILITY

3.1 The City's Procurement Policy and related Supplier Code of Conduct found at <http://vancouver.ca/fs/bid/epp/index.htm> aligns the City's overall approach to procurement with its corporate social, environmental and economic sustainability values and goals. It establishes a commitment to maximize benefits to the environment through product and service selection, to ensure safe and healthy workplaces, where human and civil rights are respected, and to support an environmentally sustainable local economy, whenever possible. Each Tender must be accompanied by a bid bond valid for a period of ninety (90) calendar days commencing on the Closing Time, payable to the "Board of Parks and Recreation" in the amount of ten percent (10%) of the Tender Price, and not a dollar amount, as a guarantee of the due execution of the Contract and the delivery of the performance bond and labour and material payment bond specified in the Form of Tender. CARLETON PARK AND TROUT LAKE PARK PLAYGROUND UPGRADES**

PART B - TERMS AND CONDITIONS OF ITT PROCESS

3.4 All bonds must be issued by a surety company authorized and licensed to carry on business in British Columbia.

4.0 TENDER PRICE

4.1 Subject to any adjustment for changes to the Work, which are approved by the Owner in accordance with the Tender Documents or Contract Documents, the Tender Price shall be the maximum compensation owing to the Contractor for the Work and the Contractor's compensation shall cover and include all profit and all costs of supervision, labour, material, equipment, overhead, financing and all other costs and expenses whatsoever incurred in performing the Work.

4.2 If unit prices and/or lump sums are requested in a Schedule to the Form of Tender such amounts will be used to compute interim progress payments and will be reviewed prior to Contract award so Tenderers are to ensure that the unit prices and/or lump sums accurately reflect the costs for each item. The Tenderer may be required to justify any submitted unit prices and/or lump sums. Failure by the Tenderer to submit a complete breakdown of Tender Price requested in a Schedule to the Form of Tender may result in an incomplete Tender and may be cause for rejection.

4.3 If an itemized breakdown of the Tender Price (or any portion of the Tender Price) is requested in a Schedule to the Form of Tender, the Owner may delete any items in order to meet budget limitation and award a Contract for only the remaining items.

5.0 ACCEPTANCE OF TENDERS

5.1 Notwithstanding anything to the contrary contained in the Tender Documents:

(a) Tenderers are notified that the lowest or any Tender need not necessarily be accepted and the Owner reserves the right to reject any and all Tenders at any time, or cancel the tender process, without further explanation or to accept any Tender considered advantageous to the Owner. Acceptance of any Tender is contingent on funds being approved and a contract award and the compliance of the Tenderer with the conditions required to be satisfied upon receipt of a Notice of Award. Tenders which contain qualifying conditions or otherwise fail to conform to these Tender Documents may or may not be disqualified or rejected. The Owner may or may not waive any non-compliance, including a material non-compliance, irregularity or anomaly, with the Tender Documents or any conditions, including the timing of delivery of anything required by these Tender Documents and may at its sole discretion elect to retain for consideration Tenders which are non-conforming because they do not contain the content or form required by the Tender Documents or because they have not complied with the process for submission set out in this ITT.

(b) Where the Owner's representative is of the view, in his/her sole discretion, that there is an ambiguity or other discrepancy which cannot be discerned or resolved from examining the contents of the Tender, then whether or not such an ambiguity or discrepancy actually exists on the face of the Tender the Owner may, prior to Contract award, solicit clarification from the Tenderer or accept clarification from the Tenderer on any aspect of the Tender. Such clarification may include the acceptance of any

PART B - TERMS AND CONDITIONS OF ITT PROCESS

further documents or information which will then form part of the Tender. The soliciting or accepting of such clarification (whether or not solicited) by the Owner will be without any duty or obligation on the Owner to advise any other Tenderers or to allow them to vary their Tender Prices as a result of the acceptance of clarification from any one or more Tenderers and the Owner will have no liability to any other Tenderer(s) as a result of such acceptance of clarification.

- (c) The award of the Contract will be based on the evaluation of the Tenders by the Owner on any basis the Owner deems will best serve its interests, including but not limited to the following criteria, as applicable in the Owner's sole opinion:
- (i) the overall cost impact of the Tender on the operations of the Owner, including the addition of all applicable taxes to the prices quoted;
 - (ii) the ability and experience of the Tenderer, the Tenderer's proposed Suppliers and Subcontractors, and all of their respective senior staff and key personnel assigned to carry out the Work;
 - (iii) the Tenderer's technical credibility, financial resources, environmental responsibility and WorkSafeBC safety record;
 - (iv) the Tenderer's understanding of proposed Work;
 - (v) the Tenderer's scheduling of the Work in relation to the Owner's schedule and the ability to complete the Work within the time frame required by the Owner;
 - (vi) the Tenderer's ability to meet bonding and insurance requirements;
 - (vii) the Tenderer's understanding and ability to meet the City's sustainability goals;
 - (viii) the best value to the Owner based on quality, service, price and any of the criteria set out in this ITT based solely on the Owner's subjective assessment of the Tender;
 - (ix) the quality of the references, resumes, curriculum vitae, and reputation of the Tenderer, its Suppliers and Subcontractors, and all of their respective senior staff and key personnel, particularly as it relates to the Work.
- (d) Where the Owner determines that all Tender Prices are too high, all Tenders may be rejected.
- (e) The Owner may, prior to Contract award, negotiate changes to the scope of the Work or any conditions with the Tenderer considered to provide best value or any one or more Tenderers without having any duty or obligation to advise any other Tenderers or to allow them to vary their Tender Prices as a result of changes to the scope of the Work or any conditions and the Owner will have no liability to any other Tenderer as a result of such negotiations or modifications.

**INVITATION TO TENDER NO. PS20120977
CARLETON PARK AND TROUT LAKE PARK PLAYGROUND UPGRADES**

PART B - TERMS AND CONDITIONS OF ITT PROCESS

- (f) The Tenderer acknowledges and agrees that the Owner will not be responsible for Losses incurred by a Tenderer as a result of or arising out of submitting a Tender for the proposed Contract, or due to the Owner's acceptance or non-acceptance of their Tender or any breach by the Owner of the Tender Contract between the Owner and each of the Tenderers or arising out of any Contract award not made in accordance with the express or implied terms of the Tender Documents.
- (g) The Owner may award the Contract on the basis of policies and preferences not stated in the Tender Documents or otherwise than as stated in the Tender Documents.
- (h) Prior to contract award, the Tenderer must demonstrate financial stability. Should the Owner so request, the Tenderer may be required to provide annual financial reports or a set of financial statements prepared by an accountant.
- (i) Guidelines or policies that may be applicable will not give rise to legal rights on the part of any Tenderer, Contractor, Subcontractor, Supplier, or others as against the Owner and will in no case create any liability on the part of the Owner. For certainty, the Owner's Procurement Policy, as may be amended or replaced from time to time, is now agreed to be an internal guideline document and creates no legal rights or obligations with respect to this ITT.

6.0 AWARD OF CONTRACT

- 6.1 Award of a Contract will be subject to the Tenderer's compliance with the conditions required to be met upon receipt of the Notice of Award.
- 6.2 The successful Tenderer will become the Contractor and will be required to sign the Contract with the Owner subject to any amendments approved by the Owner in writing.

7.0 EXAMINATION OF TENDER DOCUMENTS

- 7.1 Each Tenderer should examine the Tender Documents and must also satisfy itself of the extent of the Work. The Tenderer must make its own estimate of the facilities and difficulties attending the performance and the completion of the Work.
- 7.2 No allowance will be made subsequently on behalf of a Contractor for any error, omission or negligence on the Contractor's part or for non-compliance with the requirements of this clause.

8.0 SITE EXAMINATION/PRE-SUBMISSION DUE DILIGENCE BY TENDERER

- 8.1 Tenderers should make a careful examination of the Work Site and investigate and satisfy themselves at their own risk and expense as to all matters relating to the nature of the Work to be undertaken, the means of access, the extent of coordination with public use of adjacent areas, the extent of the Work to be performed and any and all matters which are referred to in the Specifications and Drawings and other Tender Documents, or which are necessary for the full and proper completion of the Work and the conditions under which it will be performed. No allowance will be made subsequently for any error, negligence, interpretation, or misinterpretation on the Contractor's part.

**INVITATION TO TENDER NO. PS20120977
CARLETON PARK AND TROUT LAKE PARK PLAYGROUND UPGRADES**

PART B - TERMS AND CONDITIONS OF ITT PROCESS

8.2 The Owner and the Consultant do not guarantee Work Site and geotechnical information (if any) provided in or with the Tender Documents and the Tenderer must evaluate such information relative to actual conditions.

8.3 Where any Tenderer wishes to evaluate any aspect of actual conditions (beyond the evaluation which it is already afforded by the access and information already provided for in this ITT), the Owner encourages the Tenderers to do so by submitting a written request to do so as far in advance of the Closing Time as is possible. The Owner will then consider whether or not to facilitate the request and if it decides to do so may at its option elect to undertake the evaluation and distribute the results to all Tenderers.

9.0 INTERPRETATION AND CLARIFICATIONS

9.1 If any Tenderer is in doubt as to the true meaning and intent of any part of the Specifications, Drawings, or other Tender Documents, the Tenderer should request an interpretation of same from the Owner at least five (5) Working Days prior to the Closing Time. If such an interpretation is not requested or confirmed by an amendment, the Tender will be presumed to be based upon the interpretation that may be subsequently given in accordance with the Contract Documents after award of the Contract.

9.2 Prior to the Closing Time, all requests for clarification of the Specifications, Drawings, or other Tender Documents will be answered in writing by the Owner and then sent to all prospective Tenderers who have submitted a Response Notification Form on or before the indicated deadline. The Owner is not responsible for verbal or any other explanations or interpretations of the Specifications, Drawings or other Tender Documents.

10.0 PRODUCT APPROVAL

10.1 Wherever any material, machinery, equipment and fixtures described in the Contract ("Product") is specified or shown by describing proprietary items, model numbers, catalogue numbers, manufacturer or trade names or similar reference, the Tenderer obligates itself to submit its Tender and accept award of the Contract based upon the use of such Products. Use of such reference is intended to establish the measure of quality which the Consultant has determined as a requisite and necessary for the Work. Where two or more Products are shown or specified, the Contractor has the option of which to use.

10.2 For approval of Products other than those specified, Tenderers should submit a request in writing to the Owner at least five (5) Working Days prior to the Closing Time. Requests must clearly define and describe the Product for which approval is requested. Requests should be accompanied by manufacturer's literature, specifications, drawings, cuts, performance data or other information necessary to completely describe the item. Approval by the Owner will only be in the form of an addendum to the Specifications issued by the Owner.

10.3 Approval of manufacturers and/or Products as noted are approved only insofar as they conform to the Specifications.

11.0 INSURANCE

11.1 The Tenderer should ensure that it can maintain insurance described in the Contract.

Contract Title _____

Project Manager (City Employee) _____

Contractor Representative _____

Contract Name and No. _____

PURPOSE

This document shall be completed by the contractor awarded the contract, who shall identify all the known and potential work process hazards associated with the contract. The contractor, who is responsible for all identified actions, shall provide a completed Pre-Work Hazard Identification document to the Project Manager (City employee) for review and consultation before the contract work begins.

REFERENCE MATERIAL

In order to complete this document, the contractor should reference a completed copy of the List of **Known Workplace Hazards**, initially provided with the tender package. The contractor is also responsible to reference any **Hazardous Materials Assessments**, provided by the City with the tender package, and possibly referenced in the List of Known Workplace Hazards document.

INSTRUCTIONS FOR COMPLETION

The document must be completed in full. Choices for each entry are:

Yes (Y) this work process or worksite hazard will exist for this contract and are the responsibility of the contractor

No (N) even though the work process or worksite hazard will exist, it will not be the responsibility of the contractor

Not Applicable (NA) the work process or worksite hazard is not applicable for this contract

Each grouping of safety hazards or issues in this document (bold text, capitalized) may list some examples of work tasks where this hazard may be encountered. These examples are not conclusive; there may be other examples of work tasks that create this hazard or issue.
