QUESTIONS AND ANSWERS NO. 5

ISSUED ON SEPTEMBER 3, 2019

Q5.1	Clarification on inclusion of abatement Contractors and Consultants (Part C, Schedule C, Section 2.0) in Tenders.
A5.1	<p>Refer to Amendment No. 2.</p> <p>For abatement work, as may be required by the Tender Documents, the Contract must use one of the City's pre-qualified abatement contractors as set out in Part C, Schedule C, Section 2.0.</p> <p>If so required, <u>the City</u> will retain the services of a City pre-qualified hazardous materials consultant and therefore the Tenderer does not need to propose consultant as part of its Tender.</p>
