PART A - INFORMATION AND INSTRUCTIONS

1.0 THE RFP

1.1 This Request for Proposal (the “RFP”) provides an opportunity to submit Proposals for review by the City and, depending on the City’s evaluation of Proposals, among other factors, to potentially negotiate with the City to enter into an Agreement. **EXCEPT WHERE EXPRESSLY STATED OTHERWISE IN APPENDIX 1 TO PART C OF THE RFP: (I) NO PART OF THE RFP CONSISTS OF AN OFFER BY THE CITY TO ENTER INTO ANY CONTRACTUAL RELATIONSHIP; AND (II) NO PART OF THE RFP IS LEGALLY BINDING ON THE CITY.**

1.2 The RFP concerns the City’s interest in procuring the services of a Consulting firm for two (2) separate project initiatives as detailed in Schedule 1 of this RFP. The Proponent may submit their proposal for one (1) or both of the said projects and it should be clearly stated in the relevant field on Appendix 1 to Part A.

Details of the City’s objectives and requirements to which the RFP relates are set out in Part B of the RFP. The City welcomes Proposals respecting innovative or novel approaches to the City’s objectives and requirements.

1.3 The City is interested in selecting a single Proponent with the capability and experience to efficiently and cost-effectively meet the objectives and requirements described in the RFP. The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of an Agreement between the Proponent and the City. However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.

1.4 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City’s sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8 below, among others.

1.5 **NO BID SECURITY IS REQUIRED FROM PROPONENTS IN CONNECTION WITH THE SUBMISSION OF PROPOSALS BECAUSE NO PROPOSAL WILL BE DEEMED TO BE AN IRREVOCABLE OR OTHERWISE BINDING LEGAL OFFER BY A PROPONENT TO THE CITY. THE LEGAL OBLIGATIONS OF A PROPONENT THAT WILL ARISE UPON THE SUBMISSION OF ITS PROPOSAL WILL BE LIMITED TO THE TERMS AND CONDITIONS STATED UNDER THE HEADING “LEGAL TERMS & CONDITIONS” IN APPENDIX 1 TO THE PROPOSAL FORM (PART C).**

1.6 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.

1.7 Certain capitalized terms used herein but not defined where first used are defined in Section 12 below.

1.8 The RFP consists of four parts:

- (a) **PART A - INFORMATION AND INSTRUCTIONS:** This part is intended to serve as a guide to the RFP process for Proponents.
- (b) **PART B - CITY REQUIREMENTS AND ITEMS TO BE ADDRESSED IN PROPOSALS:** This part describes the subject matter of the RFP, in respect of which the City invites Proposals. This part also stipulates the information that must be contained in each Proposal.

Nonetheless, the City has a strong preference for proposals submitted by a single Proponent, including a Proponent that would act as a principal consultant and use subconsultants as required.
- 4.11 Proposals that are submitted after the Closing Time or that otherwise do not comply in full with the terms hereof may or may not be considered by the City and may or may not be returned to the Proponent, in the City's sole discretion.

- 8.2 The City currently intends that all Proposals submitted to it in accordance with the RFP will be evaluated by City representatives to determine which Proposal or Proposals offer the overall best value to the City based on price, value for money, quality, service, innovativeness, environmental or sustainability concerns or benefits and other criteria including, but not limited to Proponents':

The City is not legally obligated to review, consider or evaluate Proposals, or any particular Proposal, and need not necessarily review, consider or evaluate Proposals, or any particular Proposal in accordance with the procedures set out in the RFP. The City may continue, interrupt, cease or modify its review, evaluation and negotiation process in respect of any or all Proposals at any time without further explanation or notification to any Proponents.
- 8.4 The City may, at any time prior to signing an Agreement, discuss or negotiate changes to the scope of the RFP with any one or more of the Proponents without having any duty or obligation to advise the other Proponents or to allow the other Proponents to vary their Proposals as a result of such discussions or negotiations.
- 8.5 The City may elect to short-list Proponents and evaluate Proposals in stages. Short-listed Proponents may be asked to provide additional information or details for clarification, including by attending interviews, making presentations, supplying samples, performing demonstrations, furnishing technical data or proposing amendments to the Form of Agreement. The City will be at liberty to negotiate in parallel with one or more short-listed Proponents, or in sequence, or in any combination, and may at any time terminate any or all negotiations.
- 8.6 Prior to approval of a Proposal, the City must be satisfied as to the Proponent's financial stability. Proponents may be asked to provide financial statements prepared by an accountant and covering at least the prior two years.

5.0 SUBCONSULTANTS

- 5.1 Unless expressly permitted pursuant to Section 3.0, the Consultant may not engage any contractor or consultant (in each case a “**Subconsultants**”) for the performance of any part of the Services, unless the Consultant has first obtained the written consent of the City, which consent may be arbitrarily withheld.
- 5.2 The Consultant will administer, coordinate, and manage all Services provided by any Subconsultants, and will assume full responsibility to the City for all work performed by the Subconsultants in relation to the Services and will pay all fees and disbursements of all Subconsultants, subject to reimbursement by the City where the City has expressly agreed in this Agreement that such reimbursement is to be separate from and additional to the fees and disbursements payable to the Consultant.
- 5.3 Where a Subconsultant is used by the Consultant under this Agreement, the Consultant will legally bind the Subconsultant to comply with this Agreement.
- 5.4 Nothing in this Agreement will create any contractual relationship between a Subconsultant and the City.

6.0 BASIS OF PAYMENT TO THE CONSULTANT

- 6.1 In consideration of the Services performed by the Consultant to the satisfaction of the City and in strict conformity with the terms hereof, the City will pay the Consultant the fees and reimbursable expenses prescribed herein, plus GST AND PST, as applicable.
- 6.2 Subject to Section 5.3, payment to the Consultant will be based on hours worked by employees of the Consultant or by the Subconsultants multiplied by the applicable hourly charge-out rates in the Proposal.
- 6.3 If there are limiting amounts for fees and disbursements indicated below for the Services or parts thereof, then notwithstanding anything to the contrary in this Agreement the maximum fees and disbursements to be paid by the City to the Consultant for the Services or portions of the Services will not exceed those amounts. Where additional fees are to be paid by the City to the Consultant for increases in the scope of the Services provided by the Consultant, they will not exceed the amount of said fees mutually agreed upon under Section 6.0. This limit on the fees to be paid by the City to the Consultant will in no way diminish the duties and obligations of the Consultant to provide the Services covered by this Agreement.

the accuracy and validity of all billings and payments made by auditing and taking extracts from the books and records of the Consultant and by such other means as will be reasonably necessary or advisable.

7.0 CHANGES TO SCOPE OF SERVICES

- 7.1 The City's Project Manager may, from time to time and at any time on prior written notice to the Consultant, vary the scope of Services to be provided by the Consultant. In that case and where this Agreement contains delivery dates and/or limits as to the Maximum Fees and Disbursements to be paid to the Consultant pursuant to Section 5.3 for all or any part of the Services, such delivery dates and/or limits will be adjusted as agreed to by both Parties in writing, and failing agreement, as reasonably determined by the City's Project Manager.
- 7.2 Should the Consultant consider that any request or instruction from the City's Project Manager constitutes a change in the scope of Services, the Consultant will provide the City's Project Manager with notice in writing within ten days of such request or instruction. - 7.3 The City's Project Manager will consider the Consultant's written notice within a further ten days of receipt of the Consultant's notice and determine and advise as to whether the request constitutes a change in the scope of the Services and, if necessary, the method by which the variation will be scoped and reimbursed. If the City determines that the professional fees payable to the Consultant should be increased due to an increase in the scope of the Services then any such increases will be based on the hourly rates set out in Section **[insert]** of the Proposal.

8.0 RELEASE AND INDEMNIFICATION

- 8.1 The Consultant now releases the City, its officials, officers, employees and agents from all costs, losses, damages and expenses, including those caused by personal injury, death, property damage, loss and economic loss arising out of, suffered or experienced by the Consultant, its Subconsultants, and their respective officers, employees and agents in connection with their performance of the Services under this Agreement.
- 8.2 In undertaking the Services, the Consultant acknowledges that the Consultant has inspected the City's Site, agrees to accept the City's Site "as-is" and undertakes to take all precautions necessary to ensure the safety of all persons employed or contracted by the Consultant to perform the Services.
- 8.3 Despite the provision of insurance coverage by the City, the Consultant hereby agrees to indemnify and save harmless the City of Vancouver and its successors, assigns and authorized representatives and each of them (in each case an "Indemnified Party") from and against all costs, losses, claims, damages, actions, and causes of actions (collectively referred to as "Claims") that an Indemnified Party may sustain, incur, suffer or be put to at any time either before or after the expiration or termination of this Agreement, that arise out of errors, omissions or negligent acts of the Consultant, its Subconsultants, or their respective officers, employees or agents under this Agreement excepting always that this indemnity does not apply to the extent, if any, to which the Claims are caused by errors, omissions or negligent acts of an Indemnified Party.

10.0 WORKSAFEBC

10.1 The Consultant agrees that it will procure and carry and pay for, full WorkSafeBC coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this Agreement. The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for such WorkSafeBC coverage against any monies owing by the City to the Consultant. The City will have the right to withhold payment under this Agreement until the WorkSafeBC premiums, assessments or penalties in respect of work done or service performed in fulfilling this Agreement have been paid in full.

10.2 The Consultant will provide the City with the Consultant's and each Subconsultant's WorkSafeBC registration number and clearance letters from WorkSafeBC confirming that the Consultant and each Subconsultant are registered in good standing with WorkSafeBC and that all assessments have been paid to the date thereof prior to the City having any obligation to pay monies under this Agreement. 12.2 The Consultant appoints **[insert name] [email address]** as its representative for the purposes of this Agreement (the "Consultant's Project Manager").

12.3 Unless otherwise agreed to in writing by the Parties, all material communication between the Consultant and the City regarding this Agreement, including performance of the Services, will be between the City's Project Manager and the Consultant's Project Manager.

13.0 TERM OF AGREEMENT

13.1 This Agreement will commence on the Effective Date and will expire on the completion of the Services, which Services must be completed by **xxx** (the "Term").

14.0 TERMINATION

14.1 The City at any time, in its sole judgment, may, whether or not cause exists, terminate the services of the Consultant in whole or in part by giving ten days prior written notice to the Consultant. If termination is not for cause, the Consultant will be paid for all Services properly performed to the date of the delivery of the said notice (subject to the terms of this Agreement) plus all necessary and reasonable wind up costs incurred, if any, in closing out the Services or the part terminated.

14.2 Despite Section 13.1, in no event and under no circumstances will the Consultant's "necessary and reasonable wind-up costs incurred" pursuant to Section 13.1 exceed **\$(insert dollar amount calculated at ten business days' pay)** (including all taxes).

15.0 ASSIGNMENT

15.1 The Consultant will not assign this Agreement in whole or in part except with the prior written consent of the City, which consent will not be unreasonably withheld, delayed or conditioned. Any attempt to assign this Agreement without such consent will be void and of no effect. However, the Consultant will be permitted to assign this Agreement to any entity into, by or with which the business or assets of the Consultant have been merged, acquired, consolidated or re-organized, or any entity which purchases all or substantially all of the business or assets of the Consultant, provided always that the Consultant first provides the City with:

- (a) reasonable particulars of the transaction (permitting the City to independently verify the nature of the transaction); and
- (b) a legally enforceable covenant from the new entity confirming that it is legally bound to the City to perform this Agreement.

16.0 CONFIDENTIALITY

16.1 In the course of or for the purpose of performing the Services, the Consultant will obtain or have access to information, including but not limited to technical information, financial information and business information, which is confidential to the City, and is the exclusive, world-wide property of the City and/or its suppliers and customers (collectively "Confidential Information"). Excluded from the definition of Confidential Information is:

- (a) information which is in, or becomes part of, the public domain, not due to the

Consultant's breach of this Agreement or the Consultant's actions;

- (b) information which was previously in the Consultant's possession and did not originate from the City; and
- (c) information which lawfully becomes available to the Consultant from a third party not under an obligation of confidence to the City regarding such information.

16.2 The Consultant will not use or reproduce the Confidential Information other than as reasonably required for the performance of the Services under this Agreement. The Consultant will not, without the prior written consent of the City given on such terms and conditions as it prescribes in its sole discretion, disclose or allow access to the Confidential Information to any person, except to only those of its own employees who have a need to know the Confidential Information solely for the provision of the Services, and who have been advised of its confidential nature and have agreed to be bound by the confidentiality and restricted use provisions in this Section 15.0. The Consultant will take all reasonable precautions against the Confidential Information being used by or disclosed to any unauthorized person.

16.3 If the Consultant is required by any law, legal proceeding, or court or government order, to disclose any Confidential Information, the Consultant shall limit its disclosure of such Confidential Information to the extent and purpose legally required, provided that prior to any disclosure the Consultant will promptly notify the City in writing of the existence and the terms, and conditions of the required disclosure and, at the City's request and expense, co-operate in obtaining a protective order or other assurance that confidential treatment and restricted use will be accorded such Confidential Information.

16.4 The City is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City's contractors to protect all personal information acquired from the City in the course of providing services to the City. The Consultant confirms and acknowledges its obligations to comply with all obligations imposed on it pursuant to the *Freedom of Information and Protection of Privacy Act* (British Columbia) with respect to all personal information received from the City whether as part of the Confidential Information or otherwise.

16.5 The Consultant acknowledges that in the event of a breach by the Consultant or any of its employees of their respective confidentiality obligations pursuant to this Section 15.0, damages alone would not be an adequate remedy. The Consultant therefore agrees with the City that, in addition to and without limiting any other right or remedy it may have, the City will have the right to an immediate injunction or other available equitable relief in any court of competent jurisdiction enjoining any threatened or actual breach of such obligations.

16.6 The Consultant shall return all copies of the Confidential Information to the City, in all tangible forms and media, and delete all Confidential Information resident in any databases or systems, upon the earliest of the following dates:

- (a) completion of the Services;
- (b) expiration or earlier termination of this Agreement; and
- (c) written request of the City for return of the Confidential Information;

provided that the Consultant shall have the right to retain one copy of the Confidential Information solely for archival purposes or as otherwise may be required by law, subject to its ongoing confidentiality and restricted use obligations.

PART D - FORM OF AGREEMENT

16.7 This Section 15.0 shall survive the expiration or earlier termination of this Agreement.

17.0 NO PROMOTION OF RELATIONSHIP

17.1 The Consultant will not disclose or promote its relationship with the City, including by means of any verbal declarations, announcements, sales, marketing or other literature, letters, client lists, websites, internet domain names, press releases, brochures or other written materials (the “**Communications**”) without the express prior written consent of the City (except as may be necessary for the Consultant to perform its obligations under this Agreement).

17.2 Furthermore, the Consultant undertakes and will cause all of its Subconsultants to undertake not to disclose or promote its relationship with the City in any Communications in a manner which could suggest or create an association, express or implied, between the Consultant and the City. Without limiting the generality of the foregoing, the Consultant will not refer to or use any website, domain name, official emblem, logo or mascot of the City of Vancouver in any Communications, without the express prior written consent of the City.

18.0 DELIVERABLES

18.1 As a result of or as part of providing the Services, the Consultant may receive, create, produce, acquire or collect one or more of the following:

- (a) products, goods, equipment, supplies, models, prototypes and other materials;
- (b) information and data;
- (c) reports, drawings, plans, designs, depictions, specifications and other documentation; and
- (d) any other items identified in this Agreement as deliverables;

(collectively, the “**Deliverables**”).

18.2 Deliverables are deemed not to include:

- (a) any item not required to be produced by the Consultant or supplied to the City as part of or together with the Services, provided that if the City has paid or is liable to pay for any portion of such item’s creation, production, acquisition or collection then such item shall be deemed to be a Deliverable;
- (b) any item produced as a result of the Services, which is specified in this Agreement as being excluded from the Deliverables category; and
- (c) any item which pre-existed the effective date of this Agreement, that is owned by a third party or that is used by the Consultant as part of the services provided to any of its other customers (the “**Pre-Existing Materials**”).

18.3 All Deliverables will be owned solely by the City unless otherwise expressly provided herein. The City shall have the complete and unfettered right to use and deal with the Deliverables for its own benefit in any way it sees fit without limitation, and without accounting in any way to the Consultant.

confidentiality provisions set out in Section **[insert]** unless advised otherwise by the City.

- 18.5 Each Deliverable, as to the whole or that portion of the Deliverable then existing, will be delivered by the Consultant to the City on the earliest of each of the following events:
- (a) the date specified in this Agreement for the delivery of such Deliverable;
 - (b) immediately on the date of expiration or sooner termination of this Agreement; or
 - (c) the date specified by written notice of the City requesting delivery of all or any part of the Deliverable.
- 18.6 The Consultant transfers to the City, free of all liens and encumbrances, ownership of each Deliverable, and assigns all of its world-wide present and future rights, title and interest in and to each Deliverable, including copyright, effective as of the date of creation or acquisition of such Deliverable by the Consultant. The Consultant irrevocably waives, in favour of the City, all moral rights in the Deliverables. The Consultant will obtain from its employees and any independent contractors, all required assignments and releases of intellectual property, and waivers of moral rights, in the Deliverables. The Consultant will not assert any rights to or interests in, or apply for or register any copyright or other rights or interests in, the Deliverables, or assist any other person in doing so. The Consultant shall provide to the City, during and after the term of this Agreement, any reasonable assistance required for the City to obtain, perfect and enforce its ownership of and rights in the Deliverables, including without limitation execution of assignments and transfers of the Deliverables. This Section does not apply to Pre-Existing Materials.
- 18.7 The Consultant will not incorporate any Pre-Existing Materials in any Deliverable without first:
- (a) advising the City, in writing, of the nature of the Pre-Existing Materials and their proposed use and obtaining the City's written consent to do so;
 - (b) acquiring from each third-party owner of such Pre-Existing Materials, a fully paid-up, perpetual, non-exclusive license, in writing, for the City to use the Pre-Existing Materials as part of the Deliverable; and
 - (c) granting, in writing, to the City with respect to such Pre-Existing Materials that the Consultant owns, a fully paid-up, perpetual, non-exclusive license to use the Pre-Existing Materials as part of the Deliverable.
- 18.8 The Consultant represents and warrants that the Deliverables will not infringe, misappropriate or misuse any copyright, patent, trade-mark, trade secret, or confidential or proprietary information of a third party. The Consultant shall defend, indemnify and hold the City harmless from and against any and all damage, liability, cost and expense incurred by the City in connection with any claim by a third party that a Deliverable infringed, misappropriated or misused its copyright, patent, trade-mark, trade secret, or confidential or proprietary information.
- 19.0 NOTICES**

20.0 NO CONFLICT OF INTEREST

- 20.1 The Consultant agrees that during the Term the Consultant will not engage in any conduct which would or might put the interests of the City into conflict with the interests of any other person, whether or not a client of the Consultant's. Without limiting the general scope of this Section 19.1 and by way of example only, the Consultant is prohibited from and will not provide any services which assist or could be seen to be assisting any person in responding to a request for proposal or invitation to tender, or otherwise giving that person an unfair competitive advantage over other proponents or tenderers responding to a request for proposal or invitation to tender by the City. The Consultant now acknowledges that a breach of this Section 19.1 could constitute not only a breach of this Agreement but also a violation of the *Competition Act* (Canada) and *Criminal Code* of Canada, and accordingly, could be punishable as a crime (as well as a breach of contract).
- 20.2 The Consultant now confirms and warrants that there is no officer, director, shareholder, partner or employee or other person related to the Consultant's organization (a "**person having an interest**") or any spouse, business associate, friend or relative of a person having an interest who is:
- (a) an elected official or employee of the City; or
 - (b) related to or has any business or family relationship with an elected official or employee of the City, such that there would be any conflict of interest or any appearance of a conflict of interest in the administration of this Agreement or the performance of the Services.

21.0 NON-RESIDENT WITHHOLDING TAX

- 21.1 If the Consultant is a non-resident of Canada as defined in Canadian income tax legislation, the City may withhold from all monies payable under this Agreement such amounts as set out in Canadian income tax legislation, unless a Canada Revenue Agency waiver has been provided to the City within the time limits required under the Canada Revenue Agency administrative guidelines as in effect from time to time and, in any event, prior to payment of an invoiced amount.
- 21.2 The City shall receive full credit under this Agreement for monies withheld as of and from the date of the withholding and no interest will be payable by the City on sums withheld and later paid directly to the Consultant.
- 21.3 The Consultant shall indemnify the City for any losses, damages or expenses incurred by the City as a result of the Consultant's failure to properly disclose to the City its non-resident status, as defined in Canadian income tax legislation.

22.0 COMPLIANCE WITH LAW

26.2 **Unavoidable Delay.** Notwithstanding Section 26.0, except for the performance of obligations to pay money, the time periods for the City and the Consultant to perform under this Agreement will be extended for periods of time during which their performance is delayed or prevented due to an Unavoidable Delay. For the purposes of this Section, an "Unavoidable Delay" means any circumstances beyond the reasonable control of the party trying to perform (such as, for example, strikes/lockouts, acts of God, war or other strife or governmental action) but expressly excludes any and all delays caused by the Consultant's lack of financial resources or insolvency or strikes, lockouts or other withdrawals of services arising out of a labour dispute (including a strike, lockout, or other labour dispute involving the Vancouver Board of Parks and Recreation and/or the City of Vancouver and their respective employees) or labour affiliations of the Consultant's employees or Subconsultant's employees, or governmental action taken in the enforcement of law specifically against the Consultant or its Sub-Consultants. If an Unavoidable Delay occurs, the non-performing party will, as soon as possible after the occurrence of the Unavoidable Delay, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of its obligations under this Agreement.

27.0 GENERAL

27.1 **No Waiver.** No action or failure to act by the City shall constitute a waiver of any right or duty under this Agreement, or constitute an approval or acquiescence in any breach thereunder, except as may be specifically agreed in writing by the City.

27.2 **Severability.** The invalidity, illegality or unenforceability of any portion or provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. No remedy will be deemed to exclude or restrict the right of a Party to any other remedies against the other Party and a Party may from time to time have recourse to one or more of the remedies specified in this Agreement or at law notwithstanding the termination of this Agreement.
- 27.4 **Further Assurances.** Each Party shall execute such further and other documents and instruments and do such further and other acts as may be necessary to implement and carry out the provisions and intent of this Agreement.

REQUEST FOR PROPOSAL NO. PS20130532
Design Services for Kitsilano Seaside Greenway and Stanley Park Cycling Plan
SCHEDULE 1 - DETAILED REQUIREMENT

There are two (2) improvement projects included in this RFP:

Project A - Kitsilano Seaside Greenway

Project B - Stanley Park Cycling Plan

The Proponent may submit their proposal for one (1) or both of the projects. The Proponent shall indicate in the Proposal Form whether they are proposing for one or both of the projects and each proposal shall be in separate sections and identified clearly. The City reserves the right to accept one or both of the proposals from a Proponent. Detailed requirements for each project are stated in the following attached Schedule 1A and 1B of this Schedule 1.

PROJECT A - KITSILANO SEASIDE GREENWAY

1.0 Introduction

This Request for Proposal (RFP) identifies a business opportunity for the successful Proponent to provide engineering and landscape architectural services for the detailed design development of the Seaside Greenway. The Seaside Greenway is a 1.44km pedestrian/bicycle corridor extending through Kitsilano Beach Park and Hadden Park in Vancouver, BC. The corridor starts at Balsam Street and terminates at Chestnut Street. The purpose of the Seaside Greenway corridor is to improve the mobility of pedestrians and bikes by reducing user conflicts and developing user-friendly way-finding strategies. The layout of the paths has been established through collaboration between the City of Vancouver Park Board and City of Vancouver Active Transportation (Engineering Department).

2.0 Background

In October 2012, the City of Vancouver adopted its Transportation 2040 plan, which includes specific mode share targets and safety goals accompanied by supporting policies and specific actions to support a long-term vision for the City. The Transportation 2040 Plan identifies the seawall system of multi-use paths as an important area of focus to support and to drive growth in active transportation modes in achieving future mode share targets. The concept of developing cycling routes for people of all ages and abilities (AAA routes) was also adopted. While many areas of the seawall act as important recreational corridors, strategic improvements to the seawall can also enhance the city-wide pedestrian and cycling network, and increase the connectivity of the AAA cycling route network.

The Seaside Greenway through Kitsilano Beach Park and Hadden Park is a popular multi-use pathway for pedestrians and cyclists, and is comprised of various shared and separated sections through a mix use of general park land, off-leash dog park, recreational beach access, and restaurant and food service amenities. With an increase in demands for active transportation and the popularity of Kitsilano Beach Park and Hadden Park as destinations of choice for residents and visitors to the City of Vancouver, this section of the Seaside Greenway has evolved to accommodate a wide range of users from commuter and recreational cyclists to pedestrians of all ages and needs including young children, dog walkers and persons with mobility aids. During peak times in the summer months, the users of the Seaside Greenway can experience congestion and potential conflicts.

On May 28, 2012, the Vancouver Board of Parks and Recreation resolved the motion to direct Park Board staff to work with Engineering Services to develop strategies to minimize conflict in high volume pedestrian and cyclist interface areas along the seawall. Subsequently, at the Standing Committee on City Finance and Services meeting on July 29, 2013, Vancouver City Council approved the recommendation to create improved walking and cycling routes, which provides safe and comfortable connections between Jericho Beach Park and Burrard Bridge and between Jericho Beach Park and the False Creek South seawall. As such, the Board of Parks and Recreation has been requested to proceed with the upgrading of the Seaside Greenway in Kitsilano Beach and Hadden Parks as a priority project funded by the City's capital budget.

The Seaside Greenway Upgrades Project is a partnership between Park Board and City Engineering staff to plan, design, and construct a safe and comfortable active transportation pathway that will support the growth and needs of all users and accommodate the separation of pedestrians and cyclists. The evaluation of route options during the planning phase took into considerations important elements such as the existing usage conditions; any impacts to current and future park development and integrity of green spaces; any impacts to landscape and matured trees, the accessibility for all types of users; any areas with potential conflicts

between pedestrians and cyclists; and the desired waterfront experience by all users to be close to the shoreline and experience the water view.

The established design route requires upgrades that will support improved amenities (such as lighting, water fountains, bike racks, public space improvements) for park users; appropriate pathway width, surface texture, and grade to ensure clear functionality and accommodation of expected usage; and identified geometrical and natural physical constraints by land topography, matured trees, and historical artifacts.

3.0 Scope of Work

The following scope of work will be attached to the agreement when the project is awarded. Proponents should submit a task by task work plan that will ensure the delivery of the specified services. The work plan should be in sufficient enough detail to demonstrate to the City that the Proponent fully understands and is committed to delivering to the requirements:

- (a) The consultant will be responsible for the detailed design of the accepted route and identified public realm improvement areas (as seen on Appendix 1a). The detailed design will involve the preparation of construction documents anticipating construction of the project starting in February 2014.
- (b) The consultant shall develop the accepted route layout and key areas of the public realm (based on the plan attached as Appendix 1a) to technical level drawings and specifications. The scope of services will include, but will not be limited to the following:
 1. Assessment of the site and the accepted route layout.
 2. Consult with the archaeological consultant (employed by the City under a separate contract) to ensure review of the proposed route and enhancement areas to determine any site improvements do not negatively impact any areas of archaeological significance;
 3. Consult and collaborate with a representative(s) from the Vancouver Park Board and City of Vancouver Active Transportation (Engineering Department) to develop designs and concepts.
 4. Prepare concepts for public realm improvement areas (outlined on the attached plan as Appendix 1a) and submit to the City's Park Board Project Manager for review and approval;
 5. The Consultant shall coordinate the activities of all project consultants, whether directly retained by the Consultant or the City, unless otherwise noted herein.
 6. Develop and maintain a project schedule. The following itemized assumptions should be considered in the scope and in the project schedule:

Phase 1 (Construction by April 2014):

- 3.5m Bicycle Path
- Pedestrian Pathways
- Park Amenities
 - ✓ Bike Parking
 - ✓ Water Fountain
 - ✓ Benches
 - ✓ Playground Fence

- Pedestrian Beach Promenade (Public Realm Improvement Area)
- Pedestrian Lighting for Promenade (Public Realm Improvement Area)
- Pedestrian Path: Creelman to Promenade (Public Realm Improvement Area)

4.0 Consultant Deliverables

The successful proponent will provide the following:

- (a) Prepare detailed construction drawings and specifications detailing the requirements for the construction of the accepted route and preferred public realm improvement area concepts.
- (b) Prepare a detailed construction cost estimate that itemizes costs on a unit rate based on specific aspects of the project (i.e. breakdown by phase, initiative, and individual components of the design).
- (c) Issue as-built drawings in AutoCAD and PDF format.
- (d) Provide advice to the City as required on any stage of the engagement.

5.0 Minimum Qualifications

The successful Proponent should be led by a registered professional Engineer in good standing with the province of British Columbia (BC). The project team must also be composed of a:

- (a) Landscape Architect in good standing with the BCSLA
- (b) ISA Certified Arborist

6.0 City Provided

The City will provide the contract administration services throughout construction unless determined otherwise at a later date.

A PDF (Portable Design Format) survey and 2-D PDF design layout of the paths are provided in Appendix 1a of this document for reference. Survey and Layout drawings will be provided in Auto-CAD after contract award.

7.0 Schedule

The successful Proponent should complete all work related to this scope by January 31, 2014. Construction is broken into two phases at this time, but should funds become available to construct it all at the same time the construction schedule of Phase 2 will be expedited. At this time phase 1 construction will be implemented to meet the targeted completion date of April 2014. Construction may be carried out by internal resources (i.e. City of Vancouver Engineering Services) or external contractors.

8.0 Appendix

Please refer to Schedule 2 Appendix 1a for the drawings to be used as reference for this project.

PROJECT B - STANLEY PARK CYCLING PLAN

1.0 Introduction

The City seeks the services of a consultant team for the development of a number of cycling/path connections within Stanley Park.

2.0 Background

The Stanley Park Cycling Plan was completed in March 2012, and adopted by the City's Park Board on October 15, 2012. See Appendix 1b for the full detail of the Cycling Plan. The intent of this RFP is to hire a consultant team to implement a number of key priorities raised in that report, in addition to completing a section of path adjacent to the Rose garden accessing the Causeway.

3.0 Scope of Work

A. Below summarizes the areas needing to be addressed in this engagement:

(a) *Stanley Park Cycling Plan (Access to and from Causeway):*

1. Recommendation #1c (page 26): Create a connection from Seawall to Tunnel Trail and Beaver lake Trail. Point 1-Proposed pathway up slope at 6.6% to Stanley Park Drive. Since the report, it is now thought that the connection from the Seawall to the proposed crosswalk should be an accessible ramp to the west of the crosswalk (rather than from the east as shown on diagram). Note: Crosswalk to be designed and constructed by City of Vancouver forces. Point 2-Consider enhancing the existing.....elephant's feet. This portion is not included in the scope of work.
2. Recommendation #8b (page 42): Create a pathway connection for cyclists exiting the Causeway southbound onto North Lagoon Drive. Note that this is the same as recommendation 13a (page 52)
3. Recommendation #16b (page 56): Create a new shared pathway connection from southbound Causeway sidewalk to Lake Trail/Bridle Path.
4. Recommendation #16c (page 56): Formalize shared path connection from northbound Causeway sidewalk to the south side of the Overpass. Consultant to consider possible realignment rather than decommissioning pathway on north side to eliminate existing hazard.
5. Recommendation #18a (page 59): Formalize shared gravel path to Causeway from Park Drive just south of the Bridge. There are numerous gravel paths currently existing. Consultant to determine best alignment.

(b) *Stanley Park Cycling Plan (English Bay to Second Beach)*

1. Recommendation #10a (page 46): Construct a separate pedestrian sidewalk between Second Beach and English Bay. Since the report was finalized, Park Board staff have identified the possibility of removing the parking lane along Park Drive (adjacent to the Lawn Bowling Club), which would allow the shifting of the drive lanes towards the Lawn Bowling Club. Doing this would allow one of the travel lanes to accommodate the cycling path, and the current cycling path to be used as a pedestrian path. The Consultant should look at this option in addition to the option identified in the report.
2. It should be noted that this portion of the work (English bay to Second Beach) is only to the tender stage (drawings and specifications).

SCHEDULE 1B - DETAILED REQUIREMENT FOR STANLEY PARK CYCLING PLAN

(c) *Rose Garden Path*

1. There has been some preliminary work done by Vancouver Parks to realign this path to provide a more accessible access to the causeway from the direction of the Rose Garden and traffic circle. See Appendix 2b for the existing path and Appendix 3b for design for proposed path. There will be no more work done by park staff on this, and completion will be part of the scope of work of this RFP. The consultant team needs to do an assessment of this work, and modify/adjust this work as necessary.
- B. It should be noted that the B.C. Ministry of Transportation is currently looking at widening the sidewalk along the Stanley Park Causeway to increase the safety of pedestrians and cyclists. The consultant should design the alignment and grades of any proposed park paths/trails that meet up with the Causeway sidewalk to allow for the possibility of the sidewalk widening occurring.
- C. With the exception of Recommendation #10a, the responsibilities of the consultant would include the following consulting services such as but is not limited to:
- (a) Prepare a schematic design to ascertain the requirements of the project, review the understanding of such requirements with the City, and review the characteristics of the site;
 - (a) Prepare cost estimates for construction;
 - (b) Based on the approved schematic design documents and the approved estimate of construction cost, prepare, for approval by the City, design development documents consisting of drawings and other documents appropriate to the size of the project to fix and describe the size and character of the entire project as to the civil and landscape architectural systems, materials and such other elements as may be appropriate.
 - (c) Based on approved design development documents and approved estimate of construction cost, prepare drawings and specifications detailing the requirements for the construction of the project;
 - (d) Tender preparation including, but not limited to, development of the construction scope of work and schedule of quantities and prices with Park Board staff input;
 - (e) Assist in answering questions related to the tender documents and associated amendments, addendums and questions and answers;
 - (f) Bid evaluation and recommendation for contractor award;
 - (g) Issue drawings and specifications for construction;
 - (h) Construction management;
 - (i) Issue as-built record drawings in AutoCAD and PDF format showing changes in the Work made during construction.
- D. For recommendation #10, "Construct a separate sidewalk between Second Beach and English Bay", the Consultant would do works up to and including providing tender documents (drawings and specifications). Construction would occur at a later stage as funds allow. The consultant would be expected to have a civil engineer on the team that would be in charge of the roadway alterations.
- E. The consultant is required to produce an illustrative concept for public information to be used on our website and site information signs.
- F. The consultant will be required to provide a survey by a registered B.C. Land Surveyor for all areas of work.
- G. Included in the scope of work is a requirement to have an archaeological review of the proposed areas of work to determine if there are any impacts of archaeological significance.

SCHEDULE 1B - DETAILED REQUIREMENT FOR STANLEY PARK CYCLING PLAN

The consultant is to provide an hourly rate to allow for archeological monitoring and oversight in the construction areas, if necessary.

4.0 Consultant Deliverables

The successful proponent will provide the following:

- (a) The Consultant is expected to provide a construction cost estimate for the various locations of work.
- (b) Detailed drawings at all stages of work, including schematic, illustrative, tender and record drawings.
- (c) Specifications as part of the contract documents (with drawings), which may include using the applicable City Park Board specifications and modifying to suit the project.
- (d) Drawings to be in AutoCAD format (except illustrative drawings)
- (e) Meetings with the City as necessary
- (f) Arborist report
- (g) Archeology report

5.0 Minimum Qualifications

The successful Proponent should have a registered professional Engineer (civil engineering specialty) experienced in this type of work to be leading the consultant team. Other members of the team would include:

- (a) A registered landscape architect (BCSLA), experienced in this type of work to lend expertise in all stages of the project to ensure that the redevelopment is in keeping with the high level of aesthetics required for Stanley Park and meets the needs of pedestrians and cyclists.
- (b) A certified arborist (ISA) is required as there will be some impacts to trees.
- (c) As Stanley Park is an archeologically sensitive area, an archeologist (RPCA) familiar with Stanley Park and its First Nations history.

6.0 City Provided

The City will not be providing a base survey for the work. The base survey is to be provided by the Proponent.

7.0 Schedule

The successful Proponent should have tender documents ready by February 28, 2014. It is anticipated that construction work will be completed by June 30, 2014 (except Stanley Park Cycling Plan Recommendation #10a, only to tender documents stage).
