PART A - INFORMATION AND INSTRUCTIONS

1.0 THE RFP

- 1.1 This Request for Proposals (the “RFP”) provides an opportunity to submit Proposals for review by the City and, depending on the City’s evaluation of Proposals, among other factors, to potentially negotiate with the City to enter into an Agreement. **EXCEPT WHERE EXPRESSLY STATED OTHERWISE IN APPENDIX 1 TO PART C OF THE RFP: (I) NO PART OF THE RFP CONSISTS OF AN OFFER BY THE CITY TO ENTER INTO ANY CONTRACTUAL RELATIONSHIP; AND (II) NO PART OF THE RFP IS LEGALLY BINDING ON THE CITY.**
- 1.2 The RFP concerns the City’s interest in procuring architectural consulting services for replacement of the existing Vancouver Fire Hall No. 17 located at 7070 Knight Street in Vancouver in the Victoria Fraserview neighborhood. Details of the City’s objectives and requirements to which the RFP relates are set out in Part B of the RFP. The City welcomes Proposals respecting innovative or novel approaches to the City’s objectives and requirements.
- 1.3 The City is interested in selecting a single Proponent with the capability and experience to efficiently and cost-effectively meet the objectives and requirements described in the RFP. The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of an Agreement between the Proponent and the City. However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.
- 1.4 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City’s sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8 below, among others.
- 1.5 **NO BID SECURITY IS REQUIRED FROM PROPONENTS IN CONNECTION WITH THE SUBMISSION OF PROPOSALS BECAUSE NO PROPOSAL WILL BE DEEMED TO BE AN IRREVOCABLE OR OTHERWISE BINDING LEGAL OFFER BY A PROPONENT TO THE CITY. THE LEGAL OBLIGATIONS OF A PROPONENT THAT WILL ARISE UPON THE SUBMISSION OF ITS PROPOSAL WILL BE LIMITED TO THE TERMS AND CONDITIONS STATED UNDER THE HEADING “LEGAL TERMS & CONDITIONS” IN APPENDIX 1 TO THE PROPOSAL FORM (PART C).**
- 1.6 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.
- 1.7 Certain capitalized terms used herein but not defined where first used are defined in Section 12 below.
- 1.8 The RFP consists of four parts:
- (a) **PART A - INFORMATION AND INSTRUCTIONS:** This part is intended to serve as a guide to the RFP process for Proponents.
 - (b) **PART B - CITY REQUIREMENTS AND ITEMS TO BE ADDRESSED IN PROPOSALS:** This part describes the subject matter of the RFP, in respect of which the City invites Proposals. This part also stipulates the information that should be contained in each Proposal.
 - (c) **PART C - PROPOSAL FORM:** This part consists of the Proposal Form to be completed by each Proponent in connection with its Proposal. Each Proposal must be submitted under the cover of a duly completed and executed Proposal Form.

- 4.3 To be considered by the City, a Proposal must be submitted under the cover of a Proposal Form, completed and duly executed by the relevant Proponent, including Appendix 1 thereto.
- 4.4 Proposals **must not** be submitted by fax or email.
- 4.5 Amendments to a Proposal may be submitted via the same methods, at any time prior to the Closing Time.
- 4.6 The City requests that four (4) hard copies and one (1) electronic copy (on a CD or USB flash drive) of each Proposal be submitted. It is not necessary to submit more than one (1) copy of the Proposal Form and Appendix 1, the QA/AMD/ADD signed copies and Schedules 4, 5 and 6 of Part C.
- 4.7 Proposals should not be bound in three-ring binders, no staples, use bull clips and standard paper so that proposals can be easily scanned if necessary.
- 4.8 For the pricing table, you may include a table showing the price within the RFP document but it should be supported by an electronic version using Excel spreadsheet in the same format as in Schedule 2 - Pricing Table to verify computation.
- 4.9 Proposals are revocable and may be withdrawn at any time before or after the Closing Time.
- 4.10 All costs associated with the preparation and submission of a Proposal, including any costs incurred by a Proponent after the Closing Time, will be borne solely by the Proponent.
- 4.11 Unnecessarily elaborate Proposals are discouraged. Proposals should generally be limited to the items specified in Part B of the RFP.
- 4.12 The City is willing to consider any Proposal from two or more Proponents that wish to form a consortium solely for the purpose of submitting a joint Proposal in response to the RFP, provided that they disclose the names of all members of the consortium and all members complete and execute a Proposal Form (Part C). Nonetheless, the City has a strong preference for Proposals submitted by a single Proponent, including a Proponent that would act as a general contractor and use subcontractors as required.
- 4.13 Proposals that are submitted after the Closing Time or that otherwise do not comply in full with the terms hereof may or may not be considered by the City and may or may not be returned to the Proponent, in the City's sole discretion.

5.0 CHANGES TO THE RFP AND FURTHER INFORMATION

8.0 EVALUATION OF PROPOSALS

- 8.1 The City may open or decline to open Proposals in such manner and at such times and places as are determined by the City.
- 8.2 The City currently intends that all Proposals submitted to it in accordance with the RFP will be evaluated by City representatives, using quantitative and qualitative tools and assessments, as appropriate, to determine which Proposal or Proposals offer the overall best value to the City. In so doing, the City expects to examine not only financial terms, but also (i) Proponents' skills, knowledge, reputations and previous experience(s), including experience(s) with the City (if any); (ii) Proponents' capabilities to meet the City's Requirements (as defined in Part B) as and when needed, (iii) quality and service factors, (iv) innovation, (v) environmental or social sustainability impacts; and (vi) transition costs or challenges. Certain other factors may be mentioned in Part B or elsewhere in the RFP.
- 8.3 The City will retain complete control over the RFP process at all times until the execution and delivery of an Agreement or Agreements, if any. The City is not legally obligated to review, consider or evaluate Proposals, or any particular Proposal, and need not necessarily review, consider or evaluate Proposals, or any particular Proposal in accordance with the procedures set out in the RFP. The City may continue, interrupt, cease or modify its review, evaluation and negotiation process in respect of any or all Proposals at any time without further explanation or notification to any Proponents.
- 8.4 The City may, at any time prior to signing an Agreement, discuss or negotiate changes to the scope of the RFP with any one or more of the Proponents without having any duty or obligation to advise the other Proponents or to allow the other Proponents to vary their Proposals as a result of such discussions or negotiations.
- 8.5 The City may elect to short-list Proponents and evaluate Proposals in stages. Short-listed Proponents may be asked to provide additional information or details for clarification, including by attending interviews, making presentations, supplying samples, performing demonstrations, furnishing technical data or proposing amendments to the Form of Agreement. The City will be at liberty to negotiate in parallel with one or more short-listed Proponents, or in sequence, or in any combination, and may at any time terminate any or all negotiations.
- 8.6 Prior to approval of a Proposal, the City must be satisfied as to the Proponent's financial stability. Proponents may be asked to provide financial statements prepared by an accountant and covering at least the prior two years.
- 8.7 The City may request that any proposed subcontractors undergo evaluation by the City.
- 8.8 The City is not under any obligation to approve any Proposal and may elect to terminate the RFP at any time.
- 8.9 For the avoidance of doubt, notwithstanding any other provision in the RFP, the City has in its sole discretion, the unfettered right to:
- (a) accept any Proposal;
 - (b) reject any Proposal;
 - (c) reject all Proposals;
 - (d) accept a Proposal which is not the lowest-price proposal;

REQUEST FOR PROPOSALS NO. PS20152045
ARCHITECTURAL CONSULTING FOR FIRE HALL No. 17 REDEVELOPMENT
PART A - INFORMATION AND INSTRUCTIONS

- (e) accept a Proposal that deviates from the Requirements or the conditions specified in the RFP;
- (f) reject a Proposal even if it is the only Proposal received by the City;
- (g) accept all or any part of a Proposal;
- (h) split the Requirements between one or more Proponents; and
- (i) enter into one or more agreements respecting the subject matter of the RFP with any entity or entities at any time.

Without limiting the foregoing, the City may reject any Proposal by a Proponent that has a conflict of interest, has engaged in collusion with another Proponent or has otherwise attempted to influence the outcome of the RFP other than through the submission of its Proposal.

9.0 SUSTAINABILITY

- 9.1 The City's Procurement Policy, Ethical Purchasing Policy and related Supplier Code of Conduct found at <http://vancouver.ca/doing-business/selling-to-and-buying-from-the-city.aspx> align the City's approach to procurement with its corporate social, environmental and economic sustainability values and goals. They evidence the City's commitment to maximize benefits to the environment through product and service selection, and to ensure safe and healthy workplaces, where human and civil rights are respected. Each Proponent is expected to adhere to the supplier performance standards set forth in the Supplier Code of Conduct. The Ethical Purchasing Policy shall be referred to in the evaluation of Proposals, to the extent applicable.
- 9.2 Proponents are to provide environmentally sensitive products or services wherever possible. Where there is a requirement that the Proponent supply materials, and where such materials may cause adverse environmental effects, the Proponent is to indicate the nature of the hazard(s) in its Proposal. Furthermore, the Proponent is to advise the City of any known alternatives or substitutes for such materials that would mitigate such adverse effects.

10.0 CERTAIN APPLICABLE LEGISLATION

- 10.1 Proponents should note that the City of Vancouver is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City's consultants or contractors to protect all personal information acquired from the City in the course of providing any service to the City.
- 10.2 Proponents should note that the *Income Tax Act* (Canada) requires that certain payments to non-residents be subject to tax withholding. Proponents are responsible for informing themselves regarding the requirements of the *Income Tax Act* (Canada), including the requirements to qualify for any available exemptions from withholding.

11.0 LEGAL TERMS AND CONDITIONS

- 11.1 The legal obligations of a Proponent that will arise upon the submission of its Proposal are stated in Appendix 1 to the Proposal Form (Part C). Except where expressly stated in such Appendix 1: (i) no part of the RFP consists of an offer by the City to enter into any contractual relationship; and (ii) no part of the RFP is legally binding on the City.
- 11.2 Potential Proponents should review Appendix 1 to the Proposal Form carefully before submitting a Proposal. Among other things, potential Proponents should note that:

PART A - INFORMATION AND INSTRUCTIONS

- (a) Except for limited duties in respect of the protection of confidential information and the resolution of legal disputes (as fully specified in Appendix 1 to the Proposal Form), the City does not have, and will not have, any legal obligations to a Proponent or to any proposed subcontractor of that Proponent in respect of the RFP or that Proponent's Proposal until such time as an Agreement is entered into with that Proponent.
- (b) The City is a public body required by law to act in the public interest. In no event, however, does the City owe *to the Proponent or to any of the Proponent's proposed subcontractors* (as opposed to the public) any contract or tort law duty of care, fairness, impartiality or procedural fairness in the RFP process, or any contract or tort law duty to preserve the integrity of the RFP process.
- (c) Except only and to the extent that the City is in breach of its duties with respect to a Proponent's confidential information, each Proponent is required to broadly release the City, its officials, its agents and its employees from liability for any losses incurred by the Proponent.

- (e) Except with respect to the City's duties in respect of a Proponent's confidential information, even to the extent the city is found to have breached any duty to the Proponent, if any, the liability of the City, its officials, its agents and its employees to the Proponent will be limited to \$100.
- (f) With limited exceptions set forth in such Appendix 1 to the Proposal Form, any dispute between the City and a Proponent will be subject to arbitration.

- (h) The documentation containing any Proposal, once submitted to the City, becomes the property of the City, and the City is under no obligation to return the Proposal to the Proponent.
- (i) The City will treat any Proposal (and the City's evaluation of it), in confidence in substantially the same manner as it treats its own confidential material and information, subject, however, to the applicable provisions of the *Freedom of Information and Protection of Privacy Act* (British Columbia), other applicable legal requirements, and the City's full right to publicly disclose any and all aspects of the Proposal in the course of publicly reporting to the Vancouver City Council or announcing the results of the RFP to Proponents.
- (j) Proponents must not divulge or disclose to any third parties any non-public documents or information concerning the affairs of the City, which have been or are in the future provided or communicated to a Proponent at any time (whether before, during or after the RFP process). Furthermore, each Proponent must agree to not use or exploit any such non-public documents or information in any manner, including in submitting its Proposal.
- (k) Each Proponent must waive any rights to obtain any records produced or kept by the City in evaluating its Proposal (and any other submissions) and must agree that under no circumstances will it make any application to the City or any court for disclosure of

- (l) Each Proponent must disclose whether any officer, director, shareholder, partner, employee or contractor of the Proponent or of any of its proposed subcontractors, or any other person related to the Proponent's or any proposed subcontractor's organization (a "person having an interest") or any spouse, business associate, friend or relative of a person having an interest is:

 - ii. related to or has any business or family relationship with an elected official or employee of the City,

in each case such that there could be any conflict of interest or an appearance of a conflict of interest in the evaluation or consideration of the Proponent's Proposal by the City. The City will evaluate each matter disclosed to determine whether and to what extent the Proponent can be given consideration in the RFP in light of the particular matter.

- (m) Each Proponent must disclose whether any person having an interest (as defined above) is a former official, former employee or former contractor of the City who has non-public information relevant to the RFP obtained during his or her employment or engagement by the City. The City will evaluate each matter disclosed to determine whether and to what extent the Proponent can be given consideration in the RFP in light of the particular matter.
- (n) Each Proponent must disclose whether the Proponent or any of its proposed subcontractors is currently engaged in supplying (or is proposing to supply) goods or services to a third party such that entering into an agreement with the City in relation to the subject matter of the RFP would create a conflict of interest or the appearance of a conflict of interest between the Proponent's duties to the City and the Proponent's or its subcontractors' duties to such third party. The City will evaluate each matter disclosed to determine whether and to what extent the Proponent can be given consideration in the RFP in light of the particular matter.
- (o) Each Proponent is required to disclose whether the Proponent is competing for purposes of the RFP with any entity with which it is legally or financially associated or affiliated. Each Proponent must also disclose whether it is cooperating in any manner in relation to the RFP with any other Proponent responding to the RFP. The City will evaluate each matter disclosed to determine whether and to what extent the Proponent can be given consideration in the RFP in light of the particular matter.
- (q) A Proponent must not disclose or promote any relationship between it and the City, including by means of any verbal declarations or announcements and by means of any

Each Proponent must undertake not to use the name, official emblem, mark, or logo of the City without the express prior written consent of the City.

- (r) Any Proposal which contains an error, omission or misstatement, which contains qualifying conditions, which does not fully address all of the requirements or expectations of the RFP, or which otherwise fails to conform to the RFP may or may not be rejected by the City at the City's sole discretion. ARCHITECTURAL CONSULTING FOR FIRE HALL No. 17 REDEVELOPMENT
SCHEDULE 1 - SCHEDULE OF DETAILED REQUIREMENTS

SCHEDULE 1
SCHEDULE OF DETAILED REQUIREMENTS

1.0 Introduction

- 1.1 The City of Vancouver is seeking architectural consulting services for redevelopment of the existing Vancouver Fire Hall No. 17 located at 7070 Knight Street in Vancouver in the Victoria Fraserview neighborhood.
- 1.2 Full professional services will be required for the design and construction of this new replacement facility, deconstruction of the existing facility, and development and subsequent removal of a temporary Fire Hall. The scope will include: review of the recently completed Feasibility Report and space program for the replacement of Fire Hall No. 17 with a view to economizing and maximizing efficiencies, development of a detailed project schedule, zoning analysis and inquiry, design work for the preparation of documentation for concurrent Rezoning and Development Permit applications and approval, preparation of documentation for the development of a temporary Fire Hall at the back of the site and later removal and site restoration, documentation for deconstruction of the existing facility, schematic design and design development, construction documentation, tendering, contract administration, and post-construction services for the new replacement facility.

2.0 Background

- 2.1 The existing Fire Hall 17 located at 7070 Knight Street in Vancouver was constructed in 1954 as a three bay, brick and concrete two-storey fire hall that has aged and no longer adequately meets current structural, operational and space needs. The replacement fire hall will include provisions for this site to be used as a training hall with four apparatus bays, full size hose/training tower and a training yard and accommodation for a two crew operation. It will also include on grade parking for 8 vehicles and locations for a genset, garbage/recycling area and fueling provisions.
- 2.2 Provisions for a temporary fire hall, which is to be located at the rear of the site, must be in place prior to deconstruction of the existing hall and construction of the new hall is undertaken. A Feasibility Report and space program for the replacement fire hall have been recently completed and shall be used as basis for design with a view to economizing and maximizing efficiencies. Subject to confirmation, the total area of the new facility will be approximately 1,860 square meters (20,000 sq.ft.) and the fire hall also requires both a concrete apron at the front of the site and a training yard and parking at the rear. Since there is limited room for expansion on the site, the design may result in a three-storey structure and zero lot line approach. The increased size of the new development will require Rezoning.
- 2.3 The Fire Hall No. 17 site is a corner site with a 37m frontage along Knight Street, 56m along 55th Avenue East, 35m along Lanark Street and 68m along lane on the north side of the site. There is approximately a 1.5m rise in elevation from the south-west corner of the site to the north-east corner and more than 0.5m elevation change across the front of the site facing Knight Street. The site has access from Knight Street and from 55th Avenue East. The site is located in an RS-1 zone in the Victoria Fraserview neighborhood and adjacent buildings are one and two-storey residential uses, with low rise commercial uses in a C-1 zone at the close by intersection of 57th Avenue East and Knight Street.

3.0 Summary of Requirements

- 3.1 The City is seeking full service proposals from highly qualified proponent teams led by architectural firms licensed to practice in British Columbia, to provide professional consulting services related to the design and construction of a replacement of Fire Hall No. 17, deconstruction of the existing building, and provision of a temporary fire hall, all located at

7070 Knight Street in Vancouver. The replacement fire hall will include provisions for this site to be used as a training hall with four apparatus bays, full size hose/training tower, a training yard and accommodation for a two crew operation. It will also include on grade parking for 8 vehicles and locations for genset, garbage/recycling area and fueling provisions. Please refer to the attached documents for additional program details.

- 3.2 While the new fire hall is under development the firefighters will be housed in a temporary fire hall. Temporary Fire Hall No. 17 is to be located at the rear of the site at 7070 Knight Street and must be in place prior to deconstruction of the existing hall and construction of the new hall is undertaken. Additionally however, the apparatus enclosure is required to be in place as early as possible in 2016 to house two new larger fire trucks coming in to service pending construction of the new fire hall.

Temporary Fire Hall general elements:

- Temporary portable serviced prefabricated building to house office and living functions
- Temporary portable serviced apparatus enclosure (membrane or tent structure) for two fire trucks
- Parking space for fire trucks in front of the enclosure
- Emergency container
- Garbage and recyclables area c/w screening
- Power and utility connections for the temporary Fire Hall

- 3.3 Full professional services will be required as follows:

- (a) The successful proponent team will review the recently completed functional programming and feasibility study and will proceed with a zoning analysis and will develop a detailed project schedule for design and construction of the temporary fire hall, deconstruction of the existing facility, construction of the new facility, removal of the temporary fire hall and restoration of the site all through design/bid/build project delivery, and allowing for rezoning and permitting processes. Through the initial work the team will identify and pursue any economies and efficiencies that may be brought to bear to tighten the project.
- (b) The team will proceed with schematic design and design development work sufficient for the preparation of drawings and documentation for application, approval and enactment of a site-specific Rezoning in tandem with approval and issuance of a concurrent Development Permit. At the same time the team will design and prepare drawings for permitting, tender and construction of the temporary facility to proceed in advance of the deconstruction and new fire hall development. Note that construction costs will be confirmed at the Schematic Design cost estimate.
- (c) Subsequently the successful proponent team will proceed to provide full professional services for the design, deconstruction and construction documentation, tendering and contract administration of the deconstruction of the existing and construction of the new facility, to be tendered as separate projects. The City of Vancouver Environmental Services team will manage hazardous materials abatement of the existing building prior to or in conjunction with deconstruction. The successful proponent team will provide post-construction services related to the one-year warranty review, building systems performance review, and LEED Gold and Passive House certifications.
- (d) The replacement Fire Hall No. 17 is required to be a Post-disaster building as defined in the current Vancouver Building By-Law with additional provisions for life support. The building is required to achieve LEED Gold certification with a 30% reduction in energy

use over the requirements of the current Vancouver Building By-law, and maximizing passive energy reduction measures. The building is required to be designed and constructed to achieve Passive House Standard Certification through the Canadian Passive House Institute (CanPHI). The new facility is expected to have a life span of 80 years or more.

- (e) For working purposes the area of the new facility is estimated at up to 1,860 square meters (20,000 sq.ft.). The estimated hard construction budget for the new and temporary facility combined is in the range of \$9.7 to \$11.5m in 2015 dollars, not including soils remediation and hazardous materials abatement. Proponents are to provide fee pricing on the basis of the middle of this range with adjustment to be made on a percentage basis at the conclusion of schematic design and costing.

SECTION 3: DEFINITIONS

Living Wage Employer:

Living wage employers adhere to the following criteria:

- All employees - full-time, part-time and casual - are paid the current living wage rate for their region. See www.livingwageforfamilies.ca for current Metro Vancouver and Fraser Valley living wage rates.
- The living wage rate calculation for an employer takes into account its employees' *total* compensation package (wage + benefits). If employees receive non-mandatory benefits, the living wage rate is reduced to take this into account. External contract staff (not direct employees) who provide services to their employer on a regular and ongoing basis must also be paid a living wage.
- Employees who receive incentive-based pay (tips) or commissions can be paid less than a living wage, provided their total earnings - including incentive-based pay and/or commissions - equal or exceed the living wage.

Social Enterprise:

“Social enterprises are businesses owned by non-profit organizations, that are directly involved in the production and/or selling of goods and services for the [combined] purpose of generating income and achieving social, cultural, and/or environmental aims (Social Enterprise Council of Canada).” See www.socialenterprisecanada.ca.

In addition to having the aforesaid combined purpose, to qualify as a “Social Enterprise” for purposes hereof, an entity must:

- be a business operated by a registered non-profit or community services co-operative;
- have a product or service that it sells to customers;
- have a defined social and/or environmental mandate.

Person with Barriers to Employment:

A “person with barriers to employment” is someone who faces one or more circumstances that can lead to underemployment or unemployment. There are a wide range of circumstances that can create barriers to employment including but not limited to: addictions, disabilities, mental health issues, and being a newcomer or refugee. For purposes hereof, to qualify as a “person with barriers to employment”, the employee or trainee must be participating in a recognized, pre-approved employment program for person(s) with barriers to employment run by a non-profit organization or educational institution or government agency.

Community Contribution Company (C3):

“Community Contribution Company” means a corporation formed under the laws of British Columbia that includes in its articles the following statement:

This company is a community contribution company, and, as such, has purposes beneficial to society. This company is restricted, in accordance with Part 2.2 of the *Business Corporations Act*, in its ability to pay dividends and to distribute its assets on dissolution or otherwise.

Or, a company incorporated under another jurisdiction that includes in its articles substantively similar restrictions related to dividends and distribution of assets.
