PART A - INFORMATION AND INSTRUCTIONS

1.0 THE RFP

1.1 This Request for Proposals (the “RFP”) provides an opportunity to submit proposals for review by the City and, depending on the City’s evaluation of proposals, among other factors, to potentially negotiate with the City to enter into a contract. **EXCEPT WHERE EXPRESSLY STATED OTHERWISE IN APPENDIX 1 TO PART C OF THE RFP: (I) NO PART OF THE RFP CONSISTS OF AN OFFER BY THE CITY TO ENTER INTO ANY CONTRACTUAL RELATIONSHIP; AND (II) NO PART OF THE RFP IS LEGALLY BINDING ON THE CITY.**

1.2 The RFP concerns the City’s interest in procuring a consultant team to develop and consolidate all current city guidelines in relation to buildings and generate an industry “best practice” Facilities Standards Manual (FSM). Details of the City’s objectives and requirements to which the RFP relates are set out in Part B of the RFP. The City welcomes proposals that are responsive to this RFP (“Proposals”) respecting innovative or novel approaches to the City’s objectives and requirements.

1.3 The City is interested in selecting an entity, which is not, by the terms hereof, barred from submitting a Proposal, and which does submit a Proposal (each such entity, a “Proponent”) with the capability and experience to efficiently and cost-effectively meet the objectives and requirements described in the RFP. The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of a contract between the Proponent and the City (such a contract, an “Agreement”). However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.

1.4 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City’s sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8 below, among others.

1.5 **NO BID SECURITY IS REQUIRED FROM PROPONENTS IN CONNECTION WITH THE SUBMISSION OF PROPOSALS BECAUSE NO PROPOSAL WILL BE DEEMED TO BE AN IRREVOCABLE OR OTHERWISE BINDING LEGAL OFFER BY A PROPONENT TO THE CITY. THE LEGAL OBLIGATIONS OF A PROPONENT THAT WILL ARISE UPON THE SUBMISSION OF ITS PROPOSAL WILL BE LIMITED TO THE TERMS AND CONDITIONS STATED UNDER THE HEADING “LEGAL TERMS & CONDITIONS” IN APPENDIX 1 TO THE FORM OF PROPOSAL.**

1.6 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.

1.7 The RFP consists of four parts, plus appendices:

(a) **PART A - INFORMATION AND INSTRUCTIONS:** This part is intended to serve as a guide to the RFP process for Proponents.

(b) **PART B - CITY REQUIREMENTS:** This part describes the subject matter of the RFP, in respect of which the City invites Proposals.

(c) **PART C - FORM OF PROPOSAL:** This is the form in which the Proposal should be submitted.
(d) PART D - FORM OF AGREEMENT: This part contains a model Agreement (the “Form of Agreement”). Any Agreement resulting from the RFP is expected to be substantially in the form of the Form of Agreement.

4.8 The City is willing to consider any Proposal from two or more Proponents that wish to form a consortium solely for the purpose of submitting a joint Proposal in response to the RFP, provided that they disclose the names of all members of the consortium and all members complete and sign the first page of the Form of Proposal. Nonetheless, the City has a strong preference for Proposals submitted by a single Proponent, including a Proponent that would act as a general contractor and use subcontractors as required.

4.9 Proposals that are submitted after the Closing Time or that otherwise do not comply in full with the terms hereof may or may not be considered by the City and may or may not be returned to the Proponent, in the City’s sole discretion.

8.2 The City currently intends that all Proposals submitted to it in accordance with the RFP will be evaluated by City representatives, using quantitative and qualitative tools and assessments, as appropriate, to determine which Proposal or Proposals offer the overall best value to the City. In so doing, the City expects to examine not only financial terms, but also (i) Proponents’ skills, knowledge, reputations and previous experience(s), including experience(s) with the City (if any); (ii) Proponents’ capabilities to meet the City’s Requirements (as defined in Part B) as and when needed, (iii) quality and service factors, (iv) innovation, (v) environmental or social sustainability; and (vi) transition costs or challenges. 8.3 The City will retain complete control over the RFP process at all times until the execution and delivery of an Agreement or Agreements, if any. The City is not legally obligated to review, consider or evaluate Proposals, or any particular Proposal, and need not necessarily review, consider or evaluate Proposals, or any particular Proposal in accordance with the procedures set out in the RFP. The City may continue, interrupt, cease or modify its review, evaluation and negotiation process in respect of any or all Proposals at any time without further explanation or notification to any Proponents.

8.4 The City may, at any time prior to signing an Agreement, discuss or negotiate changes to the scope of the RFP with any one or more of the Proponents without having any duty or obligation to advise the other Proponents or to allow the other Proponents to vary their Proposals as a result of such discussions or negotiations.

8.5 The City may elect to short-list Proponents and evaluate Proposals in stages. Short-listed Proponents may be asked to provide additional information or details for clarification, including by attending interviews, making presentations, supplying samples, performing demonstrations, furnishing technical data or proposing amendments to the Form of Agreement. The City will be at liberty to negotiate in parallel with one or more short-listed Proponents, or in sequence, or in any combination, and may at any time terminate any or all negotiations.

8.6 The City may also require that any proposed subcontractors undergo evaluation by the City.

8.7 For the avoidance of doubt, notwithstanding any other provision in the RFP, the City has in its sole discretion, the unfettered right to: (a) accept any Proposal; (b) reject any Proposal; (c) reject all Proposals; (d) accept a Proposal which is not the lowest-price proposal; (e) accept a Proposal that deviates from the Requirements or the conditions specified in the RFP; (f) reject a Proposal even if it is the only Proposal received by the City; (g) accept all or any part of a Proposal; (h) split the Requirements between one or more Proponents; and (i) enter into one or
more agreements respecting the subject matter of the RFP with any entity or entities at any time. Without limiting the foregoing, the City may reject any Proposal by a Proponent that has a conflict of interest, has engaged in collusion with another Proponent or has otherwise attempted to influence the outcome of the RFP other than through the submission of its Proposal.

9.0 CITY POLICIES

9.1 The City’s Procurement Policy, Ethical Purchasing Policy and related Supplier Code of Conduct found at http://vancouver.ca/doing-business/selling-to-and-buying-from-the-city.aspx align the City’s approach to procurement with its corporate social, environmental and economic sustainability values and goals. They evidence the City’s commitment to maximize benefits to the environment and the community through product and service selection, and to ensure safe and healthy workplaces, where human and civil rights are respected. Each Proponent is expected to adhere to the supplier performance standards set forth in the Supplier Code of Conduct. The Ethical Purchasing Policy shall be referred to in the evaluation of Proposals, to the extent applicable.

10.0 LIVING WAGE EMPLOYER

10.1 Effective May 1, 2017, the City of Vancouver became a “Living Wage Employer”. As such, the City requires all firms that are contracted by the City to provide services on City-owned and leased properties to pay employees who perform those services on City property a Living Wage as calculated by the Living Wage for Families Campaign.

Please see the Living Wage for Families Campaign website for the current Living Wage for Vancouver:

http://www.livingwageforfamilies.ca/living_wages_in_bc_and_canada

The Living Wage includes the value of any non-mandatory benefits such as paid sick leave, employer-paid Medical Services Plan premiums and extended health benefits.

The Living Wage for Families has created a Living Wage Calculator to assist with the calculation of an employee’s hourly rate with benefits. The Living Wage Calculator can be found at the following website:

http://www.livingwageforfamilies.ca/employers/living-wage-calculator/

Proponents should refer to the Form of Agreement attached as Part D to this RFP for the specific requirements related to the Living Wage, which include:

(a) paying the Living Wage to all employees who perform services pursuant to the Agreement on City property during the term of the Agreement; and

(b) ensuring that all subcontractors pay the Living Wage to their employees who perform services on City property during the term of the Agreement.

Failure to comply with the Living Wage requirement will entitle the City to terminate the Agreement.
11.0 CERTAIN APPLICABLE LEGISLATION

11.1 Proponents should note that the City of Vancouver is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City’s consultants or contractors to protect all personal information acquired from the City in the course of providing any service to the City.

11.2 Proponents should note that the *Income Tax Act* (Canada) requires that certain payments to non-residents be subject to tax withholding. Proponents are responsible for informing themselves regarding the requirements of the *Income Tax Act* (Canada), including the requirements to qualify for any available exemptions from withholding.

12.0 LEGAL TERMS AND CONDITIONS

12.1 The legal obligations of a Proponent that will arise upon the submission of its Proposal are stated in this Appendix 1 to the Form of Proposal. Except where expressly stated in these Legal Terms and Conditions: (i) no part of the RFP consists of an offer by the City to enter into any contractual relationship; and (ii) no part of the RFP is legally binding on the City.

POTENTIAL PROPONENTS MUST REVIEW THESE LEGAL TERMS AND CONDITIONS CAREFULLY BEFORE SUBMITTING A PROPOSAL.
PART B - CITY REQUIREMENTS

The requirements stated in this Part B (collectively, the “Requirements”) are current as of the date hereof, but they may change or be refined in the course of the evaluation of Proposals or otherwise.

The City has the following Requirements:

1.0 INTRODUCTION

The City of Vancouver (the “City”) and its Real Estate and Facilities Management Department (which will be referred to as REFM throughout this document) is seeking a consultant team to develop and consolidate all current city guidelines in relation to building construction and generate an industry “best practice” Facilities Standards Manual (which will be referred to as FSM throughout this document) and matching performance constructions specifications to issue to architects and/or engineers retained to work on delivery of new construction, building renovations and tenant improvement projects in City owned buildings. The successful proponent will interview City staff from the Facilities Maintenance and Operations Department to understand the challenges faced by operations staff and to help articulate operational requirements into the Facilities’ Standards Manual. The successful proponent will combine all current city bylaws, guidelines and standards and also source building design, construction, commissioning, operations and maintenance industry “best practices” and merge these into a clear and concise REFM Facilities’ Standards Manual.

The consultant team is required to have substantial demonstrated experience in facilities design and delivery as well as a sound knowledge of building standards, specifications, and best practices pertaining to public/municipal facilities of varying size, usage and complexity. The successful proponent will also gather external documents that represent industry ‘best practice’, and table and incorporate these as required to fill any major gaps during the development of the Real Estate and Facilities Management (REFM) FSM. Subsequently, referencing the completed REFM FSM, the consulting team will review the existing REFM design and technical guidelines that are listed in this document and recommend changes to align them with and/or reference them to the new FSM.

Subject to further approval, upon completion of the manual and the guidelines review, the City may ask the successful proponent to update some of REFM's existing design and technical guidelines and to create one similar additional guideline document. The fee for this additional scope, if required, will be negotiated on a basis consistent with the initial fee submission.

2.0 BACKGROUND

The City’s Real Estate and Facilities Management (REFM) group manages roughly 650 buildings of varying size, use and complexity including community centres, pools, ice rinks, office buildings, residential buildings, commercial buildings, child care facilities, service yards, fire halls, police facilities, marinas, libraries, museums, theatres, artist studios, restaurants and concessions. Increasingly, the City’s facilities combine multiple uses in mixed-use developments with multiple owner/operators, requiring delineation, specialization, and separation of spaces and services.
The current organizational structure of REFM includes the following divisions and responsibilities:

I. Facilities Planning & Development (FPD): responsible for strategic long-term facilities planning and development including new construction and major retrofits, interior planning and design, energy management, and replacement of building systems and major components (herein referred to as “capital maintenance”).

II. Facilities Maintenance & Operations (FMO): responsible for day-to-day facility operations as well as preventative and demand maintenance (herein referred to as “operational maintenance”) of City-owned and operated buildings, systems and equipment as well as providing property management services to civic-use and investment properties held in the Property Endowment Fund, and to non-profit leasehold civic facilities. Additional responsibilities include participating in total building commissioning and providing input into the facilities development and capital replacement processes.

III. Strategic Operations Planning & Program Management: responsible for REFM-wide long range programs, strategic plans and emerging initiatives’ as well as overall operational effectiveness of REFM. This group is also responsible for the environmental services program including the management of contaminated sites and hazardous materials, environmental regulatory functions and emergency environmental response as well as corporate-wide security planning and operations.

IV. Real Estate Services: responsible for the acquisition, sale, leasing and management of real estate property. In addition, the department manages the Property Endowment Fund portfolio, provides professional advice on all aspect of real estate including financial, pro forma, and project feasibility analysis to Council, Boards and departments.

As shown in the departmental responsibility narrative above, the construction planning and management for Capital development resides with Facilities Planning and Development, whereas Facilities Maintenance and Operations is responsible for day-to-day operational maintenance functions. Accordingly, Facilities Maintenance and Operations plays a key role in providing feedback and feeding their requirements into the FSM that will be used by the developers and construction teams toward delivery of a desired facility for City of Vancouver. The REFM FSM will act as a guiding document provided by FMO to FPD to instruct staff and building delivery consultants on the City’s preferred practices and standards for new building, renovation, and capital replacement delivery of and within its own facilities.

In the past the Vancouver Park Board had a Construction Manual that set out design and material requirements additional to codes to provided direction to facilities development teams. This manual was not updated and is out of date with current practices. However, it is included in Appendix A as a rough example of the type of document required.

3.0 GENERAL REQUIREMENTS:

Development of the REFM Facilities’ Standard Manual (FSM)

3.1 The document will summarize best practices as experienced by REFM maintenance staff. The purpose is not to reiterate codes and reference standards but to identify items that result in:

a. A compendium of best practices, and design and installation preferences based on the experience of FMO staff with various buildings/facilities
b. Robust and long-lived systems which meet the City of Vancouver’s Greenest City strategy

c. Ease, practicality and efficiency of maintenance

d. Reduced maintenance call-outs

e. Increased energy and significant reduction in greenhouse gas emissions

3.2 FMO group includes four “shops” with in-house expertise in the following four areas:

a. Carpentry
b. Plumbing
c. Heating, Ventilation and Air Conditioning (HVAC)
d. Electrical

Input into the REFM FSM is to be centered on input from these four shops’ superintendents and staff, and from REFM’s Energy Manager.

Additional input will be solicited from:

e. Parks Board shops for Aquatic Pool Systems Requirements (i.e. hot tubs, swimming pools, splash parks)
f. Parks Board shops for Ice Rink Refrigeration Systems (i.e. ammonia and carbon dioxide based)
g. City of Vancouver IT Department:
   i. Server room requirements
h. Light input/review from the City’s in-house shops including Parks Board shops:
   i. Asphalt/drainage
   ii. Fabrication/welding
   iii. Painting/signage
   iv. Construction group on tiled and concrete surface maintenance

3.3 The REFM FSM document shall generally cover the following topics, with special emphasis on Plumbing, HVAC, Electrical, and Carpentry. The topics are listed and the document is to be organized into subjects in the order of Master Specification divisions roughly as indicated (subject to some amount of adjustment for clarity and efficiency):

a. Div 01 General Requirements
b. Div 06 Woods, Metals and Composites (incl. rough and finish carpentry)
c. Div 07 Thermal and Moisture Protection
d. Div 08 Doors and Windows
e. Div 09 Finishes (incl. painting and coatings)
f. Div 10 Specialties (incl. hardware, partitions etc.)
g. Div 14 Conveying Equipment (elevators)
h. Div 21 Fire Suppression
i. Div 22 Plumbing (incl. irrigation)
j. Div 23 HVAC
k. Div 26 Electrical (incl. lighting)
l. Div 32 Exterior Improvements

Each division is to be prefaced with a general discussion providing broad outlines for typical systems and the preferred design approach, and to include, as applicable, owner’s requirements for systems commissioning.

Within each division expect to categorize information generally by building size and type, as applicable, in a manner that allows the user to “customize” by selecting the appropriate
range of provisions to align with particular facilities. Refer to and coordinate with the referenced Technical and Design Guidelines.

Items in additional divisions may be included as required, however the following divisions are excluded from consideration at this time (given that they have been or will be developed by internal department) except for coordination purposes:

- m. Div 25 Integrated Automation
- n. Div 27 Communications
- o. Div 28 Electronic Safety and Security

3.4 **Under Division 1**, General Requirements, the document will provide general guidance to address Maintenance and Operations design, configuration and other issues including but not limited to:

- a. Preferred form/layout of the site and building for ease of loading, servicing and maintenance
- b. Preferred locations for servicing infrastructure (such as garbage & recycling, janitor’s closets, storage for maintenance materials etc.)
- c. Preferred strategies for providing access for servicing lighting, mechanical systems and for cleaning of exterior and interior surfaces
- d. Prevention of hard-to-reach and hard-to-access maintenance situations and the appropriate approach to dealing with them when they are not preventable
- e. Requirements for access to areas that require scaffolding, lifts, and/or anchor points etc. for servicing
- f. Maintenance access requirements and minimum clearances around equipment for all proposed systems
- g. Preferred layouts or concepts for typical service rooms (mechanical, electrical, janitors, server, recycling etc.)
- h. Best practices for including above requirements at the appropriate stage of design and maintaining them through the development of the contract documents.
- i. Commissioning Requirements for Buildings and Systems and expected best practice deliverables

3.5 **Under Division 1**, General Requirements, the document will provide guidance on the owner’s requirements for multi-partner buildings including appropriate levels of separation of services and operations.

3.6 **Under Division 22**, 

- a. Subjects will be addressed by experienced and knowledgeable experts who can provide additional insight and best practice expertise (see also successful proponent qualifications).
- b. The document shall be written in clear simple language so that it is easy to read and understand without specialized expertise.
- c. Ownership of the deliverables is as indicated in the attached Form of Agreement.
4.0 INFORMATION GATHERING

4.1 Input into the REFM FSM is expected to be collected through a series of structured interviews with key REFM staff, corresponding to their areas of expertise and the Master Specification divisions. Anticipate no more than two interviews per division, noting however that some divisions will overlap and may be combined.

4.2 The City’s Project Manager will identify appropriate City personnel, coordinate meetings, and ensure appropriate staff is available for meetings within reasonable notice.

4.3 In preparation for the interviews the consultant team will prepare detailed topic lists so that discussion can be complete and focused.

4.4 In addition to the FMO’s input, the consultant team will make recommendations, based on their experience of best practices and on comparable guidelines and standards from other major public building owners, for items that should also be included. Such recommendations shall be supported with rationale and examples, presented to the REFM team, and adopted into the document if supported.

5.0 FORMAT OF DOCUMENT

5.1 The REFM FSM will be structured as indicated in 3.A.3, c/w an executive summary and a table of contents.

5.2 The document will be developed as a Microsoft Word and/or Excel document, and will carry a background column, layer, or commentary listing the reason or rationale for each requirement. This background is to be hidden in the published document but will be available for reference to staff who will maintain the document.

5.3 The successful proponents’ project lead will act as the primary contact for the City’s Project Manager and will coordinate the work and ensure consistent quality, style and format throughout the document.

5.4 The final document will be provided to the City in editable format in both Microsoft and/or Word/Excel, and Searchable PDF format.

6.0 REVIEW OF CITY GUIDELINES

6.1 Once the REFM FSM has been received and approved by the City, the consultant team will review the existing technical and design guidelines created or referenced by REFM (included as Appendix B to this documents) and provide recommendations on how to align these with the FSM, including:

   a. Listing of and comment on the items included in the guidelines that are different than the FSM
   b. Listing of and comment on the items included in the FSM that are not included in the guidelines
   c. Recommendations on how best to align incorporate and/or cross-reference the two sets of documents for optimal synergy while maintaining ability for updating.
7.0 POSSIBLE UPDATE OF CITY GUIDELINES

7.1 Subject to further approval, upon completion of the manual and the guidelines review, the City may ask the consultant team to update some of REFM’s existing design and technical guidelines and to create one similar additional guideline document. The fee for this additional scope, if required, will be negotiated on a basis consistent with the consultant team’s initial fee submission.

8.0 DELIVERABLES

8.1 Draft REFM FSM, 2nd & 3rd Iterations with feedback implemented (allow for up to three reviews and revisions of the initial document by FMO and FPD stakeholders)
8.2 Final REFM FSM
8.3 Commentary and recommendations on existing design and technical guidelines listed in Appendix B with relevant source documents provided and included for REFM.

Any attempt to assign this Agreement without such consent will be void and of no effect. However, the Consultant will be permitted to assign this Agreement to any entity into, by or with which the business or assets of the Consultant have been merged, acquired, consolidated or re-organized, or any entity which purchases all or substantially all of the business or assets of the Consultant, provided always that the Consultant first provides the City with:

(a) reasonable particulars of the transaction (permitting the City to independently verify the nature of the transaction); and

(b) a legally enforceable covenant from the new entity confirming that it is legally bound to the City to perform this Agreement.

15.0 CONFIDENTIALITY

15.1 In the course of or for the purpose of performing the Services, the Consultant will obtain or have access to information, including but not limited to technical information, financial information and business information, which is confidential to the City, and is the exclusive, world-wide property of
the City and/or its suppliers and customers (collectively “Confidential Information”). Excluded from the definition of Confidential Information is:

15.2 The Consultant will not use or reproduce the Confidential Information other than as reasonably required for the performance of the Services under this Agreement. The Consultant will not, without the prior written consent of the City given on such terms and conditions as it prescribes in its sole discretion, disclose or allow access to the Confidential Information to any person, except to only those of its own employees who have a need to know the Confidential Information solely for the provision of the Services, and who have been advised of its confidential nature and have agreed to be bound by the confidentiality and use-restriction provisions in this Section 15.0. The Consultant will take all reasonable precautions against the Confidential Information being used by or disclosed to any unauthorized person.

15.3 If the Consultant is required by any law, legal proceeding, or court or government order, to disclose any Confidential Information, the Consultant shall limit its disclosure of such Confidential Information to the extent and purpose legally required, provided that prior to any disclosure the Consultant will promptly notify the City in writing of the existence and the terms, and conditions of the required disclosure and, at the City’s request and expense, co-operate in obtaining a protective order or other assurance that confidential treatment and restrictions on use will be accorded such Confidential Information.

15.4 The City is subject to the Freedom of Information and Protection of Privacy Act (British Columbia), which imposes significant obligations on the City’s contractors to protect all personal information acquired from the City in the course of providing services to the City. The Consultant confirms and acknowledges its obligations to comply with all obligations imposed on it pursuant to the Freedom of Information and Protection of Privacy Act (British Columbia) with respect to all personal information received from the City whether as part of the Confidential Information or otherwise.

15.5 The Consultant acknowledges that in the event of a breach by the Consultant or any of its employees of their respective confidentiality obligations pursuant to this Section 15.0, damages alone would not be an adequate remedy. The Consultant therefore agrees with the City that, in addition to and without limiting any other right or remedy it may have, the City will have the right to an immediate injunction or other available equitable relief in any court of competent jurisdiction enjoining any threatened or actual breach of such obligations.

15.6 The Consultant shall return all copies of the Confidential Information to the City, in all tangible forms and media, and delete all Confidential Information resident in any databases or systems, upon the earliest of the following dates:

15.7 This Section 15.0 shall survive the expiration or earlier termination of this Agreement.

16.0 NO PROMOTION OF RELATIONSHIP

16.1 The Consultant will not disclose or promote its relationship with the City, including by means of any verbal declarations, announcements, sales, marketing or other literature, letters, client lists, websites, internet domain names, press releases, brochures or other written materials (the “Communications”) without the express prior written consent of the City (except as may be necessary for the Consultant to perform its obligations under this Agreement).

16.2 Furthermore, the Consultant undertakes and will cause all of its Sub-contractors to undertake not to disclose or promote its relationship with the City in any Communications in a manner which could suggest or create an association, express or implied, between the Consultant and the City. Without limiting the generality of the foregoing, the Consultant will not refer to or use any website, domain name, official emblem, logo or mascot of the City of Vancouver in any Communications, without the express prior written consent of the City.

17.0 DELIVERABLES

(b) information and data;
(c) reports, drawings, plans, designs, depictions, specifications and other documentation; and

(collectively, the “Deliverables”).

17.2 Deliverables are deemed not to include:

(a) any item not required to be produced by the Consultant or supplied to the City as part of or together with the Services, provided that if the City has paid or is liable to pay for any portion of such item’s creation, production, acquisition or collection then such item shall be deemed to be a Deliverable;

(c) any item which pre-existed the effective date of this Agreement, that is owned by a third party or that is used by the Consultant as part of the services provided to any of its other customers (the “Pre-Existing Materials”).
17.3 All Deliverables will be owned solely by the City unless otherwise expressly provided herein. The City shall have the complete and unfettered right to use and deal with the Deliverables for its own benefit in any way it sees fit without limitation, and without accounting in any way to the Consultant.

17.4 The Consultant will keep accurate records and provide regular reports to the City about the Deliverables as they are created or acquired, and grant to the City access to the Deliverables at all times on reasonable notice. The Consultant will treat each Deliverable as subject to the confidentiality provisions set out in Section 15.0 unless advised otherwise by the City.

17.5 Each Deliverable, as to the whole or that portion of the Deliverable then existing, will be delivered by the Consultant to the City on the earliest of each of the following events:

(a) the date specified in this Agreement for the delivery of such Deliverable;

(b) immediately on the date of expiration or sooner termination of this Agreement; or

(c) the date specified by written notice of the City requesting delivery of all or any part of the Deliverable.

17.6 The Consultant transfers to the City, free of all liens and encumbrances, ownership of each Deliverable, and assigns all of its world-wide present and future rights, title and interest in and to each Deliverable, including copyright, effective as of the date of creation or acquisition of such Deliverable by the Consultant. The Consultant irrevocably waives, in favour of the City, all moral rights in the Deliverables. The Consultant will obtain from its employees and any independent contractors, all required assignments and releases of intellectual property, and waivers of moral rights, in the Deliverables. The Consultant will not assert any rights to or interests in, or apply for or register any copyright or other rights or interests in, the Deliverables, or assist any other person in doing so. The Consultant shall provide to the City, during and after the term of this Agreement, any reasonable assistance required for the City to obtain, perfect and enforce its ownership of and rights in the Deliverables, including without limitation execution of assignments and transfers of the Deliverables. This Section does not apply to Pre-Existing Materials.

17.7 The Consultant will not incorporate any Pre-Existing Materials in any Deliverable without first:

(a) advising the City, in writing, of the nature of the Pre-Existing Materials and their proposed use and obtaining the City’s written consent to do so;

(b) acquiring from each third-party owner of such Pre-Existing Materials, a fully paid-up, perpetual, non-exclusive license, in writing, for the City to use the Pre-Existing Materials as part of the Deliverable; and

(c) granting, in writing, to the City with respect to such Pre-Existing Materials that the Consultant owns, a fully paid-up, perpetual, non-exclusive license to use the Pre-Existing Materials as part of the Deliverable.

17.8 The Consultant represents and warrants that the Deliverables will not infringe, misappropriate or misuse any copyright, patent, trade-mark, trade secret, or confidential or proprietary information of a third party. The Consultant shall defend, indemnify and hold the City harmless from and against any and all damage, liability, cost and expense incurred by the City in connection with any claim by a third party that a Deliverable infringed, misappropriated or misused its copyright, patent, trade-mark, trade secret, or confidential or proprietary information.
18.0 NOTICES

19.0 NO CONFLICT OF INTEREST

19.1 The Consultant agrees that during the Term the Consultant will not engage in any conduct which would or might put the interests of the City into conflict with the interests of any other person, whether or not a client of the Consultant’s. Without limiting the general scope of this Section 19.1 and by way of example only, the Consultant is prohibited from and will not provide any services which assist or could be seen to be assisting any person in responding to a request for proposal or invitation to tender, or otherwise giving that person an unfair competitive advantage over other proponents or tenderers responding to a request for proposal or invitation to tender by the City. The Consultant now acknowledges that a breach of this Section 19.1 could constitute not only a breach of this Agreement but also a violation of the Competition Act (Canada) and Criminal Code of Canada, and accordingly, could be punishable as a crime (as well as a breach of contract).

20.0 NON-RESIDENT WITHHOLDING TAX

20.1 If the Consultant is a non-resident of Canada as defined in Canadian income tax legislation, the City may withhold from all monies payable under this Agreement such amounts as set out in Canadian income tax legislation, unless a Canada Revenue Agency waiver has been provided to the City within the time limit required under the Canada Revenue Agency administrative guidelines as in effect from time to time and, in any event, prior to payment of an invoiced amount.

20.2 The City shall receive full credit under this Agreement for monies withheld as of and from the date of the withholding and no interest will be payable by the City on sums withheld and later paid directly to the Consultant.

20.3 The Consultant shall indemnify the City for any losses, damages or expenses incurred by the City as a result of the Consultant’s failure to properly disclose to the City its non-resident status, as defined in Canadian income tax legislation.

25.1 Time of the Essence. Time shall be of the essence of this Agreement.

25.2 Unavoidable Delay. Notwithstanding Section 25.1, except for the performance of obligations to pay money, the time periods for the City and the Consultant to perform under this Agreement will be extended for periods of time during which their performance is delayed or prevented due to an Unavoidable Delay. For the purposes of this Section, an “Unavoidable Delay” means any circumstances beyond the reasonable control of the party trying to perform (such as, for example, acts of God, war or other strife or governmental action) but expressly excludes any and all delays caused by the Consultant’s lack of financial resources; the Consultant’s insolvency; strikes, lockouts or other withdrawals of services arising out of any labour dispute involving the City, the Consultant or a Sub-contractor; or governmental action taken in the enforcement of any law specifically against the Consultant or its Sub-Consultants. If an Unavoidable Delay occurs, the non-performing party will, as soon as possible after the occurrence of the Unavoidable Delay, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of its obligations under this Agreement.

26.0 GENERAL

26.1 No Waiver. No action or failure to act by the City shall constitute a waiver of any right or duty under this Agreement, or constitute an approval or acquiescence in any breach hereunder, except as may be specifically agreed in writing by the City.
26.2 **Severability.** The invalidity, illegality or unenforceability of any portion or provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void portion or provision shall be deemed severed from this Agreement and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void. The Parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken position.

26.3 **Remedies Cumulative.** The remedies of the Parties provided for in this Agreement are cumulative and are in addition to any remedies available to the Parties at law or in equity. No remedy will be deemed to exclude or restrict the right of a Party to any other remedies against the other Party and a Party may from time to time have recourse to one or more of the remedies specified in this Agreement or at law notwithstanding the termination of this Agreement.

26.4 **Further Assurances.** Each Party shall execute such further and other documents and instruments and do such further and other acts as may be necessary to implement and carry out the provisions and intent of this Agreement.

This Agreement may be executed by the Parties electronically or by facsimile and if so executed and transmitted, this Agreement will be for all purposes as effective as if the Parties had delivered an executed original Agreement.

As evidence of their agreement to be bound by the above contract terms, the City and the Consultant each have executed this Agreement as of the day and year first above written.

[Review with Risk Management.]

A1.1 Required Types/Amounts Prior to commencing the Services, the Consultant will obtain at its own expense:

(a) a professional (errors and omissions) liability insurance policy with limits of not less than $1,000,000 per claim and not less than $1,000,000 in aggregate and a deductible of not more than $50,000, protecting the Consultant against all claims for loss or damage arising out of any error or omission of the Consultant or the Consultant’s personnel in the performance of the Services; and

(b) a commercial general liability insurance policy with a limit of not less than $5,000,000 per occurrence, and a deductible of not more than $5,000, protecting the Consultant and the Consultant’s personnel against all claims for personal injury, including death and bodily injury, and property damage or loss, arising out of the operations of the Consultant or the actions of the Consultant or the Consultant’s personnel. The policy must contain a cross-liability clause in favour of the City and will name the City and the City’s officials, employees and agents as additional insureds.

A1.2 Required Policy Terms

All required insurance policies must remain in full force and effect at all times until completion of the Services or earlier cancellation of this Agreement, and for a period of not less than two years thereafter, and must:

(a) be obtained from and issued by insurers authorized to carry on business within British Columbia, on terms satisfactory to the City’s Director of Risk Management, acting reasonably;

(b) be primary insurance in respect to the City, and any insurance or self-insurance maintained by the City will be in excess of this insurance and will not contribute with such policies; and

(c) contain a provision that such insurance coverage will not be cancelled without the insurer giving the City at least 30 calendar days’ prior written notice [NTD: If duration of contract should be more than one year, then this should be changed to 60 calendar days.],

and, for any property insurance carried by the Consultant, contain a clause that waives the insurer’s right of subrogation against the City and the City’s officials, employees and agents.

A1.3 Insurance Certificate

Prior to signing, and immediately following the signature of, this Agreement, the Consultant shall have provided, or shall provide, the City’s Project Manager with evidence of all required insurance to be taken out in the form of one or more certificate(s) of insurance. The certificate(s) of insurance will identify the Agreement title, number, policyholder and scope of work and must not contain any qualifications or disclaimers. Proof of insurance, in the form of such certificate(s) of insurance (or copies of the policy(ies) themselves, if requested), will be made available to the
City’s Project Manager at any time during the performance of the Services immediately upon request.

A1.4 Sub-Contractors’ Insurance

The Consultant will provide in its agreements with its Sub-contractors insurance clauses in the same form as in this Agreement. Upon request, the Consultant will deposit with the City’s Project Manager detailed certificates of insurance for the policies of its Sub-contractors (or copies of the policy(ies) themselves, if requested) and a copy of the applicable insurance clauses from its Sub-contractor agreements.

A1.5 Insurance Requirements Additional to any other Requirements

The Consultant and each of its Sub-contractors will provide, at its own cost, any additional insurance which it is required by law to provide or which it considers necessary.

A1.6 Insurance Requirements Independent of Agreement Obligations

Neither the providing of insurance by the Consultant or the Sub-contractors in accordance with this Agreement, nor the insolvency, bankruptcy or the failure of any insurance company to pay any claim accruing, will be held to relieve the Consultant from any other provisions of this Agreement with respect to liability of the Consultant or otherwise.
