REQUEST FOR PROPOSALS "RFP" NO. PS20190338
CONSTRUCTION SERVICES FOR CURB RAMP PROGRAM

QUESTIONS AND ANSWERS NO. 3

ISSUED ON OCTOBER 30, 2019

Q1	We are bidding the COV Curb ramp program and are considering self-performing the asphalt patching. Does the COV sell hot mix asphalt from their asphalt plant to the private sector and if so can you forward contact information.
A1	**Hot mix asphalt will not be made available from the asphalt plant out of Kent Yards. The expectation is that the contractor procures asphalt externally. An asphalt mix design will need to be submitted at the beginning of the project for approval.**
