PART A - INFORMATION AND INSTRUCTIONS

1.0 THE RFP

1.1 This Request for Proposals (the “RFP”) provides an opportunity to submit proposals for review by the City and, depending on the City’s evaluation of proposals, among other factors, to potentially negotiate with the City to enter into a contract. EXCEPT WHERE EXPRESSLY STATED OTHERWISE IN APPENDIX 1 TO PART C OF THE RFP: (I) NO PART OF THE RFP CONSISTS OF AN OFFER BY THE CITY TO ENTER INTO ANY CONTRACTUAL RELATIONSHIP; AND (II) NO PART OF THE RFP IS LEGALLY BINDING ON THE CITY.

1.2 The RFP concerns the City’s interest in procuring professional services to undertake a series of inspections of sewer outfalls and other associated sewer infrastructure for planned work. Details of the City’s objectives and requirements to which the RFP relates are set out in Part B of the RFP. The City welcomes proposals that are responsive to this RFP (“Proposals”) respecting innovative or novel approaches to the City’s objectives and requirements.

1.3 The City is interested in selecting an entity, which is not, by the terms hereof, barred from submitting a Proposal, and which does submit a Proposal (each such entity, a “Proponent”) with the capability and experience to efficiently and cost-effectively meet the objectives and requirements described in the RFP. The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of a contract between the Proponent and the City (such a contract, an “Agreement”). However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.

1.4 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City’s sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8 below, among others.

1.5 NO BID SECURITY IS REQUIRED FROM PROPONENTS IN CONNECTION WITH THE SUBMISSION OF PROPOSALS BECAUSE NO PROPOSAL WILL BE DEEMED TO BE AN IRREVOCABLE OR OTHERWISE BINDING LEGAL OFFER BY A PROPONENT TO THE CITY. THE LEGAL OBLIGATIONS OF A PROPONENT THAT WILL ARISE UPON THE SUBMISSION OF ITS PROPOSAL WILL BE LIMITED TO THE TERMS AND CONDITIONS STATED UNDER THE HEADING “LEGAL TERMS & CONDITIONS” IN APPENDIX 1 TO THE FORM OF PROPOSAL.

1.6 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.

1.7 The RFP consists of four parts, plus appendices:

(a) PART A - INFORMATION AND INSTRUCTIONS: This part is intended to serve as a guide to the RFP process for Proponents.

(b) PART B - CITY REQUIREMENTS: This part describes the subject matter of the RFP, in respect of which the City invites Proposals.

(c) PART C - FORM OF PROPOSAL: This is the form in which the Proposal should be submitted.
(d) **PART D - FORM OF AGREEMENT:** This part contains a model Agreement (the “Form of Agreement”). Any Agreement resulting from the RFP is expected to be substantially in the form of the Form of Agreement.

2.0 **KEY DATES**

2.1 Potential Proponents should note the following key dates:

<table>
<thead>
<tr>
<th>Event</th>
<th>Time and Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Deadline for Enquiries</td>
<td>3:00 pm on May 8, 2019</td>
</tr>
<tr>
<td>Closing Time</td>
<td>3:00 pm on May 15, 2019</td>
</tr>
</tbody>
</table>

2.2 All references to time in the RFP are references to the time in the City of Vancouver, as indicated in the electronic timestamp the Proposal receives upon delivery to the email address specified herein, which is in turn synchronized to Network Time Protocol (NTP) provided by the National Research Council of Canada adjusted to local Pacific Time Zone.

3.0 **CONTACT PERSON**

3.1 All enquiries regarding the RFP must be addressed to:

Jing Fan  
**Jing.fan@vancouver.ca**

3.2 All enquiries must be made in writing. In-person or telephone enquiries are not permitted.

3.3 **IF A POTENTIAL PROponent BELIEVES THAT THE CITY MAY BE UNABLE TO SELECT IT DUE TO A CONFLICT OF INTEREST, BUT IS UNCERTAIN ABOUT THIS, THE POTENTIAL PROponent IS URGED TO CONTACT THE ABOVE-MENTIONED INDIVIDUAL AS SOON AS POSSIBLE WITH THE RELEVANT INFORMATION SO THAT THE CITY MAY ADVISE THE POTENTIAL PROponent REGARDING THE MATTER.**

4.0 **SUBMISSION OF PROPOSALS**

4.1 Proponents should submit their Proposals on or before the time and date specified in the bottom row of the table in Section 2.1 above (the “Closing Time”).

4.2 Each Proponent should submit its Proposal by email in accordance with the following:

- Subject of the file to be: PS# - Title - Vendor name.
- Document format for submissions:
  - RFP Part C in PDF format - 1 combined PDF file,
  - Appendix 3 (pricing tab) in Excel format, and;
  - Any other attachments if necessary
- Zip the files to reduce the size or email separately if needed.
- Send your submissions to **Bids@vancouver.ca**; do not deliver a physical copy to the City of Vancouver.
If you did not receive an automated email within few minutes, check your junk folder first, and then contact Purchasing@vancouver.ca.

Submitting the files via Drop box, Fax, FTP, or similar programs, is not acceptable.

4.3 To be considered by the City, a Proposal must be submitted in the form set out in Part C (the “Form of Proposal”), completed and duly executed by the relevant Proponent.

4.4 Amendments to a Proposal may be submitted via the same methods, at any time prior to the Closing Time.

4.5 Proposals are revocable and may be withdrawn at any time before or after the Closing Time.

4.6 All costs associated with the preparation and submission of a Proposal, including any costs incurred by a Proponent after the Closing Time, will be borne solely by the Proponent.

4.7 Unnecessarily elaborate Proposals are discouraged. Proposals should be limited to the items specified in Part C of the RFP.

4.8 The City is willing to consider any Proposal from two or more Proponents that wish to form a consortium solely for the purpose of submitting a joint Proposal in response to the RFP, provided that they disclose the names of all members of the consortium and all members complete and sign the first page of the Form of Proposal. Nonetheless, the City has a strong preference for Proposals submitted by a single Proponent, including a Proponent that would act as a general contractor and use subcontractors as required.

4.9 Proposals that are submitted after the Closing Time or that otherwise do not comply in full with the terms hereof may or may not be considered by the City and may or may not be returned to the Proponent, in the City’s sole discretion.

5.0 CHANGES TO THE RFP AND FURTHER INFORMATION

5.1 The City may amend the RFP or make additions to it at any time.

5.2 It is the sole responsibility of Proponents to check the City’s website at: http://vancouver.ca/doing-business/open-bids.aspx regularly for amendments, addenda, and questions and answers in relation to the RFP.

5.3 Proponents must not rely on any information purported to be given on behalf of the City that contradicts the RFP, as amended or supplemented in accordance with the foregoing Section 5.2.

6.0 PROPOSED TERM OF ENGAGEMENT

6.1 The term of any Agreement is expected to be a one-year period, with two possible one-year extensions, for a maximum total term of three years.

7.0 PRICING

7.1 All prices quoted in any Proposal are to be exclusive of applicable sales taxes calculated upon such prices, but inclusive of all other costs.

7.2 Prices must be quoted in Canadian currency and fixed prices must be quoted for the full term of the Proponent’s proposed agreement.
8.0 EVALUATION OF PROPOSALS

8.1 The City may open or decline to open Proposals in such manner and at such times and places as are determined by the City.

8.2 The City currently intends that all Proposals submitted to it in accordance with the RFP will be evaluated by City representatives, using quantitative and qualitative tools and assessments, as appropriate, to determine which Proposal or Proposals offer the overall best value to the City. In so doing, the City expects to examine not only financial terms, but also:

   a) Proponents’ (and sub-consultants’, if applicable) qualifications, knowledge, expertise, and proven direct experience in delivering similar types of projects requiring: Inspection of sewer outfalls around the Fraser River, Burrard Inlet, English Bay, False Creek, and Coal Harbour using various inspection techniques and technologies; project management; managing local conditions (e.g. weather, tidal fluctuations, currents, wind, visibility underwater). Provide relevant corporate expertise, experience, references on projects of similar size, scope and nature to the work described in Part B - City Requirements

   b) Proponents’ proposed project structure of the inspection team, indicating how activities will be managed and identified staff responsible for each activity; Key Personnel’s expertise and knowledge; provide evidence of relevant experience of the proposed project staff on projects of similar size, scope and nature of the work described in Part B - City Requirements.

   c) Proponents’ proposed methodology and project work plan, including demonstrating a comprehensive, effective, and implementable approach to completing key tasks and deliverables according to the City’s anticipated scope of work and timeline as outlined in Part B;

Certain other factors may be mentioned in Part B or elsewhere in the RFP.

8.3 The City will retain complete control over the RFP process at all times until the execution and delivery of an Agreement or Agreements, if any. The City is not legally obligated to review, consider or evaluate Proposals, or any particular Proposal, and need not necessarily review, consider or evaluate Proposals, or any particular Proposal in accordance with the procedures set out in the RFP. The City may continue, interrupt, cease or modify its review, evaluation and negotiation process in respect of any or all Proposals at any time without further explanation or notification to any Proponents.

8.4 The City may, at any time prior to signing an Agreement, discuss or negotiate changes to the scope of the RFP with any one or more of the Proponents without having any duty or obligation to advise the other Proponents or to allow the other Proponents to vary their Proposals as a result of such discussions or negotiations.
8.5 The City may elect to short-list Proponents and evaluate Proposals in stages. Short-listed Proponents may be asked to provide additional information or details for clarification, including by attending interviews, making presentations, supplying samples, performing demonstrations, furnishing technical data or proposing amendments to the Form of Agreement. The City will be at liberty to negotiate in parallel with one or more short-listed Proponents, or in sequence, or in any combination, and may at any time terminate any or all negotiations.

8.6 The City may also require that any proposed subcontractors undergo evaluation by the City.

8.7 For the avoidance of doubt, notwithstanding any other provision in the RFP, the City has in its sole discretion, the unfettered right to: (a) accept any Proposal; (b) reject any Proposal; (c) reject all Proposals; (d) accept a Proposal which is not the lowest-price proposal; (e) accept a Proposal that deviates from the Requirements or the conditions specified in the RFP; (f) reject a Proposal even if it is the only Proposal received by the City; (g) accept all or any part of a Proposal; (h) split the Requirements between one or more Proponents; and (i) enter into one or more agreements respecting the subject matter of the RFP with any entity or entities at any time. Without limiting the foregoing, the City may reject any Proposal by a Proponent that has a conflict of interest, has engaged in collusion with another Proponent or has otherwise attempted to influence the outcome of the RFP other than through the submission of its Proposal.

9.0 CITY POLICIES

9.1 The City’s Procurement Policy, Ethical Purchasing Policy and related Supplier Code of Conduct found at http://vancouver.ca/doing-business/selling-to-and-buying-from-the-city.aspx align the City’s approach to procurement with its corporate social, environmental and economic sustainability values and goals. They evidence the City’s commitment to maximize benefits to the environment and the community through product and service selection, and to ensure safe and healthy workplaces, where human and civil rights are respected. Each Proponent is expected to adhere to the supplier performance standards set forth in the Supplier Code of Conduct. The Ethical Purchasing Policy shall be referred to in the evaluation of Proposals, to the extent applicable.

10.0 LIVING WAGE EMPLOYER Intentionally deleted

11.0 CERTAIN APPLICABLE LEGISLATION

11.1 Proponents should note that the City of Vancouver is subject to the Freedom of Information and Protection of Privacy Act (British Columbia), which imposes significant obligations on the City’s consultants or contractors to protect all personal information acquired from the City in the course of providing any service to the City.

11.2 Proponents should note that the Income Tax Act (Canada) requires that certain payments to non-residents be subject to tax withholding. Proponents are responsible for informing themselves regarding the requirements of the Income Tax Act (Canada), including the requirements to qualify for any available exemptions from withholding.

12.0 LEGAL TERMS AND CONDITIONS

12.1 The legal obligations of a Proponent that will arise upon the submission of its Proposal are stated in this Appendix 1 to the Form of Proposal. Except where expressly stated in these Legal Terms and Conditions: (i) no part of the RFP consists of an offer by the City to enter into any contractual relationship; and (ii) no part of the RFP is legally binding on the City.
POTENTIAL PROPONETS MUST REVIEW THESE LEGAL TERMS AND CONDITIONS CAREFULLY BEFORE SUBMITTING A PROPOSAL.
PART B - CITY REQUIREMENTS

The requirements stated in this Part B (collectively, the “Requirements”) are current as of the date hereof, but they may change or be refined in the course of the evaluation of Proposals or otherwise.

1.0 REQUIREMENTS AND SPECIFICATIONS

1.1 BACKGROUND

The City of Vancouver Sewer Utility provides sanitary and drainage services by collecting and conveying sanitary sewage to the Iona Wastewater Treatment Plant, and stormwater run-off to the surrounding water bodies. The City owns, operates and maintains approximately sixty-one (61) outfall structures discharging to the Fraser River, Burrard Inlet, English Bay, False Creek, and Coal Harbour.

As part of the Section 102 of the BC Municipal Wastewater Regulations there is a requirement that a discharger must have each outfall associated with a discharge inspected by a qualified person once every 5 years, including an examination of the entire length of the pipe and diffuser for leaks, breaks, and blockages.

The objective of this project is to determine the condition of our sewer outfalls, clear sediment and marine growth that can be removed easily, and provide recommendations and cost estimates for further remedial work required.

1.2 SCOPE OF WORK

The Sewer Design Branch would like to invite proponents to submit proposals to conduct a series of inspection of outfalls, and other associated sewer infrastructure for planned work and on an “as, if and when” needed basis upon the branch’s request(s).

The scope of work required includes:

1. Review of past reports, surveys, record drawings and other background information;

2. Perform initial site inspection to determine inspection methodology based on site characteristics;

3. Exposing of external outfall piping or removing sediments and marine growth that is blocking discharge points (outlets and diffusers) using hand tools, if required;

4. Conduct detailed inspection of the exterior (external) and/or interior (internal) sewer infrastructures, as specified by the City;

5. Capturing the physical characteristics of the outfall structures, including but not limited to:
   a) Dimensions (pipe size);
   b) Type (material, shape),
   c) GPS Coordinates,
   d) Submerged state,
   e) Photo’s
   f) Description, etc.

6. Provide condition data using a grading system approved by the City (NASSCO PACP v7.0.2 Condition Grading System)
7. Review and analyze the inspection results and provide practical recommendations for remedial work; and

8. Provide cost estimates corresponding to the recommendations

The following outfall structures, classified to be at a high and medium risk, will form part of this initial inspection program:

1.3 TECHNICAL REQUIREMENTS

1.3.1 General

1. For each inspection the Contractor shall produce the following:

- Copies of the inspection report in PDF format;
- Copies of the inspection videos with sound in MPEG-4 (or better) file format;
- Copies of the photos from the sewer video inspection in JPEG format;
- Copies of the images from the profiler sonar inspection in JPED format.

2. At the conclusion of the yearly inspection program, the Contractor shall produce an electronic and two (2) bounded copies of a report summarizing the inspections conducted for the year, including an up-to-date, tabulated inspection summary spreadsheet in MS Excel and PDF format.

3. The inspection videos, reports, and photos can be submitted on a USB drive or through a file transfer website through the Internet.

4. If the electronic files are submitted on USB drives, a separate USB drive shall be used for each outfall or infrastructure inspected. The drives must be labelled with the outfall name, date of inspection and the USB number supplied by the City.

1.3.2 File Naming Conventions

1. Reports, Videos and databases

- The file naming convention is the same when naming a report or video. Only the file extension varies, depending on the type of media being named (pdf, mpg, mdb).
- Each file must use the following naming convention:

  “Outfall”-Inspection Number-Main Asset ID-Direction of Inspection-Inspection Date-Inspection Status.file extension

  Example 1 — full run:

  Dunbar Street Outfall--33576-__FJBV2B-D-2019-03-07.pdf

  Example 2 — partial run:

  Dunbar Street Outfall-33576-__FJBV2B-D-2019-03-07-P1.pdf

  Note: any given pipe run may be composed of a single full run or various combinations of partial runs where a change in survey direction is required.

- Pipe runs with an unplotted manhole or structure

  In order to create a unique Main Asset ID number when an extra manhole, cleanout features, or structures are found in the field, add a suffix of XXX after the original Asset ID number. The XXX Asset ID suffix is not used when no extra features are found.

  Example 3 — pipe run with an unplotted manhole or structure:
2. Photographs and sonar images

- There are slight variations in the naming conventions depending on whether it is a defect or observation photograph/sonar, manhole/structure photograph/sonar, or site photograph.

- The file name for the defect/observation and manhole/structure photograph/sonar shall contain an image reference number which matches the image reference number in the corresponding Inspection Form Details.

Example 4 — defect or observation photograph:

### 1.3.3 Inspection Video

1. The Contractor shall provide separate videos for each outfall or sewer infrastructure, complete with audio commentary by the diver highlighting any defects or concerning areas. All events and defects encountered in the sewer, including manholes, risers, diffusers, discharge outlet openings and direction changes, shall be audibly voice labelled.

2. External inspection video to display the date and time of inspection, the name of the pipe being inspected and the inspection start and end location.

3. External inspection shall include the interface between the pipes and the pipe bed, including a detailed view of the pipe exterior, pipe contact with the pipe bed and the bedding in the immediate vicinity. This is required to verify if the pipe structural support on the pipe bed is adequate.

4. External inspection shall inspect all manholes, risers, diffusers, and discharge outlet openings and report any defects, including but not limited to blockages, sediment accumulation, effects of scour, separating joints, damage and any signs of significant wear or deterioration.

5. Internal inspection videos to display the date and time of inspection, distance (payout) of inspection, the start and end locations (chainage) based on record drawings or inferred chainages, the name of pipe being inspected and the inspection speed.

6. Internal inspection shall report any defects, including, but not limited to, blockages, sediment accumulation, effects of scour, separating joints, damage and any signs of significant wear or deterioration.

7. For internal inspection, the Contractor shall stop the camera, pan, and tilt through 180 degrees at all noted features and defects in pipe. Where there are no features noted, the camera shall stop, pan, and tilt at pipe joints and at intervals of no more than ten (10) metres.

8. Video inspections with significant unclear sections at the City’s sole discretion will be not accepted. Videos not acceptable to the City must be repeated at the Contractor’s sole cost to the satisfaction of the City.

9. All field measurements shall be made using the metric unit system.

10. The video recording submitted to the City shall be a continuous recording without gaps or skipping of pipe sections.

11. Inspection videos are to be produced in MPEG-4 format (or better) by using a video capture card and software to compress the image and create a MPEG-4 (or better) digital file. The data compression bit rate is to be set at a minimum of six (6) megabits per second.

### 1.3.4 Sonar Inspection

1. Internal inspection shall include a profiling sonar that provides information on the amount of sediment accumulation on the invert of the pipe. The City may review and approve other technologies proposed by the Contractor.

2. For internal inspection, the Contractor shall record at least one profile sonar image of the pipe cross-sectional profile for every ten (10) metre of pipe.
3. External inspection shall include a multi-beam sonar that provides information on the waterbed, including bed elevations, features, fallen risers, etc. The City may review and approve other technologies proposed by the Contractor.

1.3.5 Inspection Reports

1. The Contractor shall submit separate inspection reports for each inspection complete with pictures and descriptions of key observations and findings.

2. Each report shall include pictures, descriptions of key observations, work methodology, condition gradings, and recommendations for remedial works with cost estimates.

3. At least one (1) picture is to be included for each defect found and every feature in the outfall, such as manholes, risers, diffusers, discharge outlet openings and direction changes.

Instructions for Completion

The document must be completed in full. Choices for each entry are:

Y - Yes - the known worksite hazard or existing work process hazard does exist

N - No - the known worksite hazard or existing work process hazard does not exist*

NA - Not Applicable - worksite hazard or existing work process is not applicable for this contract type

TBD - a third party (environmental consultant) will address the issue (usually for a hazardous materials assessment)

*based on reasonable estimation from all input by persons with expertise or relevant knowledge and understanding

Information from Hazardous Materials Assessments Provided by a Third Party

A hazardous materials assessment may be completed prior to the Project Manager completing the Owners List of Known Workplace Hazards. Any such assessment should be referenced by the Project Manager in this document and provided with the tender package. Hazardous materials may include asbestos, lead, crystalline silica, ammonia, PCB’s, CFC’s, moulds, mercury, ozone depleting substances (ODS), radioactive substances.

3.1 Subject to Section 3.2, the Consultant will utilize only the Project Team members noted in the Proposal.

4.3 Where a Sub-contractor is used by the Consultant under this Agreement, the Consultant will legally bind the Sub-contractor to comply with this Agreement.

4.4 Nothing in this Agreement will create any contractual relationship between a Sub-contractor and the City.

5.0 BASIS OF PAYMENT TO THE CONSULTANT

5.1 In consideration of the Services performed by the Consultant to the satisfaction of the City and in strict conformity with the terms hereof, the City will pay the Consultant the fees and reimbursable expenses prescribed herein, plus GST and PST as applicable to the sale made to the City hereunder.

5.2 The fees for the Services are described in this Section 5.0 and in Appendix C of the Agreement. Subject to Section 5.3, payment to the Consultant will be based on hours worked by employees of the Consultant or by the Sub-contractors multiplied by the applicable hourly charge-out rates stated in the Proposal.

5.3 If there are maximum, lump sum or other limiting amounts for fees or disbursements indicated herein for the Services or for portions thereof, then notwithstanding anything to the contrary in this Agreement the maximum fees or disbursements to be paid by the City to the Consultant for the Services or such portions of the Services will not exceed those stated amounts, except as mutually agreed in writing. Any limit on the fees or disbursements to be paid by the City to the Consultant will in no way diminish the duties and obligations of the Consultant to provide the Services covered by this Agreement.

5.4 Notwithstanding anything to the contrary contained in this Agreement, save as otherwise mutually agreed in writing subsequent to the date hereof (or pursuant to Section 6.0), the total professional fees payable to the Consultant for the Services (not including GST AND PST or disbursements) will not exceed $[insert amount].

5.7 Subject to any “Fixed Disbursement Amount” defined herein, or any other limit on disbursements stated herein, the City will reimburse the Consultant for disbursements reasonably incurred by the Consultant in the performance of the Services. Reimbursement of these expenses by the City will be at actual cost without any addition for overhead or profit.

5.8 If the Consultant has engaged Sub-contractors, then the Consultant will make full payment to said Sub-contractors for work performed in relation to the Services.

5.9 The Consultant will, by the 25th day of each month, provide to the City’s Project Manager a draft invoice with an attached detailed account of all charges to be claimed by the Consultant for the preceding month (if any). The City’s Project Manager shall review the draft, raise any concerns with the Consultant within ten working days and, after settlement of any issues (in the City’s Project Manager’s discretion), approve the draft invoice. The Consultant, if so requested, will meet with the City’s Project Manager to expedite and settle of the draft invoice. The Consultant will submit its final invoice, as per the approved draft invoice, to the City of Vancouver, Attention: Accounts Payable, by email to APInvoice@vancouver.ca. The invoice must contain:

(c) the name of the City’s Project Manager;
(d) the invoice number and date;
(e) details of any applicable taxes (with each tax shown separately); and
(f) tax registration number(s).

5.10 If the City does not approve of or wishes to further review, audit or otherwise seek clarification concerning any of the Consultant’s invoices, for whatever reason, the City will not be liable for interest charges in respect of that invoice for the period from the date the invoice is submitted until the date that the invoice is paid, provided however, the City will use reasonable efforts to have the review, audit or clarification resolved within a 60 day period. The City will, if it approves the amount of such invoice, cause the respective invoice to be paid within 30 days of approval by electronic funds transfer to the bank account indicated by the Consultant.

5.11 The Consultant will keep proper accounts and records of all costs and expenditures forming the basis of any billing to the City, including but not limited to hours worked, details of all disbursements and percentage amounts of work completed. The City will be entitled to verify the accuracy and validity of all billings and payments made by auditing and taking extracts from the books and records of the Consultant and by such other means as will be reasonably necessary or advisable.

5.12 The Consultant shall provide bank account information to the City to enable the City to make payments by electronic funds transfer, as contemplated hereby.
6.0  CHANGES TO SCOPE OF SERVICES

6.1  The City’s Project Manager may, from time to time and at any time on prior written notice to the Consultant, vary the scope of Services to be provided by the Consultant. In that case and where this Agreement contains delivery dates and/or limits as to fees or disbursements (or a defined “Maximum Fees and Disbursements”) for all or any part of the Services, such delivery dates and/or limits will be adjusted as agreed to by both Parties in writing, and failing agreement, as reasonably determined by the City’s Project Manager.

6.2  Should the Consultant consider that any request or instruction from the City’s Project Manager constitutes a change in the scope of Services, the Consultant will provide the City’s Project Manager with notice in writing within ten days of such request or instruction. If the Consultant does not deliver written notice to the City within the time period specified, the City will not be obligated to make any payments of additional fees, disbursements or out of pocket expenses to the Consultant.

6.3  The City’s Project Manager will consider the Consultant’s written notice (if any) within a further ten days of receipt of the Consultant’s notice and determine and advise as to whether the request constitutes a change in the scope of the Services and, if necessary, the method by which the variation will be scoped and reimbursed. [If the City determines that the professional fees payable to the Consultant should be increased due to an increase in the scope of the Services then any such increases will be based on the hourly rates set out in Section [insert] of the Proposal.

7.0  RELEASE AND INDEMNIFICATION

7.1  The Consultant now releases the City, its officials, officers, employees and agents from all costs, losses, damages and expenses, including those caused by personal injury, death, property damage, loss and economic loss arising out of, suffered or experienced by the Consultant, its Sub-contractors, and their respective officers, employees and agents in connection with their performance of the Services under this Agreement.

7.2  In undertaking the Services, the Consultant acknowledges that the Consultant has inspected the City’s Site, agrees to accept the City’s Site “as-is” and undertakes to take all precautions necessary to ensure the safety of all persons employed or contracted by the Consultant to perform the Services.

7.3  Despite any insurance coverage of the City, the Consultant hereby agrees to indemnify and save harmless the City of Vancouver and its successors, assigns, official, employees, agents and authorized representatives and each of them (in each case an “Indemnified Party”) from and against all costs, losses, claims, damages, actions, and causes of actions (collectively referred to as ‘Claims’) that an Indemnified Party may sustain, incur, suffer or be put to at any time either before or after the expiration or termination of this Agreement, that arise out of errors, omissions or negligent acts of the Consultant, its Sub-contractors, or their respective officers, employees or agents under this Agreement excepting always that this indemnity does not apply to the extent, if any, to which the Claims are caused by errors, omissions or negligent acts of an Indemnified Party.

7.4  This indemnity will not affect or prejudice the City from exercising any other rights that may be available to it at law or in equity.

7.5  The release and indemnity set out above will survive the expiry or sooner termination of this Agreement.
8.0 INSURANCE

8.1 The Consultant will comply with the insurance requirements set out in Appendix A - Insurance Requirements.

9.0 WORKSAFEBC

9.1 The Consultant agrees that it will procure and carry and pay for, full WorkSafeBC coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this Agreement. The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for such WorkSafeBC coverage against any monies owing by the City to the Consultant. The City will have the right to withhold payment under this Agreement until the WorkSafeBC premiums, assessments or penalties in respect of work done or service performed in fulfilling this Agreement have been paid in full.

9.2 The Consultant will provide the City with the Consultant's and each Sub-contractor's WorkSafeBC registration number and clearance letters from WorkSafeBC confirming that the Consultant and each Sub-contractor are registered in good standing with WorkSafeBC and that all assessments have been paid to the date thereof prior to the City having any obligation to pay monies under this Agreement. The Consultant will indemnify the City and hold harmless the City from all manner of claims, demands, costs, losses, penalties and proceedings arising out of or in any way related to unpaid WorkSafeBC assessments owing from any person or corporation engaged by the Consultant in the performance of this Agreement or arising out of or in any way related to the failure to observe safety rules, regulations and practices of WorkSafeBC, including penalties levied by WorkSafeBC.

9.3 Whenever the Consultant is required or permitted to perform any Services on any City sites, the Consultant is now appointed and now accepts appointment as the “prime contractor” (as defined in the WorkSafeBC regulations) in connection with such Services.

10.0 CITY INFORMATION/APPROVALS

10.1 No reviews, approvals or inspections carried out or information supplied by the City will derogate from the duties and obligations of the Consultant (with respect to designs, reviews, inspections, approvals or otherwise), and all responsibility related to the Services will be and remain with the Consultant. For greater certainty, any information provided by the City to the Consultant, whether under the RFP or under this Agreement, including any studies, reports, plans, drawings, or specifications, is provided to the Consultant for information purposes only and may not be relied upon by the Consultant.

11.0 COMMUNICATION BETWEEN CONSULTANT AND CITY

11.1 The City appoints [insert name] [email address] as the City’s Project Manager for the purposes of this Agreement.

In the event of the revocation in writing of [insert name]'s appointment as the City’s Project Manager by the City, [insert name] will have no further authority under this Agreement, except as may be specifically designated in writing by the City and agreed to in writing by [insert name], and all references to the City’s Project Manager in this Agreement will thereafter be deemed to be a reference to the City or to such other person designated in writing by the City to the Consultant.

The City’s Project Manager may from time to time delegate to a representative the performance of or the authority to perform the duties, responsibilities, rights and obligations
of the City in respect of which the City's Project Manager has been designated and appointed its sole and exclusive agent.

11.2 The Consultant appoints [insert name] [email address] as its representative for the purposes of this Agreement (the “Consultant’s Project Manager”).

11.3 Unless otherwise agreed to in writing by the Parties, all material communication between the Consultant and the City regarding this Agreement, including performance of the Services, will be between the City’s Project Manager and the Consultant’s Project Manager.

12.0 TERM OF AGREEMENT

12.1 This Agreement will commence on the Effective Date and will expire on the completion of the Services, which Services must be completed by [insert date] (the “Term”).

13.0 TERMINATION

13.1 The City at any time, in its sole judgment, may, whether or not cause exists, terminate the services of the Consultant in whole or in part by giving ten days’ prior written notice to the Consultant. If termination is not for cause, the Consultant will be paid for all Services properly performed to the date of the delivery of the said notice (subject to the terms of this Agreement) plus all necessary and reasonable wind-up costs incurred, if any, in closing out the Services or the part terminated.

13.2 Despite Section 13.1, in no event and under no circumstances will the Consultant’s “necessary and reasonable wind-up costs incurred” pursuant to Section 13.1 exceed $1,000 (including all taxes).

14.0 ASSIGNMENT

14.1 The Consultant will not assign this Agreement in whole or in part except with the prior written consent of the City, which consent will not be unreasonably withheld, delayed or conditioned. Any attempt to assign this Agreement without such consent will be void and of no effect. However, the Consultant will be permitted to assign this Agreement to any entity into, by or with which the business or assets of the Consultant have been merged, acquired, consolidated or re-organized, or any entity which purchases all or substantially all of the business or assets of the Consultant, provided always that the Consultant first provides the City with:

(a) reasonable particulars of the transaction (permitting the City to independently verify the nature of the transaction); and

(b) a legally enforceable covenant from the new entity confirming that it is legally bound to the City to perform this Agreement.

15.0 CONFIDENTIALITY

15.1 In the course of or for the purpose of performing the Services, the Consultant will obtain or have access to information, including but not limited to technical information, financial information and business information, which is confidential to the City, and is the exclusive, world-wide property of the City and/or its suppliers and customers (collectively “Confidential Information”). Excluded from the definition of Confidential Information is:

(a) information which is in, or becomes part of, the public domain, not due to the Consultant’s breach of this Agreement or the Consultant’s actions;
15.2 The Consultant will not use or reproduce the Confidential Information other than as reasonably required for the performance of the Services under this Agreement. The Consultant will not, without the prior written consent of the City given on such terms and conditions as it prescribes in its sole discretion, disclose or allow access to the Confidential Information to any person, except to only those of its own employees who have a need to know the Confidential Information solely for the provision of the Services, and who have been advised of its confidential nature and have agreed to be bound by the confidentiality and use-restriction provisions in this Section 15.0. The Consultant will take all reasonable precautions against the Confidential Information being used by or disclosed to any unauthorized person.

15.3 If the Consultant is required by any law, legal proceeding, or court or government order, to disclose any Confidential Information, the Consultant shall limit its disclosure of such Confidential Information to the extent and purpose legally required, provided that prior to any disclosure the Consultant will promptly notify the City in writing of the existence and the terms, and conditions of the required disclosure and, at the City’s request and expense, cooperate in obtaining a protective order or other assurance that confidential treatment and restrictions on use will be accorded such Confidential Information.

15.4 The City is subject to the Freedom of Information and Protection of Privacy Act (British Columbia), which imposes significant obligations on the City’s contractors to protect all personal information acquired from the City in the course of providing services to the City. The Consultant confirms and acknowledges its obligations to comply with all obligations imposed on it pursuant to the Freedom of Information and Protection of Privacy Act (British Columbia) with respect to all personal information received from the City whether as part of the Confidential Information or otherwise.

15.5 The Consultant acknowledges that in the event of a breach by the Consultant or any of its employees of their respective confidentiality obligations pursuant to this Section 15.0, damages alone would not be an adequate remedy. The Consultant therefore agrees with the City that, in addition to and without limiting any other right or remedy it may have, the City will have the right to an immediate injunction or other available equitable relief in any court of competent jurisdiction enjoining any threatened or actual breach of such obligations.

15.6 The Consultant shall return all copies of the Confidential Information to the City, in all tangible forms and media, and delete all Confidential Information resident in any databases or systems, upon the earliest of the following dates:

(a) completion of the Services;

(b) expiration or earlier termination of this Agreement; and

(c) written request of the City for return of the Confidential Information;

provided that the Consultant shall have the right to retain one copy of the Confidential Information solely for archival purposes or as otherwise may be required by law, subject to its ongoing confidentiality and restricted use obligations.

15.7 This Section 15.0 shall survive the expiration or earlier termination of this Agreement.
16.0 NO PROMOTION OF RELATIONSHIP

16.1 The Consultant will not disclose or promote its relationship with the City, including by means of any verbal declarations, announcements, sales, marketing or other literature, letters, client lists, websites, internet domain names, press releases, brochures or other written materials (the “Communications”) without the express prior written consent of the City (except as may be necessary for the Consultant to perform its obligations under this Agreement).

16.2 Furthermore, the Consultant undertakes and will cause all of its Sub-contractors to undertake not to disclose or promote its relationship with the City in any Communications in a manner which could suggest or create an association, express or implied, between the Consultant and the City. Without limiting the generality of the foregoing, the Consultant will not refer to or use any website, domain name, official emblem, logo or mascot of the City of Vancouver in any Communications, without the express prior written consent of the City.

17.0 DELIVERABLES

17.1 As a result of or as part of providing the Services, the Consultant may receive, create, produce, acquire or collect one or more of the following:

(a) products, goods, equipment, supplies, models, prototypes and other materials;

(b) information and data;

(c) reports, drawings, plans, designs, depictions, specifications and other documentation; and

(d) any other items identified in this Agreement as deliverables;

(collectively, the “Deliverables”).

17.2 Deliverables are deemed not to include:

(a) any item not required to be produced by the Consultant or supplied to the City as part of or together with the Services, provided that if the City has paid or is liable to pay for any portion of such item’s creation, production, acquisition or collection then such item shall be deemed to be a Deliverable;

(b) any item produced as a result of the Services, which is specified in this Agreement as being excluded from the Deliverables category; and

(c) any item which pre-existed the effective date of this Agreement, that is owned by a third party or that is used by the Consultant as part of the services provided to any of its other customers (the “Pre-Existing Materials”).

17.3 All Deliverables will be owned solely by the City unless otherwise expressly provided herein. The City shall have the complete and unfettered right to use and deal with the Deliverables for its own benefit in any way it sees fit without limitation, and without accounting in any way to the Consultant.

17.4 The Consultant will keep accurate records and provide regular reports to the City about the Deliverables as they are created or acquired, and grant to the City access to the Deliverables at all times on reasonable notice. The Consultant will treat each Deliverable as subject to the confidentiality provisions set out in Section 15.0 unless advised otherwise by the City.
17.5 Each Deliverable, as to the whole or that portion of the Deliverable then existing, will be delivered by the Consultant to the City on the earliest of each of the following events:

(a) the date specified in this Agreement for the delivery of such Deliverable;

(b) immediately on the date of expiration or sooner termination of this Agreement; or

(c) the date specified by written notice of the City requesting delivery of all or any part of the Deliverable.

17.6 The Consultant transfers to the City, free of all liens and encumbrances, ownership of each Deliverable, and assigns all of its world-wide present and future rights, title and interest in and to each Deliverable, including copyright, effective as of the date of creation or acquisition of such Deliverable by the Consultant. The Consultant irrevocably waives, in favour of the City, all moral rights in the Deliverables. The Consultant will obtain from its employees and any independent contractors, all required assignments and releases of intellectual property, and waivers of moral rights, in the Deliverables. The Consultant will not assert any rights to or interests in, or apply for or register any copyright or other rights or interests in, the Deliverables, or assist any other person in doing so. The Consultant shall provide to the City, during and after the term of this Agreement, any reasonable assistance required for the City to obtain, perfect and enforce its ownership of and rights in the Deliverables, including without limitation execution of assignments and transfers of the Deliverables. This Section does not apply to Pre-Existing Materials.

17.7 The Consultant will not incorporate any Pre-Existing Materials in any Deliverable without first:

(a) advising the City, in writing, of the nature of the Pre-Existing Materials and their proposed use and obtaining the City’s written consent to do so;

(b) acquiring from each third-party owner of such Pre-Existing Materials, a fully paid-up, perpetual, non-exclusive license, in writing, for the City to use the Pre-Existing Materials as part of the Deliverable; and

(c) granting, in writing, to the City with respect to such Pre-Existing Materials that the Consultant owns, a fully paid-up, perpetual, non-exclusive license to use the Pre-Existing Materials as part of the Deliverable.

17.8 The Consultant represents and warrants that the Deliverables will not infringe, misappropriate or misuse any copyright, patent, trade-mark, trade secret, or confidential or proprietary information of a third party. The Consultant shall defend, indemnify and hold the City harmless from and against any and all damage, liability, cost and expense incurred by the City in connection with any claim by a third party that a Deliverable infringed, misappropriated or misused its copyright, patent, trade-mark, trade secret, or confidential or proprietary information.

18.0 NOTICES

18.1 Any notice required or permitted to be given to the Consultant will be sufficiently given if delivered in writing by the City’s Project Manager to the Consultant’s Project Manager personally or, if mailed, by registered mail to the last known address of the Consultant.

18.2 Any notice required or permitted to be given to the City will be sufficiently given if delivered in writing by the Consultant’s Project Manager to the City’s Project Manager personally or, if mailed, by registered mail to City of Vancouver at 453 West 12th Avenue, Vancouver, B.C., V5Y 1V4 (addressed to the attention of the City’s Project Manager).
19.0 NO CONFLICT OF INTEREST

19.1 The Consultant agrees that during the Term the Consultant will not engage in any conduct which would or might put the interests of the City into conflict with the interests of any other person, whether or not a client of the Consultant’s. Without limiting the general scope of this Section 19.1 and by way of example only, the Consultant is prohibited from and will not provide any services which assist or could be seen to be assisting any person in responding to a request for proposal or invitation to tender, or otherwise giving that person an unfair competitive advantage over other proponents or tenderers responding to a request for proposal or invitation to tender by the City. The Consultant now acknowledges that a breach of this Section 19.1 could constitute not only a breach of this Agreement but also a violation of the Competition Act (Canada) and Criminal Code of Canada, and accordingly, could be punishable as a crime (as well as a breach of contract).

19.2 The Consultant now confirms and warrants that there is no officer, director, shareholder, partner or employee or other person related to the Consultant’s organization (a "person having an interest") or any spouse, business associate, friend or relative of a person having an interest who is:

(a) an elected official or employee of the City; or

(b) related to or has any business or family relationship with an elected official or employee of the City, such that there would be any conflict of interest or any appearance of a conflict of interest in the administration of this Agreement or the performance of the Services.

20.0 NON-RESIDENT WITHHOLDING TAX

20.1 If the Consultant is a non-resident of Canada as defined in Canadian income tax legislation, the City may withhold from all monies payable under this Agreement such amounts as set out in Canadian income tax legislation, unless a Canada Revenue Agency waiver has been provided to the City within the time limit required under the Canada Revenue Agency administrative guidelines as in effect from time to time and, in any event, prior to payment of an invoiced amount.

20.2 The City shall receive full credit under this Agreement for monies withheld as of and from the date of the withholding and no interest will be payable by the City on sums withheld and later paid directly to the Consultant.

20.3 The Consultant shall indemnify the City for any losses, damages or expenses incurred by the City as a result of the Consultant’s failure to properly disclose to the City its non-resident status, as defined in Canadian income tax legislation.

25.0 TIME FOR PERFORMANCE

25.1 Time of the Essence. Time shall be of the essence of this Agreement.

25.2 Unavoidable Delay. Notwithstanding Section 25.1, except for the performance of obligations to pay money, the time periods for the City and the Consultant to perform under this Agreement will be extended for periods of time during which their performance is delayed or prevented due to an Unavoidable Delay. For the purposes of this Section, an “Unavoidable Delay” means any circumstances beyond the reasonable control of the party trying to perform (such as, for example, acts of God, war or other strife or governmental action) but expressly excludes any and all delays caused by the Consultant’s lack of financial resources; the Consultant’s insolvency; strikes, lockouts or other withdrawals of services arising out of any labour dispute involving the City, the Consultant or a Sub-contractor; or governmental action taken in the enforcement of any law specifically against the Consultant or its Sub-Consultants. If an Unavoidable Delay occurs, the non-performing party will, as soon as possible after the occurrence of the Unavoidable Delay, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of its obligations under this Agreement.

26.0 GENERAL

26.1 No Waiver. No action or failure to act by the City shall constitute a waiver of any right or duty under this Agreement, or constitute an approval or acquiescence in any breach hereunder, except as may be specifically agreed in writing by the City.

26.2 Severability. The invalidity, illegality or unenforceability of any portion or provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void portion or provision shall be deemed severed from this Agreement and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void. The Parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken position.

26.3 Remedies Cumulative. The remedies of the Parties provided for in this Agreement are cumulative and are in addition to any remedies available to the Parties at law or in equity. No remedy will be deemed to exclude or restrict the right of a Party to any other remedies against the other Party and a Party may from time to time have recourse to one or more of the remedies specified in this Agreement or at law notwithstanding the termination of this Agreement.
26.4 **Further Assurances.** Each Party shall execute such further and other documents and instruments and do such further and other acts as may be necessary to implement and carry out the provisions and intent of this Agreement.

26.6 **Amendment.** This Agreement shall not be amended except as specifically agreed in writing by both the City and the Consultant.

26.7 **Joint and Several Liability of Joint Venture Participants.** If the Consultant is a joint venture of two or more entities, it is understood and agreed that the grants, covenants, provisos, claims, rights, powers, privileges and liabilities of the entities who comprise the Consultant shall be joint and several.

26.8 **Schedules and Appendices.** The schedules and appendices attached hereto are incorporated by reference in and form an integral part of this Agreement.

26.9 **Set-Off.** The City may at its option, withhold and set-off against any amount owing to the Consultant (whether under this Agreement or otherwise) any amounts payable by the Consultant to the City (whether under this Agreement or otherwise) and the amount of any damages suffered or claims made or to be made by the City as a result of any other claim it may have against the Consultant, whether such claim is at law or in equity or tort or on any other basis.

26.11 **Execution.** This Agreement may be executed in one or more counterparts each of which will constitute an original and together will constitute one and the same Agreement. This Agreement may be executed by the Parties electronically or by facsimile and if so executed and transmitted, this Agreement will be for all purposes as effective as if the Parties had delivered an executed original Agreement.
As evidence of their agreement to be bound by the above contract terms, the City and the Consultant each have executed this Agreement as of the day and year first above written.

(b) a commercial general liability insurance policy with a limit of not less than $2,000,000 per occurrence, and a deductible of not more than $5,000, protecting the Consultant and the Consultant’s personnel against all claims for personal injury, including death and bodily injury, and property damage or loss, arising out of the operations of the Consultant or the actions of the Consultant or the Consultant’s personnel. The policy must contain a cross-liability clause in favour of the City and will name the City and the City’s officials, employees and agents as additional insureds.

A1.2 Required Policy Terms
All required insurance policies must remain in full force and effect at all times until completion of the Services or earlier cancellation of this Agreement, and for a period of not less than two years thereafter, and must:

(a) be obtained from and issued by insurers authorized to carry on business within British Columbia, on terms satisfactory to the City's Director of Risk Management, acting reasonably;

(b) be primary insurance in respect to the City, and any insurance or self-insurance maintained by the City will be in excess of this insurance and will not contribute with such policies; and

(c) contain a provision that such insurance coverage will not be cancelled without the insurer giving the City at least 30 calendar days’ prior written notice,

and, for any property insurance carried by the Consultant, contain a clause that waives the insurer’s right of subrogation against the City and the City’s officials, employees and agents.

A1.3 Insurance Certificate
Prior to signing, and immediately following the signature of, this Agreement, the Consultant shall have provided, or shall provide, the City's Project Manager with evidence of all required insurance to be taken out in the form of one or more certificate(s) of insurance. The certificate(s) of insurance will identify the Agreement title, number, policyholder and scope of work and must not contain any qualifications or disclaimers. Proof of insurance, in the form of such certificate(s) of insurance (or copies of the policy(ies) themselves, if requested), will be made available to the City's Project Manager at any time during the performance of the Services immediately upon request.

A1.4 Sub-Contractors’ Insurance
The Consultant will provide in its agreements with its Sub-contractors insurance clauses in the same form as in this Agreement. Upon request, the Consultant will deposit with the City's Project Manager detailed certificates of insurance for the policies of its Sub-contractors (or...

A1.5  Insurance Requirements Additional to any other Requirements

The Consultant and each of its Sub-contractors will provide, at its own cost, any additional insurance which it is required by law to provide or which it considers necessary.

A1.6  Insurance Requirements Independent of Agreement Obligations

Neither the providing of insurance by the Consultant or the Sub-contractors in accordance with this Agreement, nor the insolvency, bankruptcy or the failure of any insurance company to pay any claim accruing, will be held to relieve the Consultant from any other provisions of this Agreement with respect to liability of the Consultant or otherwise.
