

REQUEST FOR PROPOSALS "RFP" NO. PS20200609
SUPPLY AND DELIVERY OF SUPPLY AND DELIVERY OF 20 YARD SIDE LOADERS
QUESTIONS AND ANSWERS NO.1

ISSUED ON: September18, 2020

Q1	Will you accept a Lubecore automatic greasing system for this tender?
A1	An Auto-Lube system is an optional feature that the city may or may not purchase. The city already has many units with the Groeneveld system so it's strongly preferred. If the proponent is unable to provide this optional feature, the City can install the auto-lube system.
Q2	Regarding Appendix 1 to Part B - 19.06 - does the city have a current or preferred system/supplier to upload the video to the cloud?
A2	Proponents should provide a secure link in their proposal document to upload the video. Do not attach it to your e-mail submission as it will be quarantined and not be received.
