

REQUEST FOR PROPOSAL “RFP” NO. PS20200835
COMMISSIONING AUTHORITY FOR COAL HARBOUR PHASE II

QUESTIONS AND ANSWERS NO. 4

ISSUED ON: November 16, 2020

Q4.1	Clarify the rationale behind requesting references (12 in total) for each of the client, engineer, general contractor and sub contractor representatives. It is our understanding that his RFP is a CxA role where the proponent will be reporting directly to the city (ie the end client) so we are struggling to see the relevance of having to submit all these references.
A4.1	3 references would suffice. See AMD 3 for the correction.
