

REQUEST FOR PROPOSAL “RFP” NO. PS20201220
CONSULTING SERVICES FOR FEASIBILITY STUDY FOR FIREHALL ARTS CENTRE AND
VANCOUVER POLICE MUSEUM

QUESTIONS AND ANSWERS NO. 3

ISSUED ON: DECEMBER 9, 2020

Q1	<i>Is there anticipated interior and/or exterior historical restoration required for either building?</i>
A1	It is anticipated that some level of heritage restoration may be required but those improvements will be determined through the feasibility study. Both facilities are heritage buildings (status defined but Statement of Significance documents) so upgrades associated with a major renovation would need to be coordinated with the City’s Heritage group. At the feasibility level, coordination is expected to be minimal, likely emails and possibly a meeting, but will need to be investigated and costed as part of the high-level schematic design.
