

REQUEST FOR PROPOSAL “RFP No. PS20210169
NEU: LOW-CARBON THERMAL ENERGY SUPPLY FOR NORTHEAST FALSE CREEK

QUESTIONS AND ANSWERS NO. 2

ISSUED ON: August 30, 2021

Q2.1	The Phase 1 pipe installation is to occur between 2022-2024 with the phase 2 pipe phasing to be determined. Question: How much of the total floor area, required capacity and annual demand provided in Table 3: Forecast Energy Requirements relates to the pipe installation for phase 1?
A2.1	Table 3 has been split into two tables, breaking out the numbers between Phase 1 and Phase 2 developments. Please see addendum 1 (ADD 1).
