<b>PART D FORM OF AGREEMENT .....</b>	<b>1</b>
---------------------------------------	----------

**PART A - INFORMATION AND INSTRUCTIONS**

---

**SUMMARY**

The City is expanding its existing electric vehicle fleet charging network and is seeking proponents who are able to supply, deliver, install, operate, and maintain Direct Current Fast Charger (“DCFC”) ports and Level 2 Electric Vehicle (“EV”) charging ports at various locations across Vancouver.

**PART A – INFORMATION AND INSTRUCTIONS**

**1.0 THE RFP**

- 1.1 Except where expressly stated otherwise in Appendix 1 of Part C of the Request for Proposals (“RFP”): (i) no part of the RFP consists of an offer by the city to enter into any contractual relationship; and (ii) no part of the RFP is legally binding on the city.
- 1.2 The City is interested in selecting an entity, which is not, by the terms hereof, barred from submitting a Proposal, and which does submit a Proposal (each such entity, a “**Proponent**”) with the capability and experience to efficiently and cost-effectively meet the objectives and requirements described in the RFP. The City currently expects to select such a Proponent and then enter into negotiations with that Proponent, which will conclude in the execution of a contract between the Proponent and the City (such a contract, an “**Agreement**”). However, the City may: (i) decline to select any Proponent; (ii) decline to enter into any Agreement; (iii) select multiple Proponents for negotiation; or (iv) enter into one or more agreements respecting the subject matter of the RFP with one or more Proponents or other entities at any time. The City may also terminate the RFP at any time.
- 1.3 The City currently intends that Proposals will be evaluated by the City in relation to their overall value, which will be assessed in the City’s sole and absolute discretion. In assessing value, the City expects to consider the factors described in Section 8.0 below, among others.
- 1.4 No bid security is required from Proponents in connection with the submission of Proposals because no Proposal will be deemed to be an irrevocable or otherwise binding legal offer by a Proponent to the City. The legal obligations of a Proponent that will arise upon the submission of its Proposal will be limited to the terms and conditions stated under the heading “Legal Terms & Conditions” in Appendix 1 to the Part C - Form of Proposal.
- 1.5 The execution of an Agreement may be contingent on funding being approved, and the relevant Proposal being approved, by the Vancouver City Council.
- 1.6 The RFP consists of four parts, plus appendices:
- (a) **PART A - INFORMATION AND INSTRUCTIONS:** This part is intended to serve as a guide to the RFP process for Proponents.
  - (b) **PART B - SCOPE OF WORK:** This part describes the subject matter of the RFP, in respect of which the City invites Proposals.
  - (c) **PART C - FORM OF PROPOSAL:** This is the form in which the Proposal should be submitted.
  - (d) **PART D - FORM OF AGREEMENT:** This part contains a model Agreement (the “**Form of Agreement**”). Any Agreement resulting from the RFP is expected to be substantially in the form of the Form of Agreement.

**8.0 EVALUATION OF PROPOSALS**

- 8.1 The City may open or decline to open Proposals in such manner and at such times and places as are determined by the City.
- 8.2 The City currently intends that all Proposals submitted to it in accordance with the RFP will be evaluated by City representatives, using quantitative and qualitative tools and assessments, as appropriate, to determine which Proposal or Proposals offer the overall best value to the City. In so doing, the City expects to examine:

Evaluation Criteria	Evaluation Weighting
Technical	60%
Financial	30%
Sustainability (Environmental and/or Social)	10%
Total	100%

- 8.3 The City will retain complete control over the RFP process at all times until the execution and delivery of an Agreement or Agreements, if any. The City is not legally obligated to review, consider or evaluate Proposals, or any particular Proposal, and need not necessarily review, consider or evaluate Proposals, or any particular Proposal in accordance with the procedures set out in the RFP. The City may continue, interrupt, cease or modify its review, evaluation and negotiation process in respect of any or all Proposals at any time without further explanation or notification to any Proponents.
- 8.4 The City may, at any time prior to signing an Agreement, discuss or negotiate changes to the scope of the RFP with any one or more of the Proponents without having any duty or obligation to advise the other Proponents or to allow the other Proponents to vary their Proposals as a result of such discussions or negotiations.

**PART A - INFORMATION AND INSTRUCTIONS**

---

- 8.5 The City may elect to short-list Proponents and evaluate Proposals in stages. Short-listed Proponents may be asked to provide additional information or details for clarification, including by attending interviews, making presentations, supplying samples, performing demonstrations, furnishing technical data or proposing amendments to the Form of Agreement. The City will be at liberty to negotiate in parallel with one or more short-listed Proponents, or in sequence, or in any combination, and may at any time terminate any or all negotiations.
- 8.6 The City may also require that any proposed subcontractors undergo evaluation by the City.
- 8.7 For the avoidance of doubt, notwithstanding any other provision in the RFP, the City has in its sole discretion, the unfettered right to: (a) accept any Proposal; (b) reject any Proposal; (c) reject all Proposals; (d) accept a Proposal which is not the lowest-price proposal; (e) accept a Proposal that deviates from the requirements or the conditions specified in the RFP; (f) reject a Proposal even if it is the only Proposal received by the City; (g) accept all or any part of a Proposal; (h) split the scope of work between one or more Proponents; and (i) enter into one or more agreements respecting the subject matter of the RFP with any entity or entities at any time. Without limiting the foregoing, the City may reject any Proposal by a Proponent that has a conflict of interest, has engaged in collusion with another Proponent or has otherwise attempted to influence the outcome of the RFP other than through the submission of its Proposal.

**9.0 CITY POLICIES**

- 9.1 The City's Procurement Policy, Ethical Purchasing Policy and related Supplier Code of Conduct found at <http://vancouver.ca/doing-business/selling-to-and-buying-from-the-city.aspx> align the City's approach to procurement with its corporate social, environmental and economic sustainability values and goals. They evidence the City's commitment to maximize benefits to the environment and the community through product and service selection, and to ensure safe and healthy workplaces, where human and civil rights are respected. Each Proponent is expected to adhere to the supplier performance standards set forth in the Supplier Code of Conduct. The Ethical Purchasing Policy shall be referred to in the evaluation of Proposals, to the extent applicable.
- 9.2 The City's Alcohol, Controlled Drugs and Medications Policy applies to all contractors doing work on behalf of the City and can be found at <https://policy.vancouver.ca/ADMIN011.pdf>. The policy is intended to set expectations regarding the use of alcohol, medication and controlled drugs that may render an employee unfit for work, impair performance or cause risk of harm to health and safety. The successful Proponent will be required to ensure compliance with the policy by its employees when doing work for the City.

**10.0 LIVING WAGE EMPLOYER**

- 10.1 Effective May 1, 2017, the City of Vancouver became a "Living Wage Employer". As such, the City requires all firms that are contracted by the City to provide services on City-owned and leased properties to pay employees who perform those services on City property a Living Wage as calculated by the Living Wage for Families Campaign.

Please see the Living Wage for Families Campaign website for the current Living Wage for Vancouver:

[http://www.livingwageforfamilies.ca/living\\_wages\\_in\\_bc\\_and\\_canada](http://www.livingwageforfamilies.ca/living_wages_in_bc_and_canada)

The Living Wage includes the value of any non-mandatory benefits such as paid sick leave, employer-paid Medical Services Plan premiums and extended health benefits.

**PART A - INFORMATION AND INSTRUCTIONS**

---

The Living Wage for Families has created a Living Wage Calculator to assist with the calculation of an employee's hourly rate with benefits. The Living Wage Calculator can be found at the following website:

<http://www.livingwageforfamilies.ca/employers/living-wage-calculator/>

Proponents should refer to the Form of Agreement attached as Part D to this RFP for the specific requirements related to the Living Wage, which include:

- (a) paying the Living Wage to all employees who perform services pursuant to the Agreement on City property during the term of the Agreement; and
- (b) ensuring that all subcontractors pay the Living Wage to their employees who perform services on City property during the term of the Agreement.

Failure to comply with the Living Wage requirement will entitle the City to terminate the Agreement.

**11.0 CERTAIN APPLICABLE LEGISLATION**

- 11.1 Proponents should note that the City of Vancouver is subject to the *Freedom of Information and Protection of Privacy Act* (British Columbia), which imposes significant obligations on the City's consultants or contractors to protect all personal information acquired from the City in the course of providing any service to the City.
- 11.2 Proponents should note that the *Income Tax Act* (Canada) requires that certain payments to non-residents be subject to tax withholding. Proponents are responsible for informing themselves regarding the requirements of the *Income Tax Act* (Canada), including the requirements to qualify for any available exemptions from withholding.

**12.0 LEGAL TERMS AND CONDITIONS**

- 12.1 The legal obligations of a Proponent that will arise upon the submission of its Proposal are stated in this Appendix 1 to the Form of Proposal. Except where expressly stated in these Legal Terms and Conditions: (i) no part of the RFP consists of an offer by the City to enter into any contractual relationship; and (ii) no part of the RFP is legally binding on the City.

**POTENTIAL PROPONENTS MUST REVIEW THESE LEGAL TERMS AND CONDITIONS CAREFULLY BEFORE SUBMITTING A PROPOSAL.**

**PART B - CITY REQUIREMENTS**

---

**PART B – SCOPE OF WORK**

The scope of work stated in this Part B (collectively, the “**Scope of Work**”) is current as of the date hereof, but may change or be refined in the course of the evaluation of Proposals or otherwise.

Unless otherwise stated, if, and wherever, the Scope of Work states a brand name, a make, the name of a manufacturer, a trade name or a vendor catalogue number, it is for the purpose of establishing a grade or quality of materials, goods or equipment only. It is not intended to rule out the use of other equivalent materials, goods or equipment. If, however, products other than those specified are proposed in any Proposal, the Proposal must explicitly include under the heading “Alternative Solutions” the names of such products and their manufacturers, any trade names and any applicable vendor catalogue numbers, and the City may request that the Proponent provide specific evidence of equivalency. Evidence of quality in the form of samples may also be requested.

To the extent that the Scope of Work expresses estimates of quantities or volumes of goods or services expected to be required by the City, the City cannot offer any assurances that such quantities or volumes will in fact be required.

**1.0 INTRODUCTION AND SUMMARY OF REQUIREMENT**

The City is seeking a proponent to supply a solution that will help the City expand its existing electric vehicle fleet charging network. The selected proponent will be required to supply, deliver, install, operate and maintain Direct Current Fast Chargers (DCFC) ports and Level 2 Electric Vehicle (EV) charging ports and potentially other types charging ports at various locations across Vancouver. The selected proponent will be responsible for meeting all of the City’s requirements for the duration of the contract but may sub-contract certain City requirements to other parties in accordance with the terms of the contract.

The City’s immediate need is for up to 69 Level 2 EV charging ports and 2 DCFC ports in 2021 - however, the City may procure additional equipment or different types of equipment as, if, and when needed.

**2.0 BACKGROUND**

In April 2019, Vancouver City Council committed to achieving 50% of kilometres driven on Vancouver’s roads by zero emissions vehicles by 2030, as one of the 6 Big Moves outlined in the Climate Emergency Action Plan. The installation of electric charging stations is a key strategy that aligns with the City’s Climate Emergency Action Plan, to help realize a reduction in the City fleet’s greenhouse gas emissions.

To date, the City has managed the installation of over 75 Level 2 fleet charging stations City-wide, which support the charging requirements of the 125 electric vehicles that are currently in the City’s fleet. These stations operate in a variety of environments, including but not limited to underground parkades, on private property, at works yards, and in parks.

Presently, City staff manage the City’s existing fleet EV charging network, with support from vendors/manufacturers on an as-needed, responsive basis. However, pursuant to this RFP, the selected vendor will be responsible for the ongoing proactive management of all new stations, without prior notification by City staff. The selected vendor will work with City staff to take on management of all new stations to the maximum extent practical; replace a limited number of stations in need of immediate retirement; and, retire and replace additional units as they reach end of life over the contract term. It is therefore important that the selected vendor is able to provide a range of EV charging products, from Level 2 to various Direct Current Fast Chargers (DCFC’s), to meet the varying requirements of different City sites and vehicles.

**PROVISION OF CITY FLEET ELECTRIC VEHICLE CHARGING INFRASTRUCTURE, MAINTENANCE, AND SUPPORT**

**PART B - CITY REQUIREMENTS**

---

Finally, this EV infrastructure supports City fleet delivering core services. It is paramount that the selected vendor is able to provide a robust solution that maximizes uptime and reliability, such that City fleet operators can perform their work without interruption.

### **3.0 SCOPE OF WORK**

The City anticipates that the contract to be entered into with the successful proponent will include the following scope of work:

- a) Supplying, delivering, and installing EV charging equipment and ancillary equipment at selected sites to be determined by the City. Proponent must be able to supply all of the following:
  - o Level 2 (32A)
  - o Level 2 (40A)
  - o DCFC #1 (no minimum VDC, minimum 50 kW)
  - o DCFC #2 (minimum 900 VDC, minimum 50 kW)
  - o DCFC #3 (no minimum VDC, 25 kW output)
  - o DCFC #4 (minimum 900 VDC, 25 kW output)
- b) Provide access to novel EV charging products as they become available on the market.
- c) Active monitoring, operating, and maintaining of all types on installed EV charging equipment to the performance standards set out by the City.
- d) Providing the City with utility consumption, demand, uptime, real-time status information, and other data as referenced in the RFP.
- e) Supplying and installing equipment to replace existing City EV charging stations as existing equipment is retired, on an as, if, and when needed basis.
- f) Being solely responsible to the City for meeting the City's requirements - either directly or indirectly through sub-contracting certain requirements to sub-contractors.
- g) Being responsible for the disposal and recycling of retired equipment.

The contract scope of work may differ slightly depending on the service delivery model proposed.

The sites that have preliminarily been identified for charging stations for 2021/22 are as follows:

Site	Number of Chargers	
	Level 2	DCFC
701 National Avenue	16	2
236 E Cordova Street	6	-
2120 Cambie Street	6	-
3585 Graveley Street	33	-
814 Richards Street	8	
<b>Total</b>	<b>69</b>	<b>2</b>

### **4.0 SERVICE LEVEL AGREEMENT – KEY PERFORMANCE INDICATORS**

The City requires that the following key performance indicators be met:

- Annual uptime of 98% or better on a per-station basis based on a 24 hours, 7 days a week and 365 days a year, and reported quarterly.

**PART B - CITY REQUIREMENTS**

---

- Delivery of equipment for new installations within 45 business days of receiving a purchase order from the City.
- Replacement of damaged equipment small parts, such as cables and connectors, within 3 business days of notification by the public or the City.
- Replacement from major damage, such as electrical service connections or total station loss, within 30 days of notification by the City.
- Response time within 4 hours or EOD, whichever is less, for any charger issues raised by City staff (via phone or email).

### **INTELLECTUAL PROPERTY**

#### **14.1 Assignment**

The Supplier acknowledges and agrees that the City is the exclusive owner of all right, title, and interests in and to the Documentation, including, without limitation, all Intellectual Property Rights therein. The Supplier shall assign and hereby assigns to the City all right, title, and interests in and to the Documentation, including, without limitation, all existing and future Intellectual Property Rights in and to the Documentation, effective upon their creation to the fullest extent permitted by Law. Such licence shall include the right to sub licence to any third party without restriction.

#### **14.2 Further Assistance**

If and to the extent that any of the right, title, and interest in and to the Documentation, including, without limitation, all Intellectual Property Rights therein, is not assigned automatically or immediately to the City under Section 14.1, the Supplier undertakes, at the expense of the City and at any time either during or after this Agreement upon request from the City (notwithstanding that the City may do so in its own name and at its own cost), to execute all documents, make all applications, give all assistance and do all acts and things as may, in the reasonable opinion of the City, be necessary or desirable to vest all right, title, and interest in and to the Documentation, including, without limitation, all Intellectual Property Rights therein, in the City and to register them in, the name of the City and otherwise to protect and maintain such right, title, and interest. The Supplier further agrees to cooperate fully with the City both during and after the termination of this Agreement, with respect to signing further documents and doing such acts and other things reasonably requested by the City to confirm the transfer of ownership of the Documentation or to obtain or enforce patent, copyright,

trade secret, or other protection for the Documentation. The Supplier shall not receive any consideration or royalties in respect of such transfer of ownership, beyond the fees, provided that the expense of obtaining or enforcing intellectual property protection shall be borne by the City.

#### **14.3 Supplier Undertakings and Representations and Warranties**

- (a) The Supplier undertakes:
  - (i) to notify the City in writing of the full details of Documentation promptly upon its creation;
  - (ii) whenever requested to do so by the City and in any event on the termination of this Agreement (as provided for in ARTICLE 12), promptly to deliver to the City all correspondence, documents, papers and records on all media (and all copies or abstracts of them), recording or relating to any parts of the Documentation which are in its possession, custody or power;
  - (iii) that the Supplier shall not, either during the term of this Agreement or thereafter, directly or indirectly, contest, or assist any third party to contest, the City's ownership of the Documentation or of any Intellectual Property Rights related thereto, and
  - (iv) not to register nor attempt to register any Intellectual Property Rights in the Documentation unless requested to do so by the City.
- (b) The Supplier represents and warrants to the City that:
  - (i) it has not given and shall not give permission to any Subcontractor or third party to use any of the Documentation, nor any of the Intellectual Property Rights in the Documentation, other than as provided for in this Agreement or otherwise in accordance with the instructions of the City;
  - (ii) it has not given, and shall not give, to the City, nor shall it use in the provision of the Supply, any confidential material or documents of any former client or customer of the Supplier or of any other third party, unless the Supplier has received prior written authorization to do so from the City and from the owner of the confidential material or documents;
  - (iii) it has the absolute right to make the assignments of the right, title, and interest in and to the Documentation contemplated in this Agreement and to grant the rights granted under this Agreement;
  - (iv) it is unaware of any use by any third party or any unauthorized use by a Subcontractor of any of the Documentation or any Intellectual Property Rights in the Documentation; and
  - (v) the use of the Documentation or the Intellectual Property Rights in the Documentation by the City shall not, to the knowledge of the Supplier, infringe any Intellectual Property Rights of any third party.

#### **14.4 Background Intellectual Property**

Notwithstanding and superseding anything to the contrary in this ARTICLE 14, each Party retains title to all Intellectual Property Rights owned or possessed by it or any of its affiliates prior to or independent of performance of this Agreement and used by it in fulfilling its obligations under this

Agreement, as well as any modifications or improvements made thereto in the course of performing this Agreement (“**Background IP**”). To the extent that one Party acquires any right, title, or interest in and to any aspect of the modifications or improvements to the Background IP of the other Party, such first Party shall assign such right, title, and interest to the second Party, immediately following such acquisition. If any of the Supplier’s Background IP is included in or required to use the Documentation provided by the Supplier to the City, the Supplier hereby grants to the City an irrevocable, perpetual, fully paid-up, royalty-free, worldwide, transferable and non-exclusive licence (including the right to sub-licence only to members of the City’s Group) to, itself and through contractors and agents, use, copy, amend, reproduce, modify, create derivative works of, use, commercialize, and otherwise exploit the Supplier’s Background IP but only to the extent required to use such Documentation for the purpose (or any reasonably inferred purpose) for which it has been provided or for the provision of the Supply under this Agreement (excluding any software source code).

#### **14.5 Supplier Employees’ and Subcontractors’ Rights**

The Supplier:

- (a) warrants that the Supplier’s employees, Subcontractors and agents have waived or shall have waived in whole all moral rights (including, without limitation, any similar rights allowing the rights holder to restrain or claim damages for any distortion, mutilation, or other modification of works or any part thereof, and to restrain use or reproduction of works in any manner) they may have in the Documentation;
- (b) indemnifies the City, its officers, agents, contractors and employees against any liability, cost, loss or damage (including legal costs on a solicitor-client basis) suffered or incurred that arises under any breach of the warranty contained in Section 14.5(a); and
- (c) must do all things requested by the City, including signing or procuring the signature of particular forms, to give full effect to Section 14.5(a).

#### **15.2 No Promotion**

The Supplier shall not, and shall ensure that its Subcontractors shall not, disclose or promote any relationship with the City, including by means of any oral declarations, announcements, sales literature, letters, client lists, press releases, brochures or other written materials, without, in each case, the express prior written consent of the City. The Supplier shall not use the City’s logo or any of the City’s official marks without the express prior written consent of the City.

### 15.3 Confidentiality Obligations

Each Party shall keep the Confidential Information of the other Party confidential and each Party shall not use such Confidential Information except for the purpose of exercising or performing its rights and obligations under this Agreement or where, in the case of the City, otherwise necessary to pursue the public business of the City (a “**Permitted Purpose**”), or disclose the Confidential Information in whole or in part to any third party, except as expressly permitted by this ARTICLE 15.

### 15.4 Disclosure to Representatives

A Party may disclose the other Party’s Confidential Information to those of its Representatives who need to know such Confidential Information for the Permitted Purpose, provided that it informs such Representatives of the confidential nature of the Confidential Information prior to disclosure, and at all times it is responsible for such Representatives’ compliance with the confidentiality obligations set out in this ARTICLE 15.

### 15.5 Disclosures Required by Law

A Party may disclose Confidential Information to the extent required by any applicable Laws or by any Competent Authority provided that, where legally permitted, it notifies the other Party before doing so, gives the other Party a reasonable opportunity to take any steps that the Party considers necessary to protect the confidentiality of that information, and notifies the third person that the information is Confidential Information. In any event, a Party shall furnish only that portion of the Confidential Information which it is legally required to disclose and shall use its reasonable endeavours to obtain a protective order or other reliable assurance that the Confidential Information shall be accorded confidential treatment.

### 15.6 Other Disclosures by the City

The City’s obligations under this ARTICLE 15 are wholly subject to and qualified by, the applicable provisions of the *Freedom of Information and Protection of Privacy Act* (British Columbia) and, notwithstanding any other provision of this ARTICLE 15, the City may disclose Confidential Information in any manner compliant with such statute or otherwise in furtherance of its public role or duties, including in the course of publicly reporting to the Vancouver City Council.

- (a) Notwithstanding anything in this ARTICLE 15 to the contrary, nothing in this ARTICLE 15 shall affect the Parties’ rights and obligations under ARTICLE 14.
- (b) The Parties acknowledge that a breach of any of the obligations or provisions contained in this ARTICLE 15 could cause the other Party to suffer loss which may not be adequately compensated for by damages and that the other Party may, in addition to any other remedy or relief, enforce the performance of this Agreement by injunction or specific performance upon application to a court of competent jurisdiction without proof of actual or special damage and notwithstanding that in any particular case damages may be readily quantifiable, and such breaching Party must not plead sufficiency of damages as a defence in the proceeding for such injunctive relief.
