

REQUEST FOR PROPOSAL “RFP”
PS20210407 - ASPHALT MILLING SERVICES

QUESTIONS AND ANSWERS NO. 1

ISSUED ON: January 19, 2022

Q1	The City of Vancouver will supply all mechanical sweepers as required by the work? Item 3 is a price for a bobcat sweeper and operator and Item 11 is for a minimum call out for that bobcat sweeper and operator?
A1	No. As we have no guarantee of a City sweeper being available during the milling operation as the sweeper is provided through our Sanitation Dept. with limited availability. We ask the Milling service to provide their sweeper, as they have a sweeper with a mechanical lift to dump straight in to the tandems saving off time from the site.
Q2	Personnel Premium Items 6,7,8 should reflect a combined hourly premium for the entire milling crew?
A2	Yes, the bobcat & operator are combined and yes to 6,7,8.
Q3	The minimum call-out charges 9,10,11 are for crew and equipment only; mobilizations will be paid under items 4 & 5 respectively?
A3	Yes, respectively.
