CONSULTING SERVICES FOR MOVING TOWARDS ZERO HACKATHON
QUESTIONS AND ANSWERS NO. 2

ISSUED ON JUNE 21, 2019

Q1	Can the City advise the amount of additional funding desired to be raised from sponsors?
A1	The City does not have a specific value in mind as we are primarily interested in engaging the public and developing new expertise and relationships. We are seeking to offset as much of the expenses with sponsorship arrangement, whether through cash or in-kind arrangements (prizing, gifts, keynote speaker time including travel and accommodation). We would also use additional capital sponsorship to select a different venue if available.
