PROCESSING AND MARKETING OF SCRAP METAL
QUESTIONS AND ANSWERS NO. 1

ISSUED ON: January 08, 2021

Q1	We were just dealing with our AMM rep and they notified us the Seattle/Portland Export Yard index has been discontinued and will no longer be used as a market indicator. Is there another market indicator that you would like us to use for the RFQ?
A1	Please use AMM indicator defined on the RFQ for your submission. The City will decide a proper market indicator with all proponents once the RFQ has been closed.
