Re: MITSUBISHI FUSO eCANTER LEASE

Notice is hereby given by the City of Vancouver ("City") of its intent to contract with Mitsubishi Trucks of America for the lease of an additional four (4) Fuso eCanter Electric Class 4 Trucks. The vehicles in question are manufactured by Mitsubishi Trucks of America and supplied/serviced by Western Star & Sterling Trucks of Vancouver Inc.

Class 4 trucks are used by the City for a variety of applications including cube vans, flat decks and other work truck applications where a fully electric truck option would be viable and appealing to the City's Greenest City 2020 goals. The ability to charge the Fuso eCanter through the use of existing Level 2 charging infrastructure will allow the City to easily and inexpensively utilize these trucks during the two year lease program.

The contract is valued at approximately \$125,000 for Two (2) Years
