

## NOTICE OF INTENT TO CONTRACT

PS20180526

Issue Date: Friday, March 9, 2018  
Closing Time: 3:00pm, Friday, March 23, 2018

### Re: Mobile Pump-out Service Pilot Extension

Notice is hereby given by the City of Vancouver ("City") of its intent to contract with Skookum Yacht Services Inc. to provide and operate a mobile pump-out service pilot extension for the 2018 boating season.

#### **Description:**

The purpose of this NOITC is to advise that the City intends to award a sole source contract to Skookum Yacht Services Inc. in order to complete the pilot project that was begun in August 2017. This pilot extension was endorsed by Council on consent at their meeting on February 21, 2018.

The primary scope of work will be to provide and operate a mobile service to pump out the black water holding tanks of recreational, live-aboard, and other vessels in False Creek. The contractor will also implement measures to encourage use of the service, maintain accurate records of pump-outs performed, and provide a final report to the City that includes usage metrics and learnings over the course of the entire service period.

The pilot extension is expected to run for approximately four months, from May 18, 2018 until September 18, 2018. The value of this contract is estimated at roughly \$75,000.

Anyone wishing to request more information and/or has questions or concerns to this regard is asked to contact Wen Shi, Supply Management by email to [wen.shi@vancouver.ca](mailto:wen.shi@vancouver.ca).
