

**NOTICE OF INTENT TO CONTRACT  
PS20201193**

Issue Date: **Wednesday, October 7 2020**

Closing Date: **Monday, October 19, 2020**

**Re: Supply of Parts, Repair and Maintenance of Custom FSM FilterScreen**

Notice is hereby given by the City of Vancouver ("City") of its intent to contract with Advance Industries Inc. ("Advance") for **Supply of Parts, Repair and Maintenance of Custom FSM Filterscreen** at Neighborhood Energy Utility, False Creek Energy Centre. The initial contract is for three (3) years with an option to renew for another two (2) successive one-year period at the option of the City.

The Neighborhood Energy Utility (NEU) utilizes a "travelling screen" which removes solid particles greater than 2mm from raw sewage. The screen is located in a confined space wet well in a below grade pit. The requirement is annual maintenance in accordance with manufacturer's guidelines and repairs.

The City worked with **Advance** in previous years as they are experienced in troubleshooting, rebuilding and repairing this type of screen. The screen is a critical piece of equipment and needs to be returned to service as soon as possible and so the City prefers to work with vendor that is based locally in B.C. Lower Mainland.

The maintenance, repair, and supply of parts are valued at approximately **\$25,000.00**.

Anyone wishing to request more information and/or has questions or concerns with regards to this NOITC may contact Megs Gatus, Buyer, by email to [magdalena.gatus@vancouver.ca](mailto:magdalena.gatus@vancouver.ca).

Closing date and time: **3pm, Monday, October 19, 2020.**
