

**NOTICE OF INTENT TO CONTRACT  
PS20220077**

Issue Date: January 17, 2022  
Closing Date: January 31, 2022

**Re: METHANE MONITORING SERVICES AT ANDY LIVINGSTON PARK**

Notice is hereby given by the City of Vancouver (“City”) of its intent to contract with Golder for the services of proving methane monitoring at Andy Livingston Park. These services include but are not limited to the following:

- 1) Monthly qualitative monitoring of methane concentrations;
- 2) Quarterly qualitative monitoring of the methane system and calibrating of the methane sensors in the sites field house;
- 3) Physical inspection of the system after heavy precipitation to ensure the sites blower vault that can potentially cause the monitoring system to malfunction.

Golder is uniquely qualified to provide these services for the following:

- The current monitoring system was designed by Golder
- Knowledge and experience of the site for over twenty years
- Dedicated staff resources for continuity of site and system knowledge

The initial term of these services is for three-years with two optional three-year extensions.

The contract is valued at approximately \$55,000.00 for the initial term of the agreement.

Anyone wishing to request more information and/or has any questions with regard to this NOITC may contact Dino Goundouvas by email to [dino.goundouvas@vancouver.ca](mailto:dino.goundouvas@vancouver.ca) prior to the closing date and time listed below.

Closing date and time: 3pm, January 31, 2022
